

Course of Coaches
According to the FEI Coach Education Programme
Level 1 Coaching Course of Coaches

Lima (PER): 24 – 28 April 2023

FEI Tutor: Jaime MORILLO (ECU)

The PER NF organized the Course for Level Trainers, from April 24 to 28, 2023, at the "Club Hipico Militar" in La Molina, Lima.

These facilities were the venue for the Lima 2019 Pan American Games and are in excellent condition for the development of equestrian sport in general.

The tutor for the course was Mrs. Jaime Morillo, with extensive experience as a tutor for different courses.

The Federation worked closely with Mr. Morillo in preparing the course, which turned out to be a very successful collaboration with a total of 14 coaches attending the course. The subjects taught by the Tutor during the days planned for the instruction were developed in a very didactic way, which allowed a total understanding on the part of the attendees.

The practices were facilitated by having the demonstrators and the necessary livestock so that each coach could correctly apply the general guidelines that the tutor taught in the theoretical part. The general feedback for this first course was very positive, however in general they expressed that 4 days were too short to cover all the course material in sufficient detail. The trainers made very

positive comments regarding the course and having a tutor with the experience and knowledge of Mr. Morillo.

PER NF will develop a new coaching 1 course in August 2023, given that during the Intro coaching developed in March 2023, 28 coaches were trained, of which only 14 could be trained in this first coaching 1. On the other hand, within the educational program, it will request authorization to carry out other courses that allow having trainers with the necessary skills and abilities for a better development of equestrian sport.
