

## **Courses for National Coaches According to the FEI Coach Education Programme Level two Course for Coaches (Olympic)**

**Muscat (OMA): 11-16 Nov 2022**  
FEI Tutor: Cedric Triolet

The Oman Equestrian Federation hosted the first level two coaching course in show jumping and dressage in Muscat at Al Rahba Farm.

The Tutor of the course was committed and he follow the FEI system, which was very useful to our coaches rather practical or theory. The Oman Equestrian Federation worked closely with the tutor to make sure all the needs are covered for the eight participants.

The general feedback for the level two course was positive but some of the coaches was struggling with the language and to prepare the session planners because the lack of practice since they passed the level one course, but at the end of the course with the tutor push they were performing better.

Coaches were very commented and they show their interest on the curriculum of the FEI system.

The Oman Equestrian Federation is hoping to be able to develop the coached and the riders skills to perform better in the national and international shows in future and to prepare the new generation of riders by the use of the knowledge coaches.

Dr. Yousuf Al Wahaibi  
Executive Director  
Oman Equestrian Federation
