

FEI DRESSAGE WORLD CUP™ RULES SEASON 2019-2020

Approved date 17.11.2018

PREAMBLE

These rules set forth the detailed rules of the FEI Dressage World Cup™, which are to read in conjunction with the pertinent Statutes, General Regulations, Rules for Dressage Events and Veterinary Regulations. It is acknowledged that every eventuality cannot be provided for in these Rules and in any unforeseen or exceptional circumstances it is the duty of those responsible to make a decision in a sporting spirit and approaching as nearly as possible the intention of these Rules and of the General Regulations. The FEI may therefore make exceptions to the rules, taking fairness and development of the sport into account.

Art. 1 - PRINCIPLES AND GENERAL

1. The FEI Dressage World Cup™ is a series of competitions at Grand Prix level, comprising a number of qualifying events and a Final. The FEI Dressage Rules apply, except where stated differently in these rules. Moreover these rules must be read in conjunction with the FEI valid Statutes, General Regulations and Veterinary Regulations.
2. The FEI has established four Leagues, i.e. the Western European League, the Central European League, the North American League, and the Pacific League (Australia and New Zealand). Further Leagues may be established.
3. Specific Qualification Procedures and Guidelines for the North American League and the Pacific League must be approved separately by the FEI Dressage Committee. Any changes regarding League Qualification Procedure and guidelines have to be approved by FEI HQ the year before they are to become effective (deadline for submission to the FEI: end March).

4. Although Central Europe, North America, Australia/New Zealand have their own independent Leagues, athletes from these Leagues and from countries not belonging to any League may also qualify in the Western European League. The NF concerned will have to inform the FEI HQ, in writing before the start of the season, which athletes wish to qualify in Western Europe. In that case they will be treated like the Western European competitors. However, athletes from non-Western European Leagues qualifying in Western Europe cannot take away places in the Final from Western European athletes, and will compete in the Final as additional athletes.

It will be the responsibility of the relevant NF to determine which three athletes to send to the Final in the event of more than three athletes qualifying from any one NF as a result of participation in other Leagues.

5. If an athlete changes nationality during a FEI Dressage World Cup™ season, he/she must continue to qualify under the system in which he/she has started the season subject to Article 1.4 above. The FEI reserves the right to judge each case individually.

6. Athletes from non-Western European Leagues may also earn points by participating in Western European FEI Dressage World Cup™ events as extra invited athletes but cannot take starting places from WEL athletes and transferring them to their own League. These points from a maximum of **3** Western European events may count in their own League.

6.1. Athletes from the Western European League taking part in CDI-Ws in any other League as extra athletes, may also obtain points for their own League. However, except at one event where they may gain 100% of the points, Western European athletes will receive 50% of the points as mentioned under Art. 3.1 from a second CDI-W (maximum of two events) (in case of participation at several events, the event where the best result was achieved will count 100%). Fractions of 0.5 or more are rounded up.

Athletes from the Central European, North American or Pacific Leagues taking part in CDI-Ws in the Western European League as extra athletes may earn full points for their own League a maximum of two (2) times. Taking part in any other League as extra athletes, they may earn full points once, and 50% of the points from a second CDI-W (maximum of two events in total).

6.2. An athlete can no longer earn points in another league, after the date of the last scheduled competition of his own leagues approved in the FEI Calendar by the statutory deadline.

7. The number of FEI Dressage World Cup™ qualifying events in Western Europe and Central Europe will be annually decided by the FEI, The number of FEI Dressage World Cup™ events in the other Leagues will be proposed yearly by the respective NFs for approval by FEI HQ.

8. Organising Committees must apply for a CDI-W through their respective National Federation to the FEI according to the established application procedures.

9. In any League, an athlete/horse combination may only start in six qualifying events. The four best results obtained in the qualifying events will count in the WEL, CEL and PAL, while the three best results will count in NAL. In order to qualify for the Final or a League Final an athlete horse/combination must have started and completed at least two times in the Grand Prix Freestyle to Music at a CDI-W. (CDI3/4/5*/CDIOs for athletes belonging to a NF outside established Leagues.)

10. At any event, the Grand Prix Test serves as the qualifying test to the Grand Prix Freestyle to Music, which is the competition in which FEI Dressage World Cup™ points can be earned.

11. For the Grand Prix Freestyle to Music test, article 430 of the Dressage Rules applies.

12. In case of date clashes, CDI-W qualifiers will prevail over CDI4*s and above in the same league. No CDI5* or above is allowed on the same dates as the FEI Dressage World Cup™ Final.

Art. 2 - THE FEI WORLD CUP™ COMMITTEE DRESSAGE

1. FEI Dressage World Cup™ matters are decided by the FEI HQ upon recommendation of the FEI Dressage Committee.

2. Failure to start in the Grand Prix Freestyle to Music for reasons other than illness of athlete or horse (in which case the move-up system applies) would mean that the athlete loses his/her Grand Prix classification and FEI Dressage World Ranking List points for the Grand Prix.

3. Reference is made to GR Art. 116.2.2.3 (ii) "Definite Entries", whereby any NF or athlete, after accepting an invitation in writing and failing to compete without good reason, must be reported by the OC and the Foreign Judge to the Secretary General of the FEI for the attention of the FEI Legal Department/FEI Tribunal.

The best result of the two horses will be counted in the FEI Dressage World Cup™ Standing. In a League Final, an athlete may start with a maximum of two horses in the qualifying Grand Prix. He/she may, however, only opt to qualify with one horse for the Grand Prix Freestyle to Music. A declaration as to the choice of his horse must be made prior to entering the Grand Prix.
