² Updated to align with the change to Art. 208.3 of the FEI Jumping Rules as approved by the FEI General Assembly 2022.

ARTICLE 310 SECOND COMPETITION (TEAM FINAL COMPETITION, SECOND INDIVIDUAL)

1. Conduct, Table, Speed

The second Competition is conducted over two rounds run over two days under Table A not against the clock, at a speed of 400 m per minute, with a jump-off against the clock in case of teams tied on Penalties for first place following the first and second Competitions. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute. The course of each round must be different.

2. Obstacles, Length of the Course (First and Second Rounds)

Twelve to 14 obstacles, including one double and one treble or three doubles. Height 1.65 m maximum with a spread in proportion not exceeding 2.00 m (2.20 m for the triple bar). Sloping walls do not count as compulsory vertical obstacles. At least six other obstacles of at least 1.50 m in height. Water Jump (compulsory in the first round of the second Competition, optional in the second round): 4.00 m including the take-off element.

Length: 500 m minimum, 700 m maximum.

3. Participation

3.1 First Round

Only the Athletes and Horses, which have taken part in the first Competition, may start in the second Competition.

3.2 Second Round

3.2.1 The second round is open only to the 10 best teams after the first round and those teams with equality of Penalties for 10th place and the 60 best placed Athletes (plus those tied for 60th place) according to their classification following the first Competition and the first round of the second Competition. Teams that withdraw before the start of the second round will not be replaced.

3.2.2 Members of teams who do not find themselves among the top 60 Athletes following the first Competition and the first round of the second Competition may take part in the second round only for the purpose of having their score count for the team classification.

3.2.3 Team Athletes who are among the 60 best placed Athletes following the first Competition and the first round of the second Competition, but whose team is not qualified for the second round, are permitted to take part in the second round as individuals.

4. Starting order

4.1 First Round

The starting order in the first round of the second Competition will be determined by a new draw in accordance with the same procedure as provided for the first Competition.

4.2 Second Round

4.2.1 The individuals among the 60 best placed Athletes (plus those tied for 60th place) following the first Competition and the first round of the second Competition will compete in the second round before the 10 best placed teams and those with equality of Penalties for the 10th place begin their second round. For the avoidance of doubt, team Athletes who are among the aforementioned 60 best placed Athletes, but whose team is not qualified for the second round, will compete as individuals in the second round (refer to Art. 310.3.2.3). There must be an interval of at least 30 minutes between the second round for individuals and the second round for the teams.

The starting order for those qualified to participate as individuals in the second round is according to the reverse order of total Penalties incurred in the first Competition and the first round of the second Competition. In case of Athletes with equality of Penalties, the Score (time) of the first Competition will decide their starting order.

4.2.2 The starting order of the 10 best placed teams and those teams with equality of Penalties for 10th place in the second round is according to the reverse order of the total Penalties of the best three Athletes per team incurred in the first Competition and of the best three Athletes per team in the first round of the second Competition. In case of equality of total Penalties teams retain the same starting order as in the first round.

ARTICLE 311 TEAM PLACING

Teams which participate in the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. The team which has obtained the least number of Penalties will be placed first and declared World Team Champion.

In the event of equality of Penalties between teams for first place, there will be a jump-off against the clock in which all team Athletes may take part, at a speed of 400 m per minute over at least six obstacles, which may be increased in height and/or spread. At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute. Teams on equality of penalties for any other placing will be placed according

to the combined times of their three best Athletes in the second round of the second Competition, the team with the faster time being placed ahead of the team with the slower time.

The Score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in this jump-off added together will decide the winning team. The score of this jump-off is only to determine the placing of the teams and will not count towards the final Scores of the individual Athletes.

If after the jump-off there are teams with equality of Penalties and time, the teams concerned will be placed equal.

Teams not taking part in the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the second Competition. Teams on equality of Penalties will be placed equal.

In addition to the team classification there will be an individual classification with prizes for the second Competition.

ARTICLE 312 REST DAY

A rest day must be scheduled between the second and third Competitions.

ARTICLE 313 THIRD COMPETITION (INDIVIDUAL FINAL COMPETITION)

1. Conduct, Table, Speed

The third Competition is conducted under Table A not against the clock over two different successive rounds at a speed of 400 m per minute, without a jump-off in the event of equality of Penalties for first place in the classification of the Competition; in the event of equality of Penalties for first place in the overall classification for the Championship, there will be one jump-off against the clock (see Art. 314.2). At the discretion of the Technical Delegate, depending on the size of the arena, the speed may be reduced to 375 m per minute.

2. Obstacles, Length of the courses

Round A and Round B are approximately equal in the number of obstacles and the length of the course, Round B having an increased level of difficulty.

2.1. Round A

Eleven to thirteen obstacles, including one double and one treble or three doubles. Height 1.65 m maximum with a spread in proportion, not exceeding 2.00 m (2.20 m for the triple bar). A maximum of two spread obstacles with a width of 1.00 m or less may be used. At least two vertical obstacles which must be minimum 1.60 m in height. Length: 450 m minimum, 600 m maximum.

2.2. Round B

A different course from Round A comprising a maximum of 12 obstacles including two combinations (one double and one treble or two doubles). Height 1.65 m maximum with a spread in proportion not exceeding 2.00 m (2.20 m for the triple bar). A maximum of two spread obstacles with a width of 1.00 m or less may be used. At least two vertical obstacles, which must be minimum 1.60 m in height. Sloping walls do not count as compulsory vertical obstacles.

A water jump may not be included, but an obstacle with water beneath, in front or behind (a so-called "Liverpool") may be included in the course.

Length: 400 m minimum, 550 m maximum.

3. Participation

Round A of the third Competition is compulsory for the 25 best placed Athletes and Horses (including those placed equal for 25th place) according to the cumulative Penalties over the first and second Competitions.

Athletes must have taken part in the first Competition (completed or not) and have completed both rounds of the second Competition (without having been eliminated or having retired). If, for any reason, one or more of these 25 best placed Athletes are unable to start, they may be replaced by the next best placed Athlete(s) from the reserve list of five Athletes.

Round B

Round B of the third Competition is open to the 12 best placed Athletes and Horses according to the cumulative Penalties over the first and second Competitions and Round A of the third Competition.

In case of Athletes tied on cumulative Penalties for 12th place following Round A, the result in Round A will be the deciding factor. In case of further equality of Penalties, the time of Round A will be used to break the tie.

4. Inspecting the Course Round B

Athletes will be invited to inspect the course for Round B at the conclusion of Round A.

5. Starting order

- 5.1 The starting order for Round A will follow the reverse order of Penalties incurred in the first and second Competitions. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In case of Athletes with equality of Penalties, the Score (time) in the first Competition will decide the starting order, the Athlete with the slower time starting before the Athlete with the faster time.
- 5.2 The starting order for Round B will follow the reverse order of total Penalties incurred in the first and second Competitions and in Round A of the third Competition. The Athlete with the most Penalties will start first, the Athlete with the least Penalties will start last. In case of Athletes with equality of Penalties, the Score (time) of the first Competition will decide the starting order, the Athlete with the slower time starting before the Athlete with the faster time.
6. Classification and Prizes for the Third Competition
- In addition to the overall classification for the Championship (see Art. 314.1), there will be a separate classification, with prizes, for the third Competition. Prizes in kind will be distributed to 25% of starters in the third Competition based on the cumulative Penalties of Rounds A and B. There will be no prize giving ceremony for the classification of the third Competition.

Refer to Articles 314.1 and 315.2 for details on overall classification and prizes for the Individual Championship.

ARTICLE 314 INDIVIDUAL PLACING IN THE CHAMPIONSHIP

1. Athletes receive their overall placing by adding the Penalties incurred in the first, second and third Competitions. The Athlete who has the lowest total Penalties will be declared World Champion.
2. In the event of equality of Penalties for first place in the overall classification there will be a jump-off against the clock over at least six obstacles, which may be increased in height and/or spread. Athletes with equality of Penalties for any other placing will be placed according to their combined times in Rounds A and B of the third Competition, the Athlete with the faster time being placed ahead of the Athlete with the slower time.
3. If after the jump-off there are Athletes with equality of Penalties and time, the Athletes concerned will be placed equal.

ARTICLE 315 PRIZES AND MEDALS

1. Prizes must be awarded for individual placing in each Competition. The allocation of prizes must follow the provisions of the GRs.
2. Prize money must be awarded for the overall individual placing in the Championship, and must be distributed to all Athletes taking part in the Individual Final as follows:
- 25% of the prize money for the overall classification in the Championship will be distributed to the Athletes placed 13th to 25th in the overall individual placing in the Championship following Round A according to the following percentages:

| 15 th - 15% | 18 th - 5.5% | 21 st - 3% | 24 th - 1.5% | |

If fewer than 25 Athletes take part in Round A, the prize money foreseen for the vacant placing(s) added to the prize money foreseen for Athletes placed 1st to 12th in the overall classification following Round A (see below).

- 75% of the prize money for the overall classification in the Championship will be distributed to the Athletes placed 1st to 12th in the overall individual placing in the Championship following Round B. The prize money for the overall classification will be distributed in accordance with the prize money distribution chart 2 (33% to the winner) included in the Schedule. If one or more of the 12 best placed Athletes following Round A withdraws from Round B, they will receive the same amount of prize money as the Athlete placed last in the overall classification following Round A. This amount will be deducted from the prize money foreseen for the 12th place (or e.g. for 11th and 12th places if two Athletes have withdrawn) and the balance will be redistributed equally among the Athletes taking part in Round B. If fewer than 25 Athletes take part in Round A, the prize money foreseen for the vacant placing(s) will be added to the prize money foreseen for the Athletes placed 1st to 12th in the overall classification following Round A and will be equally redistributed to the Athletes taking part in Round B.

Teams – Round 1:

Following the first Individual Competition, teams are divided into two groups based on the results of the best three Athletes in each team. The first group of teams to start in the first round of the Team Competition is that with teams placed eleventh and beyond. Teams which participate in the second round of the second Competition receive their placing by adding the Penalties incurred by the best three Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in each of the two rounds of the second Competition. In case of equality of Penalties for any other placing, teams will be placed equal.

The score in this jump-off is obtained by adding the Penalties incurred by the three best Athletes in each team, but in the event of further equality of Penalties, the times of these three Athletes in the jump-off added together will decide the winning team as well as those placed second or third. The score of this jump-off is only to determine the placing of the teams and will not count towards the final scores of the individual Athletes.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and the second place.

If after the jump-off there is equality of Penalties and time for one of the first three places, the teams concerned will be placed equal.

Teams not taking part in the second round of the second Competition receive their placing by adding the Penalties incurred by the three best Athletes in each team in the first Competition and the Penalties incurred by the three best Athletes in the first round of the team Competition.

2.2.2 Starting order

If more than one jump-off is required to determine medal placing, the jump-off for the third place will take place before the jump-off for the first and second place. In case of equality of penalties and time for any medal placing after the first jump-off, there is a second jump-off over the same course. In case of equality of penalties and time after the second jump-off, the Athletes concerned are placed equal.
