

FEI Courses for Coaches According to the FEI Coaching System Level 1 Course for Coaches

Location (BAR): June 27-30 2016
FEI Tutor: Cedric Triolet (FRA)

Barbados held our second FEI Level 1 Course for coaches. When we enquired of our members there was quite a bit of demand for the Level 1 and we also had other NF's who had coaches who were interested

We had two excellent facilities at our disposal for the practical aspects of the course. Big C stables was used for the jumping and Congo Road Equestrian Centre was used for the dressage. We were also able to have great conference facilities for the theory.

The course was intense and the tutor was exacting and very sure to deliver a good course to enhance knowledge and be sure participants were able to coach the required levels once done. The days were quite long and it felt like we could have used one more day but there is always so much to learn that I am sure we could fill an entire week easily.

All participants enjoyed and learned a huge amount which will be to the benefit of our sport. The FEI is very thorough and this helped us be fully prepared for the course.

We had very positive feedback from the participants and in fact many asked about the possibility of future courses in Barbados which means they enjoyed it and it was a success! It is my hope that we can host a level 2 next year but this would be contingent on the horses available and the funding.
