

**Courses for Coaches  
According to the FEI Coach Education Programme  
Level 1 Course for Coaches**

**Quito (ECU): 19-23 March 2024  
FEI Tutor: Jaime Morillo (ECU)**

The Ecuadorian Federation of Equestrian Sports carried out with great enthusiasm the Level 1 Coaches Course. This course was held from March 19 to 23, 2024 at the Quito Tennis and Golf Club.

This important course was led by FEI Tutor Jaime Morillo (ECU), in which 10 outstanding coaches participated, the same ones who have been working in this field for several years. It is very important to mention the experience and professionalism of our Ecuadorian tutor, who was an important contribution to the organization and success of the course.

The students of this first level were very happy and interested in learning since the instructor was very explicit and with enough knowledge so that the teaching flowed and was easily understood.

The general response to this first course was extremely positive, the 5 days of the course were adequate for the beginning of this education program that will greatly benefit our riders, whether they are children, young people and adults.

We will carry out the Level 2 Course for August 2024 and I hope we have the same success.
