Medication Logbook

The Medication Logbook serves as a record of each and every treatment, medication and supplement given to the horse during and outside of competition.

The Medication Logbook must be fully filled in for each substance. It must remain with the horse at all times.

The Medication Logbook may be requested by the FEI in the investigation of any EADCMR violation. Failure to produce it may result in an adverse inference being drawn.

Equine Prohibited Substances List

The Equine Prohibited Substances List is published on the FEI website and further guidance regarding Prohibited Substances and Prohibited Methods can be found on the FEI Clean Sport website.

A training course concerning Prohibited Substances is available to all members of the equestrian community on FEI Campus.

Date & time of administration	Amount given	Substance	Product name & batch number	Route of administration (e.g. i.m, oral)	Place	Name & role of person who administered substance/product

Date & time of administration	Amount given	Substance	Product name & batch number	Route of administration (e.g. i.m, oral)	Place	Name & role of person who administered substance/product

Date & time of administration	Amount given	Substance	Product name & batch number	Route of administration (e.g. i.m, oral)	Place	Name & role of person who administered substance/product

Date & time of administration	Amount given	Substance	Product name & batch number	Route of administration (e.g. i.m, oral)	Place	Name & role of person who administered substance/product

Date & time of administration	Amount given	Substance	Product name & batch number	Route of administration (e.g. i.m, oral)	Place	Name & role of person who administered substance/product
