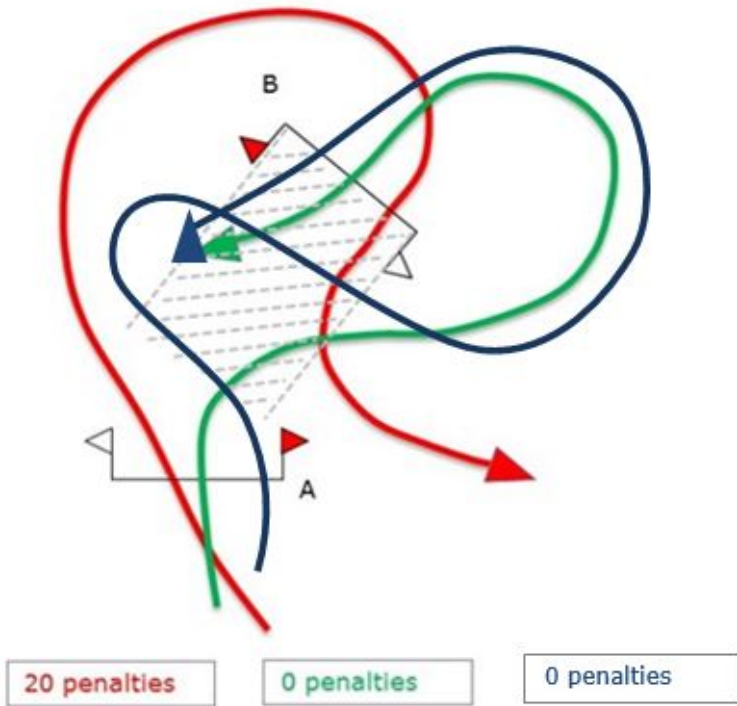

Diagram 27 & 29 - Updated

At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised if it passes around the back of any element or circles between elements.

Red route: 20 penalties because it passes around the back of element B (crosses the entire projection of the back of element B)

Green route: Clear because it avoids passing around the back of element B (avoids to cross the entire projection of the back of element B)

Blue route: Clear because it avoids passing around the back of element B (crosses the entire projection of the back of element B but crosses back to avoid passing around the back of element B)
