The Eventing Rules will be substantively reviewed every four (4) years unless urgent clarifications or modifications are required for risk management purposes.

As of this date, all other texts of the Eventing Rules or amendments to them dated prior to this date are superseded.

Although these Eventing Rules set out the detailed rules of the FEI for international Eventing Competitions, they must be read in conjunction with any other FEI Rules and Regulations, including but not limited to:

FEI Statutes

FEI General Regulations

FEI Dressage Rules

FEI Jumping Rules

FEI Veterinary Regulations

The FEI Jumping and Dressage Rules apply for the Eventing Jumping and Dressage Tests except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping and Dressage Rules during the year will be evaluated for application in Eventing from 1st January the following year.

Every eventuality cannot be provided for in these Eventing Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Eventing Rules and of the General Regulations. Should there remain any omissions in the Eventing Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Eventing Rules, other rules and regulations of the FEI, and sporting spirit.

Terms with a capitalized first letter are defined in the Glossary of the Eventing Rules, in the General Regulations, in the Statutes or in other Rules of the FEI.

THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of their Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.

Chapter 1 GENERAL

500 Introduction

500.1 Definition

An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

500.2. Responsibility

500.2.1. Athletes

An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

500.2.2. National Federations

National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

500.2.3. National Safety Officers

All National Federations organising international Eventing Events must appoint an active National Safety Officer (NSO) to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management, including annual data reporting and attendance of the yearly Risk Management Seminar.

500.2.4. Registration

All Athletes and Horses participating in international Competitions must be annually registered with the FEI.

500.2.5. Horses Passport and Microchips

Please refer to General Regulations (GRs), art 137.

Chapter 2 STRUCTURE OF COMPETITIONS

501 Competitions and Series

501.1 International (CIs)

Competitions with an individual classification. Location, date and level of CIs must be approved by the FEI. Special requirements may apply for 4&5 star level Competitions at new venues.

501.2 Official International (CIOs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

Location, date, level and qualifications of CIOs must be approved by the FEI and Eventing Committee. Each National Federation may only organize one Senior CIOs in any calendar year.

501.2.1 Nations Cup

The Nations' Cup (also referred as "NC") is the official international team Competition. Its object is to compare the merit of Athletes and Horses from different NFs and may only be organised on the occasion of a CIO.

"At least three NFs must take part in this Competition for it to be recognised as an FEI Nations Cup™.

If less than five NFs have entered teams for a CCIO, the invitation may be extended to include two teams per NF (including the host team). Before the start of the Event, at the latest at the draw of nations starting order, each NF with two teams must decide which team competes for FEI Nations Cup™ points."

501.3 Championships (CHs)

Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.

Geographical representation, age group of Athletes and Horses, location, date and level are decided by the Board.

In exceptional cases teams at a Continental Championships may be regional and if so the territorial scope must have been previously approved by the Eventing Committee.

Pony, Junior and Young Rider Championships must be organised during the long school holidays. Junior & YR Championships will preferably be organised jointly.

"All Championships must be organised in the long format at all levels. (Exceptions can be considered by the Eventing Committee)."

501.3.1 Minimum Participation

Continental Championships can only be held if at least three National Federations and/or Regional Teams are represented at the first Horse Inspection.

Outside Europe Continental Championships for Young Riders and Juniors may be held with any number of Regional Teams from at least two National Federations.

501.3.2 Individuals in Addition to Teams

At all Championships and Games, the host country will be limited to the same number of Athletes and Horses as the maximum number permitted for the foreign countries.

At least 3 nations must pass the Horse inspection for this event to be recognised as an FEI Championship (minimum 9 athletes). 90 athletes in the Championship event is the maximum.

The number of individual Athletes authorised to take part in addition to each team is:

- a) Seven or more teams entered - two individuals per country
- b) Five or six teams entered - three individuals per country.
- c) Four or less teams entered - four individuals per country.

National Federations will be advised by the Organising Committee at the closing of nominated entries.

501.3.3 Levels of difficulty

The level of difficulty of Championships will be as follows:

- a) Ponies - CCIP2*-L
- b) Young Horses (six year) - CCI2*-L
- c) Young Horses (seven year) - CCI3*-L
- d) Junior - CCI2*-L
- e) Young Riders - CCI3*-L
- f) Continental/Regional Championships and Games will be decided by the Eventing Committee after consultation with the relevant National Federations
A Hybrid format with Dressage and Jumping tests of a higher star level than the Cross country test will be reviewed and approved by the Technical Committee. In this case the MER requirements will be aligned with the Cross country test technical level.
- g) World Championships - please refer to Art. 501.3.4

501.3.4 World Individual and Team Championships

The World Championships are for Seniors.

World Championships can only be held if at least six National Federations are represented.

If the World Championships are conducted separately, the number of Athletes will be in accordance with art. 501.3.2 for Championships.

Participation in World Championships when combined with other disciplines:

- a) Maximum 5 Athletes to take part from one nation.
- b) Maximum of 2 individuals for Nations not represented by a team.
- c) A Team will consist of 3 or 4 Athletes.

Technical Level of World Championships:

- a) 5 star level Dressage and Jumping Test,
- b) Cross-Country Test World CH/Olympic Games level technicality (10min 38-42 efforts)
- c) World CH/Olympic Games to count as 5 star level MER

501.4 Games

501.4.1 Regional and Continental Games

Eventing may be organised at Regional or Continental Multi sport games (e.g. Pan American, Asian, South American, South East Asian, etc.) with an official team and individual classification.

These games are organised by NOC confederations, responsible for general regulations with the exception of the technical aspects. The age group, format and level must be approved by the FEI Eventing Committee.

501.4.2 Olympic Games

Olympic Games are organised by the International Olympic Committee in accordance with the FEI Special Regulations for Olympic Games and current Eventing Rules.

501.5 FEI Eventing Series

FEI Eventing Series can be established further to approval by the Board. (e.g. FEI Eventing World Cup, FEI Eventing Nations Cup, etc.)

For all Series separate Rules for qualification and participation must be approved by the Board.

502 Formats and Levels

Competitions are also defined by their format and level.

502.1 Formats

502.1.1 Definition

Formats define some of the technical aspects of the Competition (duration of the Competition, intensity of the Cross Country Test, order of tests, etc.)

502.1.2 Long Format Competition (CCIs-L)

A Long Format Competition may take place over three or more days. The Dressage Test will be spread over one or more consecutive days, depending on the number of competitors, directly followed on the next day by the Cross Country Test that will be directly followed on the next day by the Jumping Test. When multiple Competitions are running simultaneously a gap day between the Dressage Test and the next Test is permitted, with the approval of the FEI, in order to accommodate the timetable

In the Long Format Competitions the Cross Country course will be of such a length that the Horse is required to be supremely fit and stamina will be required for success.

The Cross Country Test will always take place before the Jumping Test.

502.1.3 Short Format Competition (CCIs-S)

A Short Format Competition may take place over one or more days. The Dressage Test will always take place first and will be followed on the same or following days by the Jumping and Cross Country Test. When multiple Competitions are running simultaneously a gap day between the Dressage Test and the next Test is permitted, with the approval of the FEI, in order to accommodate the timetable

In the Short Format Competition the level of difficulty of the Cross Country course is similar to the Long Format according to the star system, but the course is shorter and the intensity of efforts will be higher.

The Cross Country Test will preferably take place after the Jumping Test.

502.1.4 Unified format Competition (CC1*-Intro)

CC1*-Intro may take place as a Short or Long format as to the order of tests and Horse Inspection requirements.

502.2 Levels of difficulty

The levels indicate the degree of difficulty of the Competition and are defined by a progressive star system ranging from the lower level one star to the higher 5 star.

The Five star level Competitions require the maximum level of training and experience from both Athlete and Horse.

Specifically, but not exclusively, their duties cover planning and supervision of work in all exercise, practice, warm-up, and stable areas, checking of dress and saddlery, assistance with Horse examinations and Inspections, and will be involved in the Medication control of Horses (EADCMR) and for Athletes (ADRHA) if required. They are expected to work closely with the Organising Committee, Athletes, Technical Delegates and other Officials.

Chapter 5 TECHNICAL REQUIREMENTS FOR PARTICIPATION

516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfil the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition.

National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or their nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

- a) Dressage Test: not more than 45 penalty points (or 55%).
- b) Cross Country test:
 - Cross Country Test: A clear round at obstacles (activating a maximum of one frangible device or having a maximum of one missing flag will maintain the MER result on Cross Country)
 - Not more than 75 seconds exceeding the optimum time in the Cross Country Test for, one, two, three and four star level Competitions and 100 seconds in the case of five star level Competitions.
- c) Jumping test: not more than 16 penalties at obstacles.

NOTE: All MERs obtained in previous years will be counted according to the rules in place at that time.

518 Minimum Eligibility Requirement Validity period

518.1 Championships

The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

518.2 CIs & CIOs:

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

- a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCIs-L).
- b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CCIs-S).

518.3 CCI4*-S/L and CCI5*-L additional requirements

Horses having not completed the Cross Country test of an FEI Competition for a period* of 13 consecutive months or more will have to fulfil the below additional requirement(s) before entering a CCI4*-S/L or CCI5*-L event as follows:

Horses having obtained a MER at CCI4*-S or CCI3*-S/L:

- to enter a CCI4*-S: must complete the Cross Country test of a CCI3*-S/L
- to enter a CCI4*-L: must complete the Cross Country test of a CCI4*-S and a CCI3*-S/L

Horses having obtained a MER at CCI4*-L:

- to enter a CCI4*-L or CCI5*-L: must complete the Cross Country test of a CCI4*-S

Horses having obtained a MER at CCI5*-L:

- to enter a CCI5*-L: must complete the Cross Country test of a CCI4*-S/L

**Period calculated from the date of the cross-country test of the first event to the date of the cross-country test of the following event.*

519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling four years period as defined in the following table.

W-CH and OG to count as 5star level MER towards Athlete categorisation.

D	Ten (10) MER at FEI CCI short (CCIs-S) or long (CCIs-L) format Competitions of two star level or above; or three (3) MERs at FEI CCI short (CCIs-S) or long (CCIs-L) format competitions at higher level.
C	Ten (10) MER at FEI CCI short (CCIs-S) or long (CCIs-L) format Competitions of three star level or above; or three (3) MERs at FEI CCI short (CCIs-S) or long (CCIs-L) format competitions at higher level.
B	Ten (10) MER at FEI CCI short (CCIs-S) or long (CCIs-L) format Competitions of four star level or above; or three (3) MERs at FEI long format (CCIs-L) competitions at five star level.
A	Ten (10) MER at FEI CCI short (CCIs-S) or long (CCIs-L) format Competitions of four star level or above of which three (3) were at five star level.

The Athlete category will be updated according to the performances at the end of each month taking into account the rolling four and a half years (4.5) in order to take into consideration the cancellation of events due to the 2020 Covid pandemic.

The Athlete category at the closing date of definite entries prevails.

520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions. NFs are required to set national participation requirements as per Art 516 to apply for all categorisations.

Exceptions for MERs:

- a) The 1st activation of a frangible/deformable device (11 penalties) or having 1 Missed flag (15 penalties) will still allow a MER.

CHAPTER 5 TECHNICAL REQUIREMENTS FOR PARTICIPATION

b) When multiple Minimum Eligibility Requirements are required (for CIs and CIOs), one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test (See below for Minimum Eligibility Requirements for Championships & Games).

Athletes already categorised at the corresponding level or above, can either use the full requirements for uncategorised Athletes as a combination or the Minimum Eligibility Requirements according to their Athlete's categorisation.

The Minimum Eligibility Requirements must be achieved as a combination according to the following table:

Unified Format:

CCI1* -Intro	All Athletes	NF requirements only
--------------	--------------	----------------------

Short format: incl. MER obtained as per NF Requirements

CCI2*-S	All Athletes	NF requirements only

	A FEI Athletes with Horses having already obtained a MER at a CCI5*-L competition	2 CCI4*-S (as a combination) or 1 CCI4*-L (as a combination)

NOTE: NFs have the option to apply to use CNs (National Competitions) for qualification purposes only to replace events cancelled due weather conditions and/or exceptional circumstances.

Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose. MERs obtained at the specific targeted national Events will only

count for upgrade in the same year and not for Athletes categorisation.

The application must be sent a minimum of 10 days before the Event. An FEI Level 3 Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

521 Minimum Eligibility Requirements for Championships & Games

For Championships & Games all Minimum Eligibility Requirements (MERS) must be achieved as a combination and must be clear on the obstacles of the Cross Country Test. The 1st activation of a frangible /deformable device (11 penalties) or having 1 Missed flag (15 penalties) will still allow a MER.

This includes MER obtained as per NF Requirements

CH 2*	1 CCI2*-L
CH 3*	1 CCI3*-L
CH 4*	1 CCI4*-L
W-CH & Olympic Games	1 CCI5*-L or (1 CCI4*-L + 1 CCI4*-S)

For the valid period of obtaining a minimum eligibility, refer to article above: Minimum Eligibility Requirement Validity period.

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

522 Reverse Qualification

522.1 Reverse Qualification – Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered

by two (2) consecutive Cross Country eliminations

or

a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in international Competitions.

For this purpose the relevant reasons of elimination on Cross Country would be:

- a) Three (3) refusals
- b) Fall of Horse or Athlete
- c) Dangerous riding

Reverse qualifications remain unless cleared by a MER.

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at the level below before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format).

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 2 star level (any format) then the NF must assess the Horse at National level or at a CCI1* competition and provide a written

report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition. The same principal applies to ponies reverse qualified at CCIP2 level.

522.2 Reverse Qualification - Athlete

In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) months rolling period of time, their category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.

One XC elimination can trigger 2 reverse qualifications if it fulfils the criteria of two consecutive Cross Country eliminations and three within a twelve months rolling period.

Chapter 6 ATHLETES AND HORSES WELFARE

523 Athletes Welfare

523.1 Medical Information

To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

- a) Providing a valid contact information is mandatory for all Athletes.
The telephone number of an accompanying person/next-of-kin must be provided to the Event secretariat upon arrival (Organising Committees and medical officer to ensure all information has been received before the Cross Country).
- b) Declaration of medical condition
Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who chose to wear an armband should download and fill the form available for this purpose on the FEI's website.

* *Medical data carrier (also called "medical identification tag")*: small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wearer has an important medical condition.

Conditions that are relevant include recent:

- Serious head/spinal injury
- Concussion having occurred during the last three months
- Chronic health problems such as diabetes, epilepsy
- Anticoagulation (blood thinners)
- Serious allergies

If in doubt, the Athlete should discuss this with their own treating physician.

523.2 Medical Fitness

If there is any doubt with regard to fitness to compete of an Athlete, the Ground Jury, in consultation with the Official Medical Officer, may at its own discretion, eliminate the Athlete and decide also about their ineligibility to take part in any other Competition at that Event.

Any such elimination must be reported to the FEI through the Technical Delegate report.

523.3 Examination After a Fall

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. Athletes should not re-mount their horse until the examination has been completed. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued an Eventing Recorded Warning, which will be delivered to their National Federation.

523.4 Concussion

When an Athlete has an accident that results in concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

524 Horses Welfare

The FEI Code of Conduct for the Welfare of the Horse should be respected at all times including and not limited to during training, preparation, travel competition, recovery and otherwise.

524.1 Veterinary Examination on Arrival

This takes place on the arrival of Horses at the Event. It is performed by the Veterinary Delegate or their deputy, who must be a qualified veterinarian. The object is to establish: first each Horse's identity, vaccination history (vaccination, etc.) other passport details and second, each Horse's state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform the Chefs d'Equipe and/or the Athletes in advance.

Doubtful cases must be reported to the Ground Jury as soon as practicable and, normally, before the first Horse Inspection.

524.2 Horse Inspections

The Horse Inspections shall be open to viewing by the public.

524.2.1 First Horse Inspection

This takes place before the Dressage Test, not more than 24 hours prior to the beginning of the Dressage test. It is conducted by the Ground Jury and the Veterinary Delegate acting together as an Inspection Panel with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

The Inspection Panel has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In the case that the fitness to compete is questionable the Ground Jury may refer the Horse to the Holding box for examination by the Holding Box Veterinarian.

Should the Athlete decide to present the Horse for Re-inspection, the Holding Box Veterinarian will report any findings to the Inspection Panel prior to the Horse being re-inspected.

Horses in the Holding Box will be under the supervision and control of a Steward and the Holding Box Veterinarian.

In the Event of equality of votes within the Inspection Panel, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

524.2.2 Second Horse Inspection

This takes place before the Jumping Test. It is conducted by the same Inspection Panel and under the same conditions as the first Horse Inspection.

524.2.3 Option for Horse Inspection at Short Competitions (CCI-S)

At a short Competition the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse's fitness to compete including a brief trot within the Examination on Arrival pursuant to 524.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to

compete must be reported to the Ground Jury.

In a short format competition the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

524.3 Horse Fall systematic interview

Following any Horse Fall on Cross Country, a systematic interview/discussion must take place between the Athlete and the Ground Jury (President or Member) and/or the Technical Delegate.

524.4 Horse Welfare During the Competition

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in their opinion, is lame or is unfit to continue.

524.4.1 Cross Country - Warm Up

There will be a veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

524.4.2 Cross Country - Finishing Area

A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

- a) Is fit to return immediately on foot to its own stable.
- b) Should remain for further treatment before returning to its stable.
- c) Should be transported by vehicle either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case of abuse of horse to the Ground Jury and to the Veterinary Delegate.

An Athlete who has retired, has been eliminated or stopped during the Cross Country Test is responsible to make sure their Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued an Eventing Recorded Warning, which will be delivered to their National Federation.

524.5 Appeal

At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the president must give a reason for the decision.

524.6 Equine Anti-doping and Controlled Medication Testing

Refer to Veterinary Regulations and EADCMRs.

525 Dangerous Riding

525.1 Definition

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or/and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

525.2 Warnings and Penalties

All cases of Dangerous Riding will incur an Eventing Recorded Warning.

In addition, depending on the circumstances of the case, either of the following measures may be imposed:

- a) 25 penalties

Dressage Test: If the Ground Jury suspects bleeding on the Horse during the test, the Ground Jury will stop the Horse to check. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test (refer to the FEI Dressage Rules).

Cross Country Test: For the Cross Country Test, all athlete induced (spurs, bit and whip) blood on the horse, must be reviewed case by case by the Ground Jury. If an Athlete has presented at the first Horse Inspection more Horses than the Athlete is allowed to ride, the Athlete, or their Chef d'Equipe where applicable, must declare in writing the names of the Horse or Horses definitely starting.

If for the same level there are two or more sections the Athletes with more than one Horse have the right to have their Horses split between sections. The procedure by which Athletes are divided between sections must be specified in the Schedule.

In any case, the Athlete's national identification can be combined in the same surface area with the name and/or logo of the Athlete's sponsor(s), their team sponsor(s) and/or the National Federation's sponsor(s) as long as their presence and visibility are in compliance with the surface areas mentioned in art.135 2.2.1 and 2.3.1 of the General Regulations.

For Championship and Official team competitions Cross Country test, members of the national teams are required to use national identification colours for equipment, dress and saddle pads to clearly identify and differentiate visually the competing countries. Colours and pattern are to be registered in advance with the FEI.

The Athlete's national flag or the Official three letter IOC abbreviation for the nation may appear on the back of the Athlete's jacket for Jumping centred between the shoulders. The top of the flag, or the three letter abbreviation (as applicable) must be placed 4cm below the collar. The flag may not be more than 25cm wide, with a height in proportion to the width; the three letter IOC abbreviation must appear in standard IOC typeface and not exceed a height of 8 cm."

All Athletes and horses should wear a minimum of one item with national identification per Athlete and Horse

541.6 Athlete's Name

While present in the Competition area and during the prize-giving ceremonies the Athlete's name may appear on a surface area not exceeding:

- e) Eighty square centimetres (80 cm²) only once lengthwise on the left leg of the riding breeches during the Jumping and Cross Country Tests of Eventing.

541.7 National Federation Logo

Unless otherwise specified in this Article, no advertisement or publicity is permitted on any Athlete, Official, Horse, or riding equipment while present in any Competition area or during the performance. However, Athletes inspecting the course may wear the logo of their sponsor, their team sponsor(s), and/or of their National Federation's sponsor(s) and/or their nationality within a frame not exceeding four hundred square centimetres (400 cm²) on the front and back of their top garments and within a frame not exceeding fifty square centimetres (50 cm²) on head gear.

541.8 Advertising in Field of Play

Unless otherwise provided in the Sport Rules, advertising may appear on obstacles, fences and on the sides of the arena provided any applicable broadcast, internet, or similar law or agreement permits such advertising.

541.9 Definition of competition area

Unless otherwise agreed in writing by the FEI, for the purpose of this Article, the Competition area shall include all areas where the Athlete is being judged or their Horse is undergoing a Horse inspection. It shall not include collecting rings and start and finish box.

541.10 (as per General Regulations 135.8)

The Chief Steward is responsible for ensuring that the above provisions are respected by Athletes before entering the arena. Athletes not complying with the above will not be permitted to enter the arena during competition. An official clothing approved by a NF not complying with the requirements of this Article will not be authorised by the FEI.

Chapter 8 DRESSAGE TEST

542 FEI Dressage Rules

The FEI Dressage Rules apply for the Eventing Dressage Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Dressage Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

543 Administration

543.1 Type and level of Test

The type and level of the test will be determined by the type and level of the Competition and will, therefore, be related to the quality and the standard of preparation of the Athletes and Horses.

543.1.1 CIs and CIOs

Organising Committees are free to select the specific test to be used within the one shown in Dressage Annex table Dressage Tests according to the level of the Competitions.

543.1.2 Championships and Games

The dressage test for all Championships and Games taking place in the year, shall be selected and published by the Eventing Committee by the 1st of January.

543.2 Number of Tests to be judged by day

The Organising Committee may include a maximum of fifty (50) Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum ten (10) percent, if agreed by the Technical Delegate and the President of the Ground Jury.

543.3 Judges Positions

Two of the three Judges must be placed along the short side, on the outside of and five metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two point fifty metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five to ten metres from the arena. The three positions shall be either C, H, B or C, M, E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than fifty (50) centimetres above the ground, in order to give the Judges a good view of the arena.

544 Scoring

544.1 Marking

544.1.1 Good Marks

Judges will award good marks from zero to ten (10) including half marks for each numbered movement and for the harmony mark.

544.1.2 Scoring Flying Change

For 4* Championships and higher level Events, if the score for a flying change varies by 3 points or more between the Judges, the Ground Jury will review the official video as soon as possible

after the Dressage test. The review must be on the same day.

Corrections may only be made to the flying change score with the agreement of the Ground Jury and should be based on one or more of the original score(s)

544.1.3 Paperless Judging

Organiser have the option to use paperless judging systems.

If used, any paperless judging system is subject to FEI approval and must be stated in the Event schedule.

FEI approved paperless judging systems as per the FEI requirements are posted on the FEI Website.

In any event, a paper version of the Dressage tests must be available to the Judges during competition as backup.

544.2 Calculation of Scores

544.2.1 Good Marks & Errors

The good marks from zero to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the harmony mark are added together deducting any error of course or test.

544.2.2 Judges Percentages

For each Judge the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks and errors of the Judge by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge.

Rounding the result to two decimals includes any score of "x.xx5" and above is round up and any score less than "x.xx5" in rounded down.

544.2.3 Athletes Percentage

Athlete's percentage is calculated on the average good marks and errors obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

544.2.4 Penalty Points

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal includes any score of "x.x5" and above is round up and any score less than "x.x5" is rounded down

Eventing Dressage test error penalties:

1st time	Two (2) points
2nd time	Four (4) points
3rd time	Elimination
Other errors:	Two (2) points per error to be deducted

Note: The Eventing Rules will not line up with the Dressage modifications, and maintains the 2015 ruling on error penalties for the Eventing Dressage Test.

544.2.5 Overall Impression of Athlete and Horse Mark

In all Eventing Dressage Tests, one overall mark will be awarded for the Harmony of Athlete and Horse with a double coefficient.

Chapter 9 CROSS COUNTRY TEST

545 Rules Governing the Cross Country Test

545.1 Starting

545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time the Athlete is due to start, but it is the Athlete's responsibility to ensure that the Athlete is ready to start at the correct time.

545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately five meters per five meters will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as the Athlete pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

545.2 Optimum Time and Timing

545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with art. 548.2 up to the time limit.

The time limit is twice the optimum time.

545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment the Athlete crosses the starting line which ever happens first to the moment the Athletes crosses the finishing line.

If an Athlete is stopped by an Official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which the Athlete is prevented from continuing until the Athlete is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in art. 549.2 & 549.4.

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in art. 549.2 & 549.4.

545.4 Pace and Dismounting

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace.

Athletes may voluntarily dismount (without incurring elimination according to art. 549.5.1) to check on Horse, adjust saddlery or equipment, or when held on course.

545.5 Overtaking

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way.

Any Athlete overtaking another Athlete must do so only at a safe and suitable place.

When the leading Athlete is before an obstacle and about to be overtaken, the Athlete must follow the directions of the Officials.

When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

545.6 Athlete in Difficulty

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated.

The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

545.7 Stopping Athletes

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted.

In such a case, an Official should be posted in the path of the oncoming Athlete. The Official shall wave a red flag, which indicates that the Athlete must stop.

Failure to stop is penalised by elimination at the discretion of the Ground Jury.

The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at their own obstacle.

Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

545.7.1 Timing

The time during which the Athlete was stopped, from the moment the Athlete passed the timing point until the Athlete passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course.

It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after the Athlete halts nor after a start from the halt.

545.8 Leaving the Course After Elimination

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk their Horse off the course, either mounted or dismounted.

Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art.525 (Dangerous Riding).

546 Courses

546.1 Marking

546.1.1 Red or White Boundary Flags

Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on their right and a white flag on their left.

546.1.2 Numbers and Letters

Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 547.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

546.1.3 Start and Finish Signs

In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

546.2 Distances and Speeds

The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex B table Distances must be approved by the Eventing Committee, except as provided for in Art. 537.2.

546.3 Finishing Lines

The last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the finishing line.

546.4 Course Plans

Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

- a) The position of the start and finish
- b) The numbered obstacles and compulsory passages
- c) The distance
- d) The optimum time and time limit

547 Obstacles

547.1 Definition

An obstacle is considered as such if and only if its extremities are marked with a red flag and a white flag and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

547.2 Type of Obstacles

547.2.1 General

The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are

used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

547.2.2 Construction

The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

547.2.3 Brush

Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

547.2.4 Frangible/Deformable Obstacles

Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable cross country fences. A list of approved technologies is published on the FEI website.

For all levels, all open oxers, open corners, verticals or near verticals with open rails, top rail on triple bars and gates where the rail dimensions and weight fit the acceptable parameters of an FEI approved frangible device, must be fitted with frangible devices.

547.2.5 Fences related to water

Each cross-country course must have at least one obstacle (effort) related to water

547.2.6 Sloping & Round Leading Edges

Spread fences including corners must not have an upright or vertical leading edge. The top of the front of the fence must be rounded or sloped. All other fences, including gates and fences using square and/or sawn materials, must not have any sharp or square edges. Brush fences are excluded provided there is at least 20cms of brush above the solid part of the fence.

547.2.7 Ground lines

Ground lines must be used on fences at all levels.

An additional ground line is not compulsory for fences with a leading edge of 50 cm or less.

Note: Please refer to the Cross Country guide for Officials for further information about the use of Ground lines

547.3 Dimensions

The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

Obstacles must comply with the permitted fence dimensions as per Annex B at the time of the approval by the Ground Jury (in case of change of ground conditions).

547.3.1 Fixed Part

The fixed and solid part of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

547.3.2 Brush

The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of

Competition see Annex B table Dimensions.

547.3.3 Water

At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

A fence must not be less than two strides before a step out of water or three strides after a drop in water.

Water to water with a drop is not a permitted obstacle question at any level.

547.3.4 Obstacles with Spread Only

At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

547.3.5 Drops

At 2 star level, no drops over 160 centimetres are permitted. At 3, 4 & 5 star level drops with a flat landing exceeding 160 centimetres are limited to two.

547.4 Measurement

547.4.1 Height

The height of an obstacle is measured from the point where the average Horse would take off.

547.4.2 Spread

The spread of an open obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle on the line where the average Horse is expected to jump. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point on the line where the average Horse is expected to jump. Base spread measurements include all solid element/rails, including solid ground lines (please refer to XC Guidelines for details).

547.4.3 Drop

The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

547.4.4 Natural Obstacles

When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

547.5 Obstacles with Elements and/or Options

547.5.1 Obstacles Composed of Several Elements

If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run-out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

547.5.2 Obstacles with Alternatives

Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

An alternative obstacle must be sited in such a way that the horse/ athlete must make a new attempt/approach after a refusal or run-out.

547.5.3 Black Flagged Alternatives

Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case, both sets of flags must be marked with a black line on both sides of the flag.

547.6 Number of Jumping Efforts

The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances.

The efforts to be counted are the efforts on the route expected to be taken by the average Horse.

For all classes at all levels it is possible to have a maximum of an additional 2 efforts whereby steps and ditches do not count as efforts under the following conditions:

- a) 2 steps as part of a combination/related fences only count as one effort, eg a sunken road with what would traditionally be 4 efforts (fence before, step down, step up, fence after) will count as 3 efforts
- b) 3 steps up or down will count as 2 efforts
- c) a ditch as part of a combination (e.g. a hollow/coffin type fence) does not count as an effort
- d) the steps and ditches would be flagged/lettered as normal and judged as normal. The CD and TD need to agree, in advance of the competition, how many of such efforts, if any, are appropriate for the particular competition given the nature of the terrain and the balance, flow, and intensity of the course

548 Scoring

548.1 Faults at Obstacles

Fault	Penalty
First refusal, run-out or circle	20 penalties
Second refusal, run-out or circle at the same obstacle	40 penalties
Third refusal, run-out or circle on XC Course	elimination
Fall of Athlete or Horse on Cross Country Course	elimination
Activating a frangible device where the dimension of the fence is modified	11 penalties
Dangerous Riding	25 penalties
Missing a flag as per art. 549.2	15 penalties

Evidence: Only official video recording can be used as evidence. Officials will clarify before start of Cross Country and inform Chefs d'Equipe/riders at meeting/briefing which video recording will represent the official view, to avoid any misunderstanding.

548.2 Time Faults

Fault	Penalty
Exceeding optimum time	zero point four (0.4) penalty per commenced second
Exceeding time limit	elimination

548.3 Additional Reasons for Elimination

548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

- k) Competing with improper saddlery (art. 539).
- l) Error of course not rectified (art. 545.3).
- m) Omission of obstacle or compulsory passage (art. 545.3).
- n) Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (art. 545.3).
- o) Jumping an obstacle in the wrong direction (art. 545.3).
- p) Retaking an obstacle already jumped (art. 545.3).
- q) Athlete in difficulty (art. 545.6).

548.3.2 Ground Jury Discretion

Elimination is left to the discretion of the Ground Jury in the following cases:

- a) Dangerous riding (art. 525).
- b) Abuse of Horse (art. 526).
- c) Deliberately starting before being given the signal to start (art. 545.1.1).
- d) Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (art. 538.1.1).
- e) Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (art. 525).
- f) Causing danger to another Athlete while overtaking that Athlete (art. 525).
- g) Failure to stop when signalled (art. 545.7).
- h) Unauthorised assistance (art. 540).

549 Definition of Faults

The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

In the case of black flag alternatives only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided the Athlete has not presented their Horse at the next element of the original line.

In the case of black flags alternatives the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

549.1 Refusal

549.1.1 Obstacles With Height

At obstacles or elements with height (i.e. exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

549.1.2 Obstacles Without Height

At all other obstacles (i.e. 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

549.1.3 Multiple Refusals

After a refusal, if an Athlete redoubles or changes their efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

549.2 Run-out - missing a flag

a) Clear (0 penalties): A horse is considered to have cleared the fence when the head, neck and points of both shoulders pass between the extremities of the obstacle as flagged. If a flag is dislodged, the hindquarters must jump the height of the solid part of the obstacle.

b) Missing a flag (15 penalties): A horse is considered to have missed a flag when the point of a shoulder fails to pass between the extremities of the obstacle as flagged. The head and neck must pass inside the extremities of the obstacle as flagged. If a flag is dislodged, the hindquarters must jump the height of the solid part of the obstacle

c) Run-Out (20 penalties): A Horse is considered to have run-out if, having been presented at an obstacle on the course, it avoids it in such a way that the head, neck and point of either shoulder fail to pass between the extremities of the obstacle as flagged or the hindquarters have not jumped the height of the solid part of the obstacle. Continuing on course without representing will incur elimination.

549.2.1 Change of Intention

An Athlete is permitted to change their mind as to where the Athlete jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, the Combination will be considered to have run-out.

549.2.2 Judging of Bounce Obstacles

At any obstacle where the distance between elements is 5 meters or less (i.e. a "bounce"), when a Horse has negotiated the first element without penalty, the Horse will be deemed to have been presented at the second element and similarly if the "bounce" is for example the second and third elements of a combination. Thus if an Athlete "changes their mind" while negotiating the first element of a "bounce" and, for example, then goes a longer route, the Athlete will still be penalised 20 penalties for a run-out.

549.3 Circle

549.3.1 Separately Numbered Obstacles

At separately numbered obstacles, an Athlete may circle or cross their tracks between or around them without penalty provided the Athlete has not presented their Horse at the second or subsequent obstacles.

549.3.2 Obstacles Composed of Several Elements

At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised once it has jumped the first element and before it has jumped the last element if:

- a) It passes around the back of any element of the lettered combination that it subsequently jumps.
- b) It crosses its tracks between the elements.
- c) It circles back around any element that it has already jumped before jumping any subsequent element of a lettered combination

549.4 Representing After a Disobedience

After being penalised for a refusal, run-out or circle, an Athlete, in order to make another attempt, is permitted to circle one or more times without penalty, until the Athlete again presents their Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, the Athlete is permitted to retake any elements already jumped, although the Athlete is liable to be penalised for any fault even if the Athlete has previously jumped an element successfully.

If after a refusal, run-out or circle, the Athlete wishes to pass through flags of a fence without height (i.e step or ditch) in the wrong direction in order to retake an element, the Athlete may do so without penalty.

549.4.1 Representing a frangible fence after a Disobedience

Reattempting an activated frangible fence element not correctly restored to its original condition will result in elimination.

549.5 Fall

549.5.1 Athlete

An Athlete is considered to have fallen when the Athlete is separated from their Horse in such a way as to necessitate remounting.

549.5.2 Horse

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.

Chapter 10 JUMPING TEST

550 FEI Jumping Rules

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

551 Object

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that, the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

552 Course and Obstacles

Within the limits shown in Jumping Annex C, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex C. At least two thirds shall be of maximum height for the level offered.

A tolerance of five centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

552.1 Type of Obstacles

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

The jumping cups must have a depth of minimum 20 mm and maximum 25 mm. This also applies for safety cups.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

553 Scoring

553.1 Faults at Obstacles

Fault	Penalty
Knocking down an obstacle	4 penalties
First run-out, refusal or unauthorised circle in the whole test	4 penalties

Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed, Athletes are penalized with 0.4 penalty per commenced second.

Exceeding the time limit involves elimination.

Annexes

Annex A Dressage – Annexes

Note: For Eventing, the bits permitted for the Dressage test have been reformulated to take into account the wide use of snaffles in Eventing (different to the Dressage Rules) as well as defining the action.

Any approved mouthpiece may be combined with any approved cheek piece.

1 Permitted Bits for the Dressage Test

1.1 Action of Bits

- a) Snaffle bits work on the corners, tongue and bars of the mouth depending on their shape and the rein effect produced by the Athlete
- b) Single-jointed bits may also work on the roof of the mouth if not fitted and used correctly.
- c) Straight bar snaffles cause more tongue pressure
- d) Double-jointed snaffles conform to the shape of the mouth and tongue creating more even pressure
- e) Rounded or moving centrepieces encourage movement of the tongue and salivation
- f) Curved mouthpieces with joints and Mullen mouth bits conform to the shape of the tongue and mouth.
- g) Cheek Pieces
- h) Full cheek, egg butt and D ring snaffles are more stable and also work on the sides of the mouth
- i) Loose ring snaffles have a more moveable mouthpiece to encourage mouthing of the bit and salivation
- j) Hanging cheek snaffles have a slight leverage action and work more on the corners of the mouth and poll

1.2 Material:

- a) Durable enough to be safe
- b) Must keep smooth and solid surface, not to be altered by the chewing of the horse in order to prevent horse from injuries
- c) Not health-damaging
- d) Snaffles: can be made of metal, flexible rubber or synthetic, or plastic or leather material, and may be covered with rubber/latex or leather.
- e) Bridoon and curb: must be made of metal and/or rigid plastic and may be covered with rubber/latex.

1.3 Permitted Snaffles (see diagrams)

- a) May have one or two joints
- b) May be double-jointed with rounded or rotating mouthpiece allowing for better fit and comfort. The edges must be rounded and the length of the centre link must be 4.5cm long as a maximum.
- c) May have a slightly curved port, allowing more room for the tongue. The maximum height is 30mm from the lower part of the side of the tongue to the highest point of the deviation. The widest part of the deviation must be where the mouthpiece contacts the tongue and must have a minimum width of 30mm. The mouthpiece of a jointed or unjointed snaffle may be shaped in a curve within the dimensions specified above.
- d) Wavy bits are allowed
- e) A coupling is permitted as the centre link and must be solid with no moveable parts other than a roller.

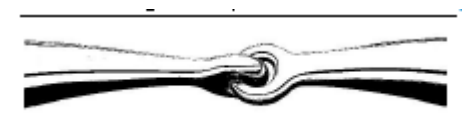

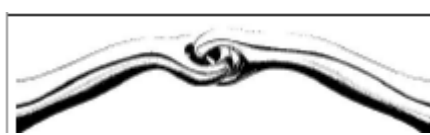

- f) The centre link must be rounded
- g) The diameter of the mouthpiece must be a minimum of 14mm for Horses and 10mm for Ponies at the rings or cheeks.
- h) The maximum length of the cheek piece of a hanging cheek snaffle is 7cm measured from the top of the mouthpiece to the top of the small ring

1.4 Illegal Bits

- a) Snaffles with a control plate (i.e Dr Bristol: if put incorrectly the edge of the plate causes excess pressure on tongue).
- b) Any single or double - jointed cable bits (may cause pinching of the tongue or cheeks)
- c) Bits which place mechanical restraint on tongue (large immovable centre link causes excessive pressure on tongue).
- d) Bits that can slide vertically creating a gag effect
- e) Mouthpiece wings that restrict the reins to move freely.

I. MEDICAL SERVICES REQUIREMENTS APPLICABLE THROUGHOUT THE EVENT

1. Chief Medical Officer (CMO)^(*)

1.1 Role

The CMO is appointed well in advance of the event and works closely with the Organizing Committee when planning for event medical coverage and participate in the preparation of the Serious Incident Management Plan (SIMP) for the event.

At Championships where, the CMO will arrange a meeting for the international team doctors and medical personnel in order to Familiarise them with the venue and available medical resources provide the necessary contact information to access the medical services.

1.2 Qualifications

The CMO does not have to be a physician, but is suitably experienced in the planning of medical coverage for equestrian events and has knowledge of the available local emergency medical resources and applicable local regulations.

2. First aid for spectators and workforce

First aide services for spectators and workforce must be provided in compliance with the locally applicable legislation and guidelines and following consultation with the CMO and local emergency medical service personnel.

3. On-site medical personnel

On-site medical personnel as detailed below must be available during the hours of competition and training periods.

They must be able to cover all riding and competition areas, stables, and on-site accommodations.

In countries where stationing ambulances at an event is not permitted by the law, a plan must be into place for medically appropriate transport available as soon as possible on site (target: 15 minutes, maximum 30 minutes). Jumping & Dressage Tests: As above, or, at the minimum, a plan must be into place for medically appropriate transport available as soon as possible on site (target: 15 minutes, maximum 30 minutes).</p>	<ul style="list-style-type: none"> - For events, ambulances should contain equipment for advanced airway support including oxygen, treatment of pneumothorax, intravenous access and fluids, management of cervical spine and other back injuries, long bone fractures. - The ambulance personnel must be adequately trained to use all such equipment. 	

4. Medical personnel access to the venue

All medical personnel with their emergency equipment and transport must have credentials and access to the entire venue at all times, including the stable area and finish during the competition.

They must be familiar prior to the competition with all access routes to the competition areas and anticipate alternatives in the event of inclement weather conditions which may necessitate the use of all-terrain vehicles for transport to ensure rapid evacuation.

Reliable radios must be available to ensure coordination with competition officials.

5. Radio & telephone communications

- Radio communications must be made available throughout the entire competition, to alert the on-site emergency medical providers
- A telephone line or cell phone must be reserved for immediate communication with the designated local emergency medical service and emergency hospital for additional needed resources or notification of transport from the event site.

II. MEDICAL SERVICES REQUIREMENTS APPLICABLE DURING COMPETITION TIME (INCLUDING DESIGNATED WARM-UP TIMES)

1. Medical response - DRESSAGE and JUMPING tests

MINIMUM REQUIREMENT		
Medical personnel type	Response time	Logistical considerations
1 x Standard Medical Response Team available on site	Strongly recommended: maximum 3 minutes ^(***) from notification of accident	Should have an immediate access to any part of the competition arena and warm up areas.
+		
Additional medical personnel required for adequate coverage		
As pre-determined by the CMO and OC depending on the layout and number of arenas		
+		
If possible: ambulance or equivalent arrangement (see table in II.3 for details) for:		
<ul style="list-style-type: none"> - Treatment of minor ailments - Observation and initial treatment of serious injuries or illness - Transportation to appropriate medical facilities. 		

2. Medical response – CROSS COUNTRY test

MINIMUM REQUIREMENT		
Medical personnel type	Planned recommended Response time	Logistical considerations
1 x Advanced Medical Response Team available at all times on site	maximum 5 minutes ^(***) from notification of accident	Capability of rapid deployment to any part of the course (including warm-up area) and all obstacles on the cross country course

Note: (***) The timing are new requirements.

3.1 Evacuation of injured athletes from the field of play

Provisions should be clearly established before the start of the competition for intermediate transport of any injured athletes off the field of play to the transport ambulance.

Possible adverse transport conditions due to weather conditions should be anticipated. This may include all wheel drive transport options which will require pre-positioning at the direction of the CMO and on-site medical providers.

3.2 Plan for the transportation of injured athletes to hospital

- In determining the number of ambulances, the CMO and OC should consider the distance to the nearest trauma hospital in case an ambulance has to leave the competition site, making sure that another appropriately equipped ambulance is still readily available to cover the competition. Otherwise the competition must be delayed until a replacement ambulance in on-site.
- Rapid routes for access and departure must be prepared in advance and safeguarded during the competition for the expeditious transfer of the seriously injured to an appropriate medical facility. This should also include pre-determined plans for access and egress for jumps that are deemed potentially high risk.
- Depending on the access to the site and the distance to a trauma hospital (greater than 60 minutes by land transport), helicopter evacuation should be strongly considered for seriously injured Athlete at the discretion of on-site medical personnel. A suitable landing zone should be identified and secured in advance for the medical evacuation helicopter. This information should be relayed by the CMO to the appropriate medical evacuation helicopter service in advance of the competition.

III. MANDATORY MEDICAL ASSESSMENT AFTER A FALL

If an Athlete falls at a Competition, the Athlete will not be allowed to continue without a medical assessment by on-site medical personnel, even if the Athlete has no obvious injury. Please see applicable FEI rules if an Athlete refuses medical evaluation which will result in immediate elimination for the remainder of the competition

Article 523.3 All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Article 527.1.d: Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued an Eventing Recorded Warning for incorrect behaviour, which will be delivered to their National Federation.

Annex E Organising Requirements for Eventing 5 star Level Events

Five star level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential Organising Committees to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

Application process:

- a) Before being awarded an Event of five star level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least Four star level, and demonstrated the ability to stage an Event of the highest level.
- b) Application from the host National Federation to the FEI to stage a five star level Event must to be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.
- c) The Organising Committee must have a proven track record of success. A business plan must be presented as well as a motivation letter on the reasons to transfer to the CC15* category.
- d) Details in regard to the Organising Committees Broadcast strategy must be provided as well as expressions of interest in regard to Broadcast coverage and live streaming.
- e) The venue needs to be approved by an FEI appointed Delegate, who will visit the proposed Event at the OC's/National Federation's expense.
- f) The National Federation will be responsible for supporting the application and overseeing the success of the Event, and a representative of the National Federation must be included in the Board of the Organising Committee.
- g) The proposal must include the proposed Course Designer who must be an Eventing Level 4 Course Designer. The Course Designer in question must support the proposal and endorse that the venue is suitable for the Five star level.
- h) The Event has to be approved by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The FEI Eventing Committee also reserves all rights to not accept the five star denomination request of any Organiser.
- i) Dates must fit in to the overall Eventing calendar, not clash with any major Event/Championship and be consistent from year to year in order to allow the other Events to position themselves in consequence.
- j) Applications shall be sent to the FEI at the latest by July the year preceding the Event applied for.

Requirements:

- k) Minimum level of prize money: € 150'000 by 2025.
- l) Mandatory CCTV for public, Athletes, owners and the Ground Jury and for safety reasons.

Technical Standards:

- o) 5* Dressage and Show Jumping
11-12 minutes Cross Country / 6270-6840 m / 40-45 efforts

- u) All Events will be reviewed on yearly basis.

Annex F Athlete Representative

1 Appointment of Athlete Representative

Prior to the Athletes' first opportunity to inspect the Cross Country course every Organising Committee of an international Event must appoint an Athlete Representative from among the Athletes taking part in the Competition having first obtained that Athlete's consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.
