Clean Sport at FEI Eventing World Championship 2022 in Pratoni del Vivaro (ITA)

Dear Athlete,

Congratulations, you are on the nominated entries list for the FEI Eventing World Championship 2022 in Pratoni del Vivaro (ITA), and as a result, we are reaching out to remind you to take a moment to review the recently published **FEI Doping & Medication Control Guide for the FEI World Championships 2022!**

As you will see, the **Guide** provides an overview of all the doping and medication control systems and processes in place for both Equine and Human Athletes, as well as useful links to additional online resources and contact details for help and advice.

Clean Sport is vital to the integrity of competition, the welfare of Athletes and Horses, and the promotion of equestrian sport globally. It is really important that YOU and YOUR SUPPORT PERSONNEL/TEAM have full knowledge of the Rules and Regulations and we are available for any questions you and/or your team may have in the build up to the World Championships and more generally throughout the year.

The **Guide** is available in 7 languages (Arabic, Chinese, English, French, Japanese, Portuguese, Spanish) and we hope you will find this useful for you and your support personnel/teams.

CC – Officials and NF related contacts for Pratoni del Vivaro 2022
