- Driver must have competed in at least 5 ASN-sanctioned circuit races for car or hold a CIK Int. B
- Driver must be at least 15 years old
• Through its Super Licence points system, the FIA delivers points to FIA championships, but also to non-FIA championships such as International series or National championships.

• The Super Licence is valid for 3 years.

• The first time a driver applies for a Super Licence, he/she must successfully complete a question session regarding the most important points of the International Sporting Code and of the F1 Sporting Regulations.
