PREAMBLE

The present Rules for Dressage Events are the 25th edition, effective 1st January 2014. The Rules include Dressage Rules for U25, Young Riders, Juniors, Pony Riders and Children (the “Dressage Rules”).

All other rules covering the same subject matter (other editions and all other official documents) issued previously are superseded.

Although these Rules set out the detailed rules of the Fédération Equestre Internationale (“FEI”) governing International Dressage Events, they must be read in conjunction with the Statutes, the General Regulations (hereinafter GRs), the Veterinary Regulations (hereinafter VRs), and all other FEI Rules and Regulations.

Every eventuality cannot be provided for in these Dressage Rules. In any unforeseen or exceptional circumstances, it is the duty of the Ground Jury or the relevant person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Dressage Rules and of the FEI GRs. Should there remain any omissions in the Dressage Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Dressage Rules, other Rules and Regulations of the FEI, and sporting spirit.

In the Dressage Rules, the use of the masculine shall be interpreted to also include the feminine form.

Any terms with the capitalised letter are defined in the Dressage Rules, in the FEI GRs or in the Statutes.
FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. **General Welfare:**
   
a) Good Horse management
   
Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and are driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. **Fitness to compete:**

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures
Any surgical procedures that threaten a competing Horse’s welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. **Events must not prejudice Horse welfare:**

   a) Competition areas

   Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

   b) Ground surfaces

   All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

   c) Extreme weather

   Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

   d) Stabling at Events

   Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of Horses:**

   a) Veterinary treatment

   Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

   b) Referral centres

   Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

   c) Competition injuries

   The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.
d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimizing suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. **Education:**

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.
CHAPTER I  DRESSAGE

ARTICLE 401  OBJECT AND GENERAL PRINCIPLES OF DRESSAGE

1. The object of Dressage is the development of the Horse into a happy Athlete through harmonious education. As a result, it makes the Horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with the Athlete.

   These qualities are demonstrated by:
   
   • The freedom and regularity of the paces.
   • The harmony, lightness and ease of the movements.
   • The lightness of the forehand and the engagement of the hindquarters, originating from a lively impulsion.
   • The acceptance of the bit, with submissiveness/throughness (Durchlässigkeit) without any tension or resistance.

2. The Horse thus gives the impression of doing, of its own accord, what is required. Confident and attentive, submitting generously to the control of the Athlete, remaining absolutely straight in any movement on a straight line and bending accordingly when moving on curved lines.

3. The walk is regular, free and unconstrained. The trot is free, supple, regular and active. The canter is united, light and balanced. The hindquarters are never inactive or sluggish. The Horse responds to the slightest indication of the Athlete and thereby gives life and spirit to all the rest of its body.

4. By virtue of a lively impulsion and the suppleness of the joints, free from the paralysing effects of resistance, the Horse obeys willingly and without hesitation and responds to the various aids calmly and with precision, displaying a natural and harmonious balance both physically and mentally.

5. In all the work, even at the halt, the Horse must be “on the bit”. A Horse is said to be “on the bit” when the neck is more or less raised and arched according to the stage of training and the extension or collection of the pace, accepting the bridle with a light and consistent soft submissive contact. The head should remain in a steady position, as a rule slightly in front of the vertical, with a supple poll as the highest point of the neck, and no resistance should be offered to the Athlete.

6. Cadence is shown in trot and canter and is the result of the proper harmony that a Horse shows when it moves with well-marked regularity, impulsion and balance. Cadence must be maintained in all the different trot or canter exercises and in all the variations of these paces.

7. The regularity of the paces is fundamental to Dressage.

ARTICLE 402  THE HALT

1. At the halt the Horse should stand attentive, engaged, motionless, straight and square with the weight evenly distributed over all four (4) legs. The neck should be raised with the poll as the highest point and the nose line slightly in front of the vertical. While remaining “on the bit” and maintaining a light and soft contact with the Athlete’s hand, the Horse may quietly chew the bit and should be ready to move off at the slightest indication of the Athlete. The halt must be shown for at least 3 seconds. The halt should be shown throughout the salute.
2. The halt is obtained by the displacement of the Horse’s weight to the hindquarters by a properly increased action of the seat and legs of the Athlete, driving the Horse towards a softly closed hand, causing an almost instantaneous but not abrupt halt at a previously fixed place. The halt is prepared by a series of half-halts (see transitions).

3. The quality of the paces before and after the halt is an integral part of the assessment.

ARTICLE 403 THE WALK

1. The walk is a marching pace in a regular and well-marked four (4) times beat with equal intervals between each beat. This regularity combined with full relaxation must be maintained throughout all walk movements.

2. When the foreleg and the hind leg on the same side move almost on the same beat, the walk tends to become an almost lateral movement. This irregularity, which might become an ambling movement, is a serious deterioration of the pace.

3. The following walks are recognised: Medium walk, Collected walk, Extended walk and Free walk. There should always be a clear difference in the attitude and overtracking in these variations.

3.1. **Medium walk.** A clear, regular and unconstrained walk of moderate lengthening. The Horse, remaining “on the bit”, walks energetically but relaxed with even and determined steps, the hind feet touching the ground in front of the hoof prints of the fore feet. The Athlete maintains a light, soft and steady contact with the mouth, allowing the natural movement of the Horse’s head and neck.

3.2. **Collected walk.** The Horse, remains “on the bit”, moves resolutely forward, with its neck raised and arched and showing a clear self-carriage. The head approaches the vertical position and a light contact is maintained with the mouth. The hind legs are engaged with good hock action. The pace should remain marching and vigorous, the feet being placed in regular sequence. The steps cover less ground and are higher than at the medium walk, because all the joints bend more markedly. The Collected walk is shorter than the Medium walk, although showing greater activity.

3.3. **Extended walk.** The Horse covers as much ground as possible, without haste and without losing the regularity of the steps. The hind feet touch the ground clearly in front of the hoof prints of the fore feet. The Athlete allows the Horse to stretch out the head and neck (forward
and downwards) without losing contact with the mouth and control of the poll. The nose must be clearly in front of the vertical.

3.4. **Free Walk.** The free walk is a pace of relaxation in which the Horse is allowed complete freedom to lower and stretch out the head and neck. The degree of ground cover and length of strides, with hind feet stepping clearly in front of the footprints of the front feet, are essential to the quality of the free walk.

The walk is a pace in four (4)-beat rhythm with eight (8) phases (numbers in circles indicate the beat).

3.5. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the Horse and proves its balance, suppleness, obedience and relaxation. In order to execute the exercise "stretching on a long rein" correctly, the Athlete must lengthen the reins as the Horse stretches gradually forward and downward. As the neck stretches forwards and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact with the Athlete's hands must be maintained. The pace must maintain its rhythm, and the Horse should remain light in the shoulders with the hindlegs well engaged. During the retake of the reins the Horse must accept the contact without resistance in the mouth or poll.

**ARTICLE 404 THE TROT**

1. The trot is a two (2)-beat pace of alternate diagonal legs (left fore and right hind leg and vice versa) separated by a moment of suspension.

2. The trot should show free, active and regular steps.

3. The quality of the trot is judged by general impression, i.e. the regularity and elasticity of the steps, the cadence and impulsion in both collection and extension. This quality originates from a supple back and well-engaged hindquarters, and by the ability to maintain the same rhythm and natural balance with all variations of the trot.

4. The following trots are recognised: Working trot, Lengthening of steps, Collected trot, Medium trot and Extended trot.
4.1. **Working trot.** This is a pace between the Collected and the Medium trot, in which a Horse’s training is not yet developed enough and ready for collected movements. The Horse shows proper balance and, remaining “on the bit”, goes forward with even, elastic steps and good hock action. The expression “good hock action” underlines the importance of an impulsion originating from the activity of the hindquarters.

4.2. **Lengthening of steps.** In the test for four (4)-year-old Horses "lengthening of steps" is required. This is a variation between the Working and Medium trot in which a Horse’s training is not developed enough for Medium trot.

4.3. **Collected trot.** The Horse, remaining “on the bit”, moves forward with the neck raised and arched. The hocks, being well-engaged and flexed, must maintain an energetic impulsion, enabling the shoulders to move with greater mobility, thus demonstrating complete self-carriage. Although the Horse’s steps are shorter than in the other trots, elasticity and cadence are not lessened.

4.4. **Medium trot.** This is a pace of moderate lengthening compared to the Extended trot, but “rounder” than the latter. Without hurrying, the Horse goes forward with clearly lengthened steps and with impulsion from the hindquarters. The Athlete allows the Horse to carry the head a little more in front of the vertical than at the Collected and the Working trot, and to lower the head and neck slightly. The steps should be even, and the whole movement balanced and unconstrained.

4.5. **Extended trot.** The Horse covers as much ground as possible. Without hurrying, the steps are lengthened to the utmost as a result of great impulsion from the hindquarters. The Athlete allows the Horse to lengthen the frame and to gain ground whilst controlling the poll. The forefeet should touch the ground on the spot towards which they are pointing. The movement of the fore and hind legs should reach equally forward in the moment of extension. The whole movement should be well-balanced and the transition to Collected trot should be smoothly executed by taking more weight on the hindquarters.

5. All trot work is executed “sitting”, unless otherwise indicated in the test.

6. **Stretching on a long rein.** This exercise gives a clear impression of the "throughness" of the Horse and proves its balance, suppleness, obedience and relaxation. In order to execute the exercise "stretching on a long rein" correctly, the Athlete must lengthen the reins as the Horse stretches gradually forward and downward. As the neck stretches forwards and downwards, the mouth should reach more or less to the horizontal line corresponding with the point of the shoulder. An elastic and consistent contact with the Athlete's hands must be maintained. The pace must maintain its rhythm, and the Horse should remain light in the shoulders with the hindlegs well-engaged. During the retake of the reins the Horse must accept the contact without resistance in the mouth or poll.

The trot is a pace in two (2)-beat rhythm with four (4) phases (Numbers in circles indicate the beat)
ARTICLE 405 THE CANTER

1. The canter is a three (3)-beat pace where, in canter to the right, for example, the footfall is as follows: left hind, left diagonal (simultaneously left fore and right hind), right fore, followed by a moment of suspension with all four (4) feet in the air before the next stride begins.

2. The canter, always with light, cadenced and regular strides, should be moved into without hesitation.

3. The quality of the canter is judged by the general impression, i.e. the regularity and lightness of the steps and the uphill tendency and cadence originating from the acceptance of the bridle with a supple poll and in the engagement of the hindquarters with an active hock action – and by the ability of maintaining the same rhythm and a natural balance, even after a transition from one (1) canter to another. The Horse should always remain straight on straight lines and correctly bent on curved lines.

4. The following canters are recognised: Working canter, Lengthening of strides, Collected canter, Medium canter and Extended canter.

4.1. Working canter. This is a pace between the Collected and the Medium canter, in which a Horse’s training is not yet developed enough and ready for collected movements. The Horse shows natural balance while remaining “on the bit”, and goes forward with even, light and active strides and good hock action. The expression “good hock action” underlines the importance of an impulsion originating from the activity of the hindquarters.

4.2. Lengthening of strides. In the test for four (4)-year-old Horses "lengthening of strides" is required. This is a variation between the Working and Medium canter in which a Horse’s training is not developed enough for Medium canter.

4.3. Collected canter. The Horse, remaining “on the bit”, moves forward with the neck raised and arched. The hocks, being well-engaged, maintain an energetic impulsion, enabling the shoulders to move with greater mobility thus demonstrating self-carriage and an uphill tendency. The Horse’s strides are shorter than in the other canters, without losing elasticity and cadence.

4.4. Medium canter. This is a pace between the Working and the Extended canter. Without hurrying, the Horse goes forward with clearly lengthened strides and impulsion from the hindquarters. The Athlete allows the Horse to carry the head a little more in front of the vertical than in the Collected and Working canter, and at the same time allows the Horse, to lower the head and neck slightly. The strides should be balanced and unconstrained.

4.5. Extended canter. The Horse covers as much ground as possible. Without hurrying, the strides are lengthened to the utmost. The Horse remains calm, light and straight as a result of great impulsion from the hindquarters. The Athlete allows the Horse to lengthen the frame with a controlled poll and to gain ground. The whole movement should be well-balanced and the transition to Collected canter should be smoothly executed by taking more weight on the hindquarters.

4.6. Counter–canter. The Counter canter is a balancing and straightening movement that must be executed in collection. The Horse canters in correct sequence with the outside foreleg leading with positioning to the side of the leading leg. The foreleg should be aligned to the same track as the hind leg.

4.7. Simple change of leg at the canter. This is a movement in which, after a direct transition out of the canter into a walk, with three (3) to five (5) clearly defined steps, an immediate transition is made into the other canter lead.

4.8. Flying change of leg. The flying change is performed in one (1) stride with the front and hind legs changing at the same moment. The change of the leading front and hind leg takes place during the moment of suspension. The aids should be precise and unobtrusive.
Flying changes of leg can also be executed in series at every 4th, 3rd, 2nd or at every stride. The Horse, even in the series, remains light, calm and straight with lively impulsion, maintaining the same rhythm and balance throughout the series concerned. In order not to restrict or restrain the lightness, fluency and groundcover of the flying changes in series, enough impulsion must be maintained.

Aims of flying changes: To show the reaction, sensitivity and obedience of the Horse to the aids for the change of leg.

The canter is a pace in three-beat rhythm with six (6) phases

**ARTICLE 406 REINBACK**

1. Reinback is a rearward diagonal movement with a two (2)-beat rhythm but without a moment of suspension. Each diagonal pair of legs is raised and returned to the ground alternatively, with the forelegs aligned on the same track as the hindlegs.

2. During the entire exercise, the Horse should remain “on the bit”, maintaining its desire to move forward.

3. Anticipation or precipitation of the movement, resistance to or evasion of the contact, deviation of the hindquarters from the straight line, spreading or inactive hind legs and dragging forefeet are serious faults.

4. The steps are counted as each foreleg moves back. After completing the required number of steps backward, the Horse should show a square halt or move forward in the required pace immediately. In tests where a Reinback of one (1) Horse’s length is required, it should be executed with three (3) or four (4) steps.

5. Reinback series (Schaukel) is a combination of two (2) reinbacks with walk steps in between. It should be executed with fluent transitions and the required number of steps.
ARTICLE 407  THE TRANSITIONS

The changes of pace and variations within the paces should be exactly performed at the prescribed marker. The cadence (except in walk) should be maintained up to the moment when the pace or movement is changed or the Horse halts. The transitions within the paces must be clearly defined while maintaining the same rhythm and cadence throughout. The Horse should remain light in hand, calm, and maintain a correct position.

The same applies to transitions from one (1) movement to another, for instance from passage to piaffe or vice versa.

ARTICLE 408  THE HALF HALTS

Every movement or transition should be invisibly prepared by barely perceptible half halts. The half halt is an almost simultaneous, coordinated action of the seat, the legs and the hands of the Athlete, with the object of increasing the attention and balance of the Horse before the execution of the movements or transitions to lower and higher paces. By shifting slightly more weight onto the Horse’s hindquarters, the engagement of the hind legs and the balance on the haunches are improved for the benefit of the lightness of the forehand and the Horse’s balance as a whole.

ARTICLE 409  THE CHANGES OF DIRECTIONS

1. At changes of direction, the Horse should adjust the bend of the body to the curvature of the line it follows, remaining supple and following the indications of the Athlete, without any resistance or change of pace, rhythm or speed.

2. Changes of directions can be executed in the following ways:

   a. Right-angled turn including riding through the corner (one -1- quarter of a volte of approx. six -6- metres).
   b. Short and long diagonal.
   c. Half voltes and half circles with change of rein.
   d. Half pirouettes and turn on the haunches.
   e. Serpentine loops.
   f. Counter-changes of hand (in zig-zag)*. The Horse should be straight for a moment before changing direction.

*Zig-zag: A movement containing more than two (2) half-passes with changes of direction.
ARTICLE 410  THE FIGURES

The figures asked in Dressage tests are the voltes, the serpentes and the figures of eight.

1. Volte

The volte is a circle of six (6), eight (8) or ten (10) metres in diameter. If larger than ten (10) metres it is a circle.

2. Serpentine

The serpentine with several loops touching the long side of the arena consists of half circles connected by a straight line. When crossing the centreline, the Horse should be parallel to the short side (a). Depending on the size of the half circles, the straight connection varies in length. Serpentes with one (1) loop on the long side of the arena are executed with five (5) metres or ten (10) metres distance from the track (b). Serpentes around the centre line are executed between the quarter lines (c).
3. **Figure of eight**

This figure consists of two (2) voltes or circles of equal size as prescribed in the test, joined at the centre of the eight (8). The Athlete should make the Horse straight an instant before changing direction at the centre of the figure.

---

**ARTICLE 411 LEG-YIELDING**

1. The aim of leg yielding: To demonstrate the suppleness and lateral responsiveness of the Horse.

2. Leg-yielding is performed in Working trot in FEI Competitions. The Horse is almost straight, except for a slight flexion at the poll away from the direction in which it moves, so that the Athlete is just able to see the eyebrow and nostril on the inside. The inside legs pass and cross in front of the outside legs.

   Leg-yielding should be included in the training of the Horse before it is ready for Collected work. Later on, together with the more advanced shoulder-in movement, it is the best means of making a Horse supple, loose and unconstrained for the benefit of the freedom, elasticity and regularity of its paces and the harmony, lightness and ease of its movements.

   Leg yielding can be performed “on the diagonal” in which case the Horse should be as nearly as possible parallel to the long sides of the arena, although the forehand should be slightly in advance of the hindquarters. It can also be performed “along the wall” in which case the Horse should be at an angle of about thirty five (35) degrees to the direction in which it is moving.

---

**ARTICLE 412 LATERAL MOVEMENTS**

1. The main aim of lateral movements – except leg-yielding - is to develop and increase the engagement of the hindquarters and thereby also the collection.

2. In all lateral movements - shoulder-in, travers, renvers, and half-pass, the Horse is slightly bent and moves on different tracks.

3. The bend or flexion must never be exaggerated so that it does not impair the rhythm, the balance and fluency of the movement.

4. In the lateral movements, the pace should remain free and regular, maintaining a constant impulsion, yet it must be supple, cadenced and balanced. The impulsion is often lost because of the Athlete’s preoccupation with bending the Horse and pushing it sideways.
5. **Shoulder-in.** The shoulder-in is performed in Collected trot. The Horse is ridden with a slight but uniform bend around the inside leg of the Athlete maintaining engagement and cadence and a constant angle of approx. thirty (30) degrees. The Horse’s inside foreleg passes and crosses in front of the outside foreleg; the inside hind leg steps forward under the Horse’s body weight following the same track of the outside foreleg, with the lowering of the inside hip. The Horse is bent away from the direction in which it is moving.

6. **Travers.** Travers can be performed in Collected trot or Collected canter. The Horse is slightly bent round the inside leg of the Athlete but with a greater degree of bend than in shoulder-in. A constant angle of approximately thirty five (35) degrees should be shown (from the front and from behind one sees four tracks). The forehand remains on the track and the quarters are moved inwards. The Horse’s outside legs pass and cross in front of the inside legs. The Horse is bent in the direction in which it is moving.

To start the travers, the quarters must leave the track or, after a corner or circle, are not brought back onto the track. At the end of the travers, the quarters are brought back on the track (without any counter-flexion of the poll/neck) as one would finish a circle.

Aims of travers: to show a fluent Collected trot movement on a straight line and a correct bend. Front and hind legs are crossing, balance and cadence are maintained.

7. **Renvers.** Renvers is the inverse movement in relation to travers. The hindquarters remain on the track while the forehand is moved inward. To finish the renvers the forehand is aligned with the quarters on the track. Otherwise, the same principles and conditions that apply to the travers are applicable to the renvers.

The Horse is slightly bent around the inside leg of the Athlete. The Horse’s outside legs pass and cross in front of the inside legs. The Horse is bent in the direction in which it is moving.

Aims of renvers: to show a fluent Collected trot movement on a straight line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

8. **Half pass.** Half-pass is a variation of travers, executed on a diagonal line instead of along the wall. It can be performed in Collected trot (and in passage in a freestyle) or Collected canter. The Horse should be slightly bent around the inside leg of the Athlete and in the direction in which it is moving. The Horse should maintain the same cadence and balance throughout the whole movement. In order to give more freedom and mobility to the shoulders, it is of great importance that the impulsion be maintained, especially the engagement of the inside hind leg. The Horse’s body is nearly parallel to the long side of the arena with the forehand slightly in advance of the hindquarters.

In the trot, the outside legs pass and cross in front of the inside legs. In the canter, the movement is performed in a series of forward/sideways strides.

Aims of half-pass in trot: to show a fluent collected trot movement on a diagonal line with a greater degree of bend than in shoulder-in. Fore and hind legs cross, balance and cadence are maintained.

Aims of the half-pass in canter: to both demonstrate and develop the collection and suppleness of the canter by moving fluently forwards and sideways without any loss of rhythm, balance or softness and submission to the bend.

ARTICLE 413  THE PIROUETTE, THE HALF-PIROUETTE AND TURN ON THE HAUNCHES

1. The Pirouette (half-pirouette) is a turn of three hundred and sixty (360) degrees (hundred and eighty -180- degrees) executed on two (2) tracks, with a radius equal to the length of the Horse and the forehand moving around the haunches.

2. Pirouettes (half-pirouettes) are usually carried out at Collected walk or canter, but can also be executed at piaffe.

3. At the pirouette (half-pirouette) the forefeet and the outside hind foot move around the inside hind foot. The inside hind leg describes a circle as small as possible.

4. At whatever pace the pirouette (half-pirouette) is executed, the Horse, slightly bent in the direction in which it is turning, remains “on the bit” with light contact, turning smoothly around, and maintaining sequence and timing of footfalls of that pace. The poll remains the highest point during the entire movement.

5. During the pirouettes (half-pirouettes), the Horse should maintain its activity (walk also included) and never move backwards or sideways.

6. In executing the pirouette or the half-pirouette in canter, the Athlete should maintain lightness of the Horse while accentuating the collection. The Horse’s hindquarters are well engaged and lowered and show a good flexion of the joints. An integral part of the movement is the quality of the canter strides before and after the pirouette. The strides should show an increased activity and collection before the pirouette and the balance should be maintained at the end of the pirouette.

Aims of the pirouette and half-pirouette in canter: to demonstrate the willingness of the Horse to turn around the inside hind leg on a small radius, slightly bent in the direction of the turn while maintaining the activity and the clarity of the canter, the straightness and the balance before and after the figure and clear canter strides during the turn. In the pirouette or half-pirouette in canter, the Judges should be able to recognize a real canter stride although the feet of the diagonal – inside hind leg, outside front leg – are not touching the ground simultaneously.

7. The quality of the pirouettes (half-pirouettes) is judged according to the suppleness, lightness and regularity, and the precision and smoothness of the entrance and exit. Pirouettes (half-pirouettes) in canter should be executed in six (6) to eight (8) strides – full pirouettes – and three to four (4) strides – half-pirouette.

8. Half-pirouettes in walk (one-hundred and eighty -180- degrees) are executed out of Collected walk with the collection being maintained throughout the exercise. When the Horse exits the half-pirouette it returns to the initial track without crossing the hind legs.
9. Turn on the haunches from walk. For younger Horses that are still not able to show Collected walk the “turn on the haunches” is an exercise to prepare the Horse for collection. The “turn on the haunches” is executed out of Medium walk prepared by half halts to shorten the steps a little and to improve the ability to bend the joints of the hindquarters. The Horse does not halt before or after the turn. The “turn on the haunches” can be executed on a larger radius (approx. ½m) than the pirouette in walk, but the demands of the training scale concerning rhythm, contact, activity and straightness are the same.

10. Turn on the haunches from halt to halt (one-hundred and eighty -180- degrees). To maintain the forward tendency of the movement one (1) or two (2) forward steps at the beginning of the turn are permitted. The same criteria apply as for the turn on the haunches from walk.

ARTICLE 414 THE PASSAGE

1. Passage is a measured, very collected, elevated and cadenced trot. It is characterised by a pronounced engagement of the hindquarters, a more accentuated flexion of the knees and hocks, and the graceful elasticity of the movement. Each diagonal pair of legs is raised and returned to the ground alternately, with cadence and a prolonged suspension.

2. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should be slightly above the fetlock joint of the other supporting hind leg.

3. The neck should be raised and gracefully arched with the poll as the highest point and the nose line close to the vertical. The Horse should remain light, and soft “on the bit” without altering the cadence. The impulsion remains lively and pronounced.

4. Irregular steps with the hind or front legs, swinging the forehand or the hindquarters from one (1) side to the other, as well as jerky movements of the forelegs or the hind legs, dragging the hind legs or double beat in the moment of suspension are serious faults.

The aim of passage is too demonstrate the highest degree of collection, cadence and suspension in the trot.

ARTICLE 415 THE PIAFFE

1. Piaffe is a highly collected, cadenced elevated, rhythmical diagonal movement giving the impression of remaining in place. The Horse’s back is supple and elastic. The hindquarters are lowered; the haunches with active hocks are well engaged, giving great freedom, lightness and mobility to the shoulders and forehand. Each diagonal pair of legs is raised and returned to the ground alternately, with spring and an even cadence regularity.
1.1. In principle, the height of the toe of the raised forefoot should be level with the middle of the cannon bone of the other supporting foreleg. The toe of the raised hind foot should reach just above the fetlock joint of the other supporting hind leg.

1.2. The neck should be raised and gracefully arched, with the poll as the highest point. The Horse should remain “on the bit” with a supple poll, maintaining soft contact. The body of the Horse should move in a supple, cadenced and harmonious movement.

1.3. Piaffe should show true commitment and must always be animated by a lively impulsion activity and characterised by perfect balance. While giving the impression of remaining in place, there may be a visible inclination to advance, this being displayed by the Horse’s eager acceptance to move forward as soon as it is asked.

1.4. Moving even slightly backwards, irregular or jerky steps with the hind or front legs, no clear diagonal steps, crossing either the fore or hind legs, or swinging either the forehand or the hindquarters from one (1) side to the other, getting wide behind or in front, moving too much forward or double-beat rhythm are all serious faults.

The aim of piaffe is to demonstrate the highest degree of collection while giving the impression of remaining in place.

ARTICLE 416 THE IMPULSION / THE SUBMISSION

1. Impulsion is the term used to describe the transmission of an eager and energetic, yet controlled, propulsive energy generated from the hind quarters into the athletic movement of the Horse. Its ultimate expression can be shown only through the Horse's soft and swinging back guided by gentle contact with the Athlete's hand.

1.1. Speed, of itself, has little to do with impulsion; the result is more often a flattening of the paces. A visible characteristic is a more pronounced articulation of the hind leg, in a continuous rather than staccato action. The hock, as the hind foot leaves the ground, should first move forward rather than being pulled upwards, but certainly not backwards. A prime ingredient of impulsion is the time the Horse spends in the air rather than on the ground. Impulsion is, therefore, seen only in those paces that have a period of suspension.

1.2. Impulsion is a precondition for a good collection in trot and canter. If there is no impulsion, then there is nothing to collect.

2. Submission does not mean subordination, but an obedience revealing its presence by a constant attention, willingness and confidence in the whole behaviour of the Horse as well as by the harmony, lightness and ease it is displaying in the execution of the different movements.

The degree of the submission is also demonstrated by the way the Horse accepts the bit, with light and soft contact and a supple poll. Resistance to or evasion of the Athlete's hand, being either “above the bit” or “behind the bit” demonstrate lack of submission. The main contact with the Horse’s mouth must be through the snaffle bit.

2.1. Putting out the tongue, keeping it above the bit or drawing it up altogether, as well as grinding the teeth or agitation of the tail, are mostly signs of nervousness, tension or resistance on the part of the Horse and must be taken into account by the Judges in their marks for every movement concerned, as well as in the collective mark.

2.2. The first thought when considering submission is willingness, that the Horse understands what is being asked of it and is confident enough in the Athlete to react to the aids without fear or tension.
2.3. The Horse’s straightness, uphill tendency and balance enable it to stay in front of the Athlete’s legs and go forward into an accepting and self-carrying contact with the bit. This is what really produces the picture of harmony and lightness. The fulfilling of the main requirements/movements of a Dressage test is the main criterion for submission.

ARTICLE 417 THE COLLECTION

The aim of the collection of the Horse is:

a) To further develop and improve the balance and equilibrium of the Horse, which has been more or less displaced by the additional weight of the Athlete.

b) To develop and increase the Horse’s ability to lower and engage its hindquarters for the benefit of the lightness and mobility of its forehand.

c) To add to the “ease and carriage” of the Horse and to make it more pleasurable to ride.

Collection is developed through the use of half-halts and the use of lateral movements shoulder-in, travers, renvers and half pass.

Collection is improved and achieved by the use of the seat and legs and containing hands to engage the hind legs. The joints bend and are supple so that the hind legs can step forward under the Horse’s body.

However, the hind legs should not be engaged so far forward under the Horse, that they shorten the base of support excessively, thereby impeding the movement. In such a case, the line of the back would be lengthened and raised too much in relation to the supporting base of the legs, the stability would be impaired and the Horse would have difficulty in finding a harmonious and correct balance.

On the other hand, a Horse with an over-long base of support, which is unable or unwilling to engage its hind legs forward under its body, will never achieve acceptable collection, characterised by “ease and carriage” as well as a lively impulsion originating from the activity of the hindquarters.

The position of the head and neck of a Horse at the collected paces is naturally dependent on the stage of training and, to some degree, on its conformation. It is distinguished by the neck being raised without restraint, forming a harmonious curve from the withers to the poll, which is the highest point, with the nose slightly in front of the vertical. At the moment the Athlete applies the aids to obtain a momentary and passing collecting effect, the head may become more or less vertical. The arch of the neck is directly related to the degree of collection.
ARTICLE 418  THE POSITION AND AIDS OF THE ATHLETE

1. All the movements should be obtained with imperceptible aids and without apparent effort of the Athlete. The Athlete should be well-balanced, elastic, sitting deep in the centre of the saddle, smoothly absorbing the movement of the Horse with the loins and hips, supple thighs with the legs steady and stretched well down. The heels should be the lowest point. The upper part of the body should be tall and supple. The contact should be independent from the Athlete’s seat. The hands should be carried steadily close together, with the thumb as the highest point and a straight line from the supple elbow through the hand to the Horse’s mouth. The elbows should be close to the body. All of these criteria enable the Athlete to follow the movements of the Horse smoothly and freely.

2. The effectiveness of the Athlete’s aids determines the precise fulfilment of the required movements of the tests. There shall always be the impression of a harmonious co-operation between Horse and Athlete.

3. Riding with both hands is obligatory at FEI Dressage Events. When leaving the arena at a walk on long rein, after having finished the test the Athlete may, at their own discretion, ride with only one (1) hand. For Freestyle tests, see also Directives for Judges – Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle test available at www.fei.org.

3.1 Apart from the halt and salute, where the athlete must take the reins in one hand, riding with the reins in both hands is obligatory at FEI Dressage Events, but a discreet ‘pat on the neck’ for a well performed exercise, or for reassurance, is perfectly acceptable (as is the situation of an athlete needing to wipe a fly from their eye, or other situations such as adjusting clothing, saddle pads etc).

However, if the rider intentionally takes the reins into one hand in order to use either the reins or the other hand to produce more impulsion from the horse, or to promote applause from the spectators during the test, it will be considered a fault and will be reflected in the mark for both the movement and the collective mark.

For the Freestyle tests, see also Directives for Judges - Freestyle tests and Directives for assessing the degree of difficulty in a Freestyle.

4. The use of the voice or clicking the tongue repeatedly is a fault. See article 430.6.2.
CHAPTER II DRESSAGE EVENTS

ARTICLE 419 OBJECT OF INTERNATIONAL DRESSAGE EVENTS

The FEI established an International Dressage Event in 1929 in order to preserve the Equestrian Art from the abuses to which it can be exposed and to preserve it in the purity of its principles, so that such principles of the discipline could be handed down intact to future generations of Athletes.

ARTICLE 420 CATEGORIES OF INTERNATIONAL DRESSAGE EVENTS

1. In conformity with the FEI GRs, the International Dressage Events are divided into CDI1* to CDI5*, CDI-Ws, CDIO2* to CDIO5*, CDIU25, CDIOU25, CDIY, CDIOY, CDIJ, CDIOJ, CDICh, CDIOCh, CDIP, CDIOP, CDIYH, CDIAM, FEI Championships, Regional and Olympic Games which must be held according to the Rules given in the following articles, unless otherwise stated in the pre-emptive Rules for any of these Events, such as the Olympic Games or Paralympic Games.

2. National Events (CDN). Refer to FEI GRs.

This rule does not apply to foreign Athletes (Athletes Living outside Their Country of Nationality as defined in the FEI GRs) who are domiciled for part of the year in the host country and hold a guest licence with the host NF.

3. CDI-Ws (Qualifiers and Final). Events, where a FEI World Cup™ Competition is held are indicated by the addition of the letter “W”. Also refer to the FEI World Cup™ Rules for Dressage.

3.1 In case of date clashes, CDI-W qualifiers will prevail over CDIs 4* and above in the same league.

3.2 No CDI5* or above is allowed on the same dates as the FEI World Cup™ Dressage Final. In principle there may be no CDI-W two (2) weeks prior to the FEI World Cup™ Dressage Final.

4. In CDI/CDI-W/CDIU25/CDIY/CDIJ/CDIP/CDICh/CDIAM no unofficial team Competitions are allowed. For official team Competitions, refer to CDIOs.

4.1 A CDIY, CDIJ, CDIP, CDICh, CDIU25 is an International Event open to individual Athletes from the host country and from an unrestricted number of foreign countries.

No Team Competition may be held during a CDI for Youth Categories.

4.2 In order to organise a CDI5*, an OC must first have organised a CDI3*/CDI4* with positive official FEI reports.

5. CDIOs

5.1 Eligibility of Athletes:

5.1.1 In principle CDIOs are open to Athletes from an unlimited number of foreign nations (see also FEI GRs).

5.1.2 In order for a CDIO to receive its status, at least six (6) teams, including host NF, must be invited (one -1- team per NF) and at least three (3) teams must have participated. For Nations Cup Events, please refer to the published FEI Dressage Nations Cup Rules.

5.2 Priority. CDIO2* to 5* take precedence over all CDI Events in accordance with the FEI GRs. CDIO Events on the same Continent must not clash.
5.3 Team Competitions:

5.3.1 To qualify as a team Competition, an official Team Competition must be scheduled. The teams must consist of a maximum of four (4) and of a minimum of three (3) Athletes of the same nationality. No reserve combinations are allowed. CDIOs3* or higher may use the new Olympic format. Team compositions for Youth classes are defined in the relevant annexes.

7. Regional Games. The Rules for these Events must be approved by the General Assembly of the FEI.

8. Olympic Games. See Regulations for the Equestrian Events at the Olympic Games published separately on the FEI Website.

9. There may be no FEI World Cup™ Dressage Competitions, CDI/CDIO5* or CDI/CDIO4* Events two (2) weeks prior to the Olympic Games, World Championships as well as to Continental CHs on the same Continent.

ARTICLE 421 TESTS

Each Competition has its own test. The Official Dressage tests are published under the authority of the FEI and can in no case be modified or simplified without the approval of the FEI. These tests are as follows:

1. Tests for Young Horses:

1.1 Tests for four (4) year-old Horses (only for use at National Events).

1.2 Tests for five (5) year-old Horses.

1.3 Tests for six (6) year-old Horses.

1.4 Tests for seven (7) year-old Horses.

2. Prix St. Georges - Test of medium standard

This test represents the medium stage of training. It includes exercises to show the Horse's submission to all the demands of the execution of classical equitation and a standard of physical and mental balance and development which will enable it to carry the exercises out with harmony, lightness and ease.

3. Intermediate I - Test of advanced medium standard

The object of this test is to lead Horses on, progressively and without harm to their mind and body, from the correct execution of Prix St Georges to the more demanding exercises of the Intermediate Competition Number II.

4. Intermediate A

5. Intermediate B

6. Intermediate II - Test of advanced standard

The object of this test is to prepare the Horses for the Grand Prix.
7. Grand Prix – Test of the highest standard

The Grand Prix is a Competition of the highest level, which brings out the Horse's perfect lightness, characterised by the total absence of resistance and the complete development of collection and impulsion, which includes all the school paces and all the fundamental movements.

7.1 Short Grand Prix – Test of the same standard as the Grand Prix. The Short Grand Prix is used in all World Cup Events as referred to in the relevant Rules.

8. Grand Prix Special - Test of the same standard as Grand Prix

This is a Competition of the same level as Grand Prix, where especially the transitions are a matter of great importance.

9. The Freestyle Test

This is a Competition of artistic equitation to music at Young Riders, Junior, Pony Riders, Intermediate I or Grand Prix level. It includes all the school paces and the fundamental movements as in the test of the same level. The Athlete is, however, absolutely free in the form and manner of the presentation they choose within a fixed time in accordance with the technical freestyle rules. The test should clearly show the unity between Athlete and Horse as well as harmony in all the movements and transitions.

9.1 Degree of Difficulty: The FEI Freestyle System must be used at Championships, Games, Finals and WEL CDI-W in Grand Prix Level. The system may be used at CDIs/CDIOs, at Grand Prix level competitions at the discretion of the OC. Whenever used, it must be announced in the FEI approved Schedule. See FEI Freestyle System appliance guidelines published on the FEI Website.

10. Other Tests. No tests other than the Official FEI Dressage tests may be used at FEI Dressage Events. If an OC would like to try out a new test or competition format, this may be done as Show class(es) outside the CDI but included in the Schedule. Any such test requires approval of the FEI.

11. The Official Dressage tests for Young Riders, Juniors, Pony Riders and Children are given in the specific Regulations and published by the FEI. Any of these tests may only be used for Senior Competitions on prior approval by the FEI. Conditions for participation are as specified under Article 422 of the Dressage Rules. The same applies for the FEI World Dressage Challenge Tests.

ARTICLE 422 CONDITIONS OF PARTICIPATION

1. Definitions:

1.1 Athletes. International Senior Dressage Events are open to Athletes from the calendar year in which they reach their 16th birthday.

1.2 Para-Equestrian Athletes. Para-Equestrian Athletes are allowed to compete in FEI Dressage Competitions using compensating aids in accordance with their respective degree of disability as defined by the FEI Para-Equestrian Master list and the Standard Compensating Aids (see FEI Para Dressage Rules).

1.3 Separate Competitions for men and women are not allowed.

1.4 Horses of any origin may take part in International Dressage Events provided they are a minimum of six (6) years of age. Junior tests: minimum six (6) years; Young Riders/Prix St. Georges/Intermediate I: minimum seven (7) years; tests above Intermediate I: minimum eight
(8) years. Horses at all levels must have a height at the withers exceeding one meter and forty eight centimetre (1.48 m) without shoes, with the exception of Children’s events (CDI-Ch) where Ponies are allowed. See also specific Competitions/Events for five (5), six (6) and 7 (seven) year old young Horses. The age of Horses is counted from 1st January of the year of birth (1st August for Southern Hemisphere). If the country of birth is not known, then the formula for the northern hemisphere will be used.

\[ A = \text{Age (in Years)} \]
\[ C = \text{Current Year} \]
\[ B = \text{Year of Birth} \]

In the northern hemisphere the age of the Horse is calculated as follows (standard determination of the age):

\[ A = C - B \]

In the southern hemisphere the age changes 01 August (instead of 01 January) and is calculated as follows:

<table>
<thead>
<tr>
<th>Dressage</th>
<th>Current Date Before and until 31 July</th>
<th>From and after 01 Aug</th>
</tr>
</thead>
<tbody>
<tr>
<td>Born</td>
<td>A = C - B</td>
<td>A = C - B + 1</td>
</tr>
<tr>
<td></td>
<td>After 01 Aug</td>
<td>A = C - B - 1</td>
</tr>
</tbody>
</table>

1.5 Horses may only take part in one (1) Competition per day at International Dressage Events and may not start in a National Dressage Competition/Event from the start time of the Horse inspection until the day after completing their last international Competition at the same Event.

2. Levels of Competition:

2.1. Prix St. Georges. This Competition is open to all Horses

2.2. Intermediate I. This Competition is either open to all Horses or, if the Intermediate I has been scheduled after a Prix St. Georges the Intermediate I must be open to but not compulsory for minimum six (6) best Athlete/Horse combinations who qualified in the Prix St-Georges competition.

2.3. Intermediate I Freestyle. This Competition can only be scheduled after a Prix St-Georges or Intermediate I Competition. The Intermediate I Freestyle shall be open to but not compulsory for the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/horse combinations who qualified in the Prix St. Georges or Intermediate I competition. It is the discretion of the OC to make the Freestyle mandatory or not. This must be stated in the Schedule.

2.4 Intermediate A. This competition is open to all Horses.

2.5 Intermediate B. This competition is either open to all Horses or, if the Intermediate B has been scheduled after an Intermediate A, the Intermediate B must be open to but not compulsory for minimum the six (6) best Athlete/horse combinations who qualified in the Intermediate A competition.

2.6 Intermediate A/B Freestyle. This Competition can only be scheduled after an Intermediate A or Intermediate B. The Intermediate A/B Freestyle shall be open to but not compulsory for the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/horse combinations who qualified in the Intermediate A or Intermediate B. It is at the discretion of the OC to make the Freestyle mandatory or not. This must be stated in the Schedule.
2.7 Intermediate II. This Competition is either open to all Horses or, if the Intermediate II has been scheduled after an Intermediate A or B, the Intermediate II must be open to but not compulsory for the minimum six (6) (minimum) best Athlete/horse combinations who qualified in the Intermediate A or B competition.

2.8 Grand Prix. This Competition is either open to all Horses. or, if the Grand Prix is scheduled after an Intermediate II and considered as a Final, at the discretion of the OC, the Grand Prix may be open to all Horses or to the six (6) minimum to fifteen (15) maximum (including ties for 15th place) best Athlete/Horse combinations who qualified in the Intermediate II. The option chosen by the OC must be stated in the schedule and it is at the discretion of the OC to make the Grand Prix mandatory or not.

2.9 Grand Prix Special. A Grand Prix Special can only be scheduled after a Grand Prix Competition. In a CDI3* and above, the Grand Prix Special must be scheduled to be open to the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/Horse combinations who declared and qualified in the Grand Prix Competition. If fewer than six (6) combinations are qualified they may all start. If there are thirty (30) or more combinations in the qualifying Grand Prix, the OC is obliged to have a minimum of fifteen (15) starters in the Grand Prix Special. Athletes who declare their intention to qualify for the Grand Prix Special are obliged to compete if qualified. Athletes may start one (1) Horse only. For CDIOs, FEI Championships and Olympic Games, see Articles 449 and 456 of the Dressage Rules. For Athlete/Horse combinations qualified, it is mandatory to participate. In cases of legitimate cancellation due to illness, etc. the next Athlete/Horse combination will be invited to move up from the Grand Prix.

2.10 Grand Prix Freestyle. A Grand Prix Freestyle Test can only be scheduled after a Grand Prix Competition. At CDI-Ws a Grand Prix Freestyle Test is obligatory. The Grand Prix Freestyle shall be open to the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/Horse combinations who qualified in the Grand Prix Competition. If fewer than six (6) combinations are qualified they may all start. If there are thirty (30) or more combinations in the qualifying Grand Prix, the OC is obliged to have a minimum of fifteen (15) starters in the Grand Prix Freestyle. Athletes who declare their intention to qualify for the Grand Prix Freestyle are obliged to compete if qualified. Athletes may start one (1) Horse only. For CDIOs and FEI Championships as well as Olympic Games, see Articles 449 and 456 of the Dressage Rules. For Athlete/Horse combinations qualified, it is mandatory to participate. In cases of legitimate cancellation due to illness or other unforeseen circumstances, the next Athlete/Horse combination will move up from the Grand Prix.

2.11 Consolation Competition. Horses not qualified for the Grand Prix Special or the Grand Prix Freestyle Test and Horses who’s Athletes had opted for the Grand Prix Consolation beforehand may start in a Consolation Competition (Intermediate II or Grand Prix if scheduled). Consolation Competitions if scheduled will however never grant ranking points for the FEI World Dressage Ranking List or any qualification points for FEI Championships or Olympic Games and the prize money must be of lower level than the WDRL qualifying Competitions. Scores awarded in Consolation Competitions do not count for the purpose of achieving eligibility scores.

2.11.1 Consolation Competitions may be scheduled in small and medium tour.

2.11.2 A Consolation Competition must be judged by three (3) Judges only and must be clearly marked in the Schedule and results lists.

2.12 An Athlete who does not participate without legitimate reasons in a competition where the participation is mandatory, will lose their placing and prize money from the previous Competition(s) in the Event and will be disqualified.

3. Competition Protocols:

3.1 Qualification score for all Freestyle tests and Grand Prix Special.
A Horse must earn a minimum score of sixty percent (60%) in the qualifying Competition, in order to be eligible to start in a Freestyle of all levels or a Grand Prix Special Competition.

3.2 Number of Horses per Athlete per Competition.

3.2.1 At all CDI Events, the number of Horses each Athlete may ride in each Competition, except for Freestyle tests and the Grand Prix Special in which each Athlete may ride only one (1) Horse, is left to the discretion of the OC.

3.2.2 This rule is applicable also for CDIOs, with the exception of the Grand Prix, in which each Athlete may ride only one (1) Horse (see also Article 448 of the Dressage Rules.).

3.2.3 Under special circumstances, in CDIs where there are fewer than fifteen (15) Athlete/Horse combinations entered and starting in the qualifying competition, OCs may request special permission from the FEI to allow Athletes with two (2) Horses in the qualifying competition to go forward to the Freestyle competition. If permission is granted, both Horses will receive WDRRL points. The same conditions apply for the Grand Prix Special or other competitions scheduled between the qualification competition and the Freestyle. Such special permission must be stated in the approved Schedule.

3.2.4 However, when the OC in the Schedule for the Event in some Competitions allows the Athletes to ride more than one (1) Horse, it is advisable to make a provision that this permission may be withdrawn if too many nominated entries are sent in later on, before the closing date.

3.2.5 If the Athlete qualifies with two (2) Horses for the Freestyle test or any test that is considered as a Final and only one (1) Horse is allowed to participate, the Athlete may select which Horse to start.

3.3 Opting. In CDIs (except youth categories) with 3 competitions in the Tour, the Athletes must state, at the latest at the date of definite entry, for which of the two (2) following Competitions they wish to qualify. Athletes may give a 1st and 2nd choice if the OC so allows (e.g. Athlete will opt for Grand Prix Freestyle as 1st choice and Grand Prix Special as 2nd choice. The OC may also place the Athletes in the competitions based on the results of the first competition). If following the conclusion of the first Competition, any of the two next competitions is oversubscribed, the Athlete may then start in the other competition instead). Participation is, however, only possible in one (1) of the Competitions with the same Horse, and their original choice of Competition cannot be changed if there is space in that Competition.

3.3.1 In a CDI3*, If a GP Consolation is scheduled, the Athlete may opt to go from the Grand Prix to the GP Consolation, at the latest at the date of definite entry. For CDI3* and above outside Europe and North America, an Athlete may ride in three Grand Prix classes (Grand Prix, Grand Prix Special and Grand Prix Freestyle) but the Grand Prix Special and Grand Prix Freestyle are only open to the six (6) (minimum) to fifteen (15) (maximum including ties for 15th place) best Athlete/Horse combinations who qualified in the Grand Prix Competition.

3.4. Spreading of Competition over two (2) days. If the number of Athletes in a Competition exceeds approximately forty (40), the OC must spread this Competition over two (2) days or divide the Competition into two (2) separate Competitions. In extraordinary cases with more than eighty (80) Athletes, the FEI will make the final decision how to solve the situation.

Any eventual alteration of the foreseen time-table should be made in agreement with FEI.

3.5 Selection of Competitions. At any Event, the same Athlete/Horse combination can, however, only take part in Competitions of the same level, as defined below

3.6 Schooling of Horses/Ponies.

3.6.1 No one other than the Athlete may ride the Horse/Pony they are entered with, as of the official opening of the stables according to the FEI approved schedule as well as for the duration of the whole Event under penalty of disqualification (see Art. 429.10.4). This means, for instance, that a groom mounted in the saddle may walk the Horse/Pony on a long, safe rein and that lunging and verbal assistance from the ground from the trainer or their representative is permitted. An exception to this rule may only be granted under extraordinary circumstances in writing by the FEI or the President of the Ground Jury.

3.6.2 For use of whips, refer to Article 428 of the Dressage Rules. Under no circumstances is it permitted to school the Horses in other areas than the official training arenas. No schooling is permitted in any area which cannot be supervised by the Stewards.

3.6.3 Horses may not leave the stables, the Competition area, or the areas supervised by Stewards for any purpose unless authorised by a recognised FEI Official of the Event or a Veterinarian acting in the interest of the health and welfare of the Horse.

3.7 Certificates of Capability. For the Olympic Games and for FEI World and European Championships, a confirmation of capability for each Athlete/Horse combination is required from NFs for all entered combinations based on results at CDI3*/CDI4*/CDI5* and CDIOs. For FEI World Championships and Continental Championships on Grand Prix level, results from CDI2* outside Europe and North America may count under specific conditions. Qualification standards will be established from case to case for all FEI World and European Championships and Olympic Games and shall be published separately by the FEI. Such standards, when published, shall thereby be regarded as being part of the Dressage Rules. Certificate of Capability for other Championships and Games may be requested according to the requirements of the Event.

Where possible, groups should have the same number of starters; and where possible, five (5) Athletes per group. If the numbers are not evenly divided by five (5), the first group shall be the smallest i.e. for twenty three (23) Athletes: Group 1= three (3) Athletes, Group 2= five (5) Athletes, Group 3= five (5) Athletes, Group 4= five (5) Athletes and Group 5= five (5) Athletes. Athletes holding the same placing on the World Dressage Ranking List shall be drawn within the same group and groups must be adapted accordingly.

2. Individual Competitions. The draw for the starting order in individual Competitions should be made regardless of nationality. Should an Athlete have more than one (1) Horse, the order of starting may have to be adjusted to ensure that a gap of at least one (1) hour is left between their Horses. If the number of participants is so small that this gap cannot be obtained, the Athlete may decide in which sequence to start their Horses. For all Competitions not specified in these rules, an ordinary draw will be conducted.

2.1 CDI: For the Grand Prix Competition, the OC may choose to conduct

a) An ordinary draw; or,

b) A draw in groups of five (5) conducted in reverse order of the World Dressage Ranking List. (Not listed Athletes to be drawn first).

The type of draw used by the OC must be stated in the Schedule. If a judges exam takes place during the Competition a) an ordinary draw must be used.

3.1.1 For teams of three (3) Athletes only, the first starting position shall remain vacant.

3.1.2 For Championships on Grand Prix level and Games on Grand Prix level, the starting order of the teams will be drawn in groups of five, based on the average of the points of the participating team athletes on the FEI Individual World Ranking list.

3.2 The names of the individual Athletes are placed in a receptacle (A). Numbers equivalent to all starters are placed in a second receptacle (B).

An individual Athlete’s name is drawn from receptacle A and a starting place for that individual is drawn from receptacle B. A second individual’s name is drawn from receptacle A and a starting place for that individual and so on for all individuals.

When the Competition is held over two (2) days the individual starters shall be drawn in the reverse order of the World Dressage Ranking list and in two (2) groups the highest placed Athletes drawn on the second day. When the Competition is held in one (1) day the starting field will be divided in two (2) groups and the highest placed Athletes on the world ranking list will be drawn last.

3.3 Numbers equivalent to the starting number of teams are placed in a receptacle (C) and placed in another are the names of nationalities of competing teams (D). Then a draw is made for the name of a team, which will be followed by a draw for a number, giving a team its starting order. This continues until the order of the last team is drawn. When the competition is held over two (2) days, all teams must have two (2) Athletes on the second day.

3.4 The starting list is made out with the individual Athletes placed in the positions they have drawn. The team Athletes are then inserted in sequence in the remaining places.

3.5 The draw for the individual Competitions at CDIOs and FEI Championships shall be conducted in the following manner:

Grand Prix Special: In reverse order of result from the Grand Prix, in groups of five (5).

7. Regional Games. For the team test, the usual draw according to Article 425.3 of these Rules apply. For the individual Competition there will be a draw in groups of five (5). Groups of Athletes placed 11-15 to start first.

8. The starting order for all Competitions for which Athletes have had to qualify by competing in an earlier competition(s), shall be determined by way of a draw in groups of five (5). The draw must be stipulated in the Schedule. In case of ties within one (1) starting group the combinations that are tied shall be drawn in the same group and numbers adjusted accordingly.

9. If the Schedule permits the Athlete to start two (2) or more Horses in the Grand Prix, the OC has to define in the Schedule which Horse goes forward to the Grand Prix Special and to the Grand Prix Freestyle if both qualify.

10. Youth Championships

For the Team and Individual tests, an ordinary draw will determine the starting order in each Test. For the Freestyle test, there will be a draw in groups of five (5) in reverse order from the rankings of the individual competition. First drawn is a group of three (3), placed 18th to 16th. The Athletes in the group ranked 18th to 16th will start first, followed by the group ranked 15th to 11th, and so on.

6.3 Earplugs on Horses are allowed at Horse Inspections and prize-giving ceremonies only.

6.4 Any decoration of the Horse is not allowed. It is not allowed to paint any part of the horse’s body. Using coloured wound-spray and ointment if necessary is permitted, but it cannot be used to obscure an existing wound or injury.

6.5 it is strictly forbidden to use any type of white substance (like “marshmallow fluff”, shaving cream etc.) around the horse’s mouth to imitate foaming; this is considered cheating and against horse welfare as it can hide lip injuries. This will result in a warning or a yellow card.
7. **Fly masks:** Blinkers and fly masks that cover the Horse’s eyes are forbidden in the training and competition arena.

8. **Checking of Saddlery.** A visual check before leaving the last warm up arena may be conducted by the Stewards to prevent Athletes going into the field of play with any forbidden equipment. A visual check can be declined, as it is designed to help Athletes but is not compulsory. However, it remains the full responsibility of the Athlete not to enter with any forbidden piece of Saddlery. A Steward must be appointed to check the Saddlery of each Horse immediately after it leaves the arena. Any discrepancy will be reported to the Judge at C and result in immediate Elimination if confirmed. The checking of the bridle must be done with the greatest caution, as some Horses are very sensitive about their mouths (see FEI Steward’s Manual). **It shall be the Athlete’s/groom’s responsibility to remove ear hoods.** The Steward must use disposable surgical/protective gloves when checking the bridle (one -1- pair of gloves per Horse).

9. **Warming-up and training areas.** Paragraphs 1 to 5 above are valid also for warming-up arenas and other training areas where, however, snaffles with a cavesson or a normal dropped noseband, Mexican noseband or a Flash noseband, boots, bandages are allowed. Lunging cavessons, single direct side reins or double sliding side reins (triangle/dreieck zügel) are permitted when lunging. Lunging is allowed with one (1) lunge line only, attached to either a lunging cavesson or a snaffle bridle/bridoon. Lunging with lunge line attached to the curb is not allowed.

10. **Identification number.** Each Horse keeps the same identification number provided by the Athlete throughout the Event. It is compulsory that this number is worn by the Horse while actively competing and at any time while working in the exercise and schooling areas or being hand walked (from the time of their arrival until the end of the Event) so that they can be identified by all Officials including the Stewards. Failure to display this number incurs firstly a warning and, in the case of a repeated offence, a fine imposed on the Athlete by the Ground Jury. The identification numbers shall be discreet on white background, the colour of the numbers may vary.

11. **Boots and bandages:** At all international Events, boots and/or bandages on the Horse’s legs are forbidden while competing in the arena. The boots and/or bandages must be removed before entering the space around the Competition arena or the Athlete will be penalized. See Article 430 of the Dressage Rules.

**ARTICLE 429 ARENA AND EXERCISE AREAS (FOR DIAGRAM SEE ANNEX ARENA)**

1.1. **Approval.** At Olympic Games, Regional Games, and FEI Championships the Competition arena has to be checked and approved by the Technical Delegate. The appointed Foreign Athlete will be consulted during that process.

1.2. At all other International Events, the Competition arena has to be checked and approved by the Foreign Judge or the President of the Ground Jury. The appointed Foreign Athlete will be consulted during that process.

The Foreign Athlete is defined as the OC designated Athlete at International Events.

2. **Arena Specifications.** The arena, flat and level, must be sixty meters (60 m) long and twenty meters (20 m) wide. The difference in elevation across the diagonal or along the length of the arena shall in no case exceed sixty centimetres (60 cm). The difference in elevation along the short side of the arena shall in no case be more than twenty centimetres (20 cm). The arena must be predominantly of sand. The measurements above are for the interior of the enclosure, which must be separated from the public by a distance of not less than ten meters (10 m). Exception from this can be granted by the FEI. If the Competition is held indoors, the arena should, in principle, be a minimum distance of two meters (2 m) from the wall. The enclosure
itself must consist of a low white fence (rails which must not be solid), about thirty centimetres (30 cm) high. The part of the fence at A should be easy to remove, to let the Athletes in and out of the arena and must be kept closed during each Athlete’s performance and between tests, until the Judge at C gives the starting signal. The width of the entrance must be at least two metres (2 m). The rails of the fence should be such as to prevent the Horse's hoofs from being caught. The rails may not contain any metal components. Refer to Annex 11 and 12 for details on arena.

3. **Publicity on Dressage Fence and Judges’ Huts/Tables.** The FEI owns the sole right to publicity on the Dressage arena fence for all FEI Championships and FEI named Series. For these Events, the OCs may acquire publicity space from the FEI only by previous agreement, except for on the Dressage letters and their holders, where publicity is never allowed. Publicity may only be on the inside of the fence, in black only and must, with the exception of A, leave at least one meter fifty (1.50 m) free of publicity on either side of the arena letters. The short side at M C H must be completely free of publicity. There must be at least three meters (3 m) free of advertising on either side of B and E. A maximum of forty four meters (44 m) of publicity on the rails is accordingly permitted. The publicity must be positioned in a regular manner and each long side should reflect the other exactly.

The height of the sponsor brand/logo must not exceed twenty centimetres (20 cm) and the publicity must be fixed level with the top of the Dressage arena fence. Publicity may only be placed on the inside of the arena fence and never on the outside and any requirements in terms of agreements between the FEI and broadcasters as may be in force, must be respected.

Any publicity applied on the fence or Judges’ huts/tables must previously be approved also by the Foreign Judge or Foreign Technical Delegate before the start of the Competition. Any publicity at the front of the Judges’ huts may have a maximum dimension of 2m².

In accordance with the above stated positioning of publicity, it is always permissible to place the name and/or logo of the FEI approved Event on the Dressage fence.

For example: CDIO Aachen/CDI5* Cannes/CDI-W London.

OCs who violate these rules on will be fined by the FEI as appropriate under these Rules and the FEI GRs and/or may lose the CDI status of their Event.

4. **Letters.** The letters outside the enclosure should be placed about fifty centimetres (50 cm) from the fence and clearly marked. It is compulsory to place a marker on the fence itself, level with and in addition to the letter concerned. Publicity is not allowed on letters or on letter holders. Letters should also be visible for the public.

5. **Placing of Judges.** Three (3) Judges must be placed along the short side, on the outside of and a maximum of five meters (5 m), minimum of three meters (3 m) from the arena at outdoor Competitions and preferably a minimum of two meters (2 m) at indoor Competitions; the Judge at C on the prolongation of the centre line, the two (2) others (M and H) two meters fifty (2.50 m) from and on the inside of the prolongation of the long sides. The two (2) Side-Judges (B and E) must be placed on the outside of and a maximum of five meters (5 m), minimum three meters (3 m) from the arena at B and E respectively; at indoor Competitions preferably a minimum of two meters (2 m). When three (3) Judges are used one (1) should sit on the long side. See Article 437 of the Dressage Rules. When seven (7) Judges are used, the two (2) additional Judges will sit at the opposite short side of the Judge at C, five meters (5 m) from and on the inside of the prolongation of the long sides. Exceptions from this may only be approved by the FEI.

6. **Judges’ hut.** A separate hut or platform must be provided for each Judge. It must be raised not less than fifty centimetres (50 cm) (for Freestyle Tests possibly a little higher) above the ground, in order to give the Judges a good view of the arena. The booth/hut must be large enough to accommodate four (4) persons. Judges’ huts should provide good views of the entire arena. For FEI Championships and Games on Grand Prix level, each Judges hut must be
equipped with a button linked to the Judges Signalling System, allowing each judge to discreetly inform the C-Judge in case of blood, lameness, error of course or equipment. A Judges Signalling button is optional for other Events.

6.1 Only officiating people (to include Officials fulfilling promotion requirements) are allowed in the Judges’ huts. Any exceptions must have the prior approval of the PGJ and must be included in the Foreign Judge report to the FEI. No media nor recording equipment are allowed in the Judges’ hut.

7. **Pause.** It is necessary to pause for about ten (10) minutes after every six (6) to ten (10) Athletes, to reconstitute the surface of the ground. A pause or break during a Dressage Competition may never exceed more than two (2) hours (lunch, etc.) and must not be interrupted by another Competition (special permission may be granted by the FEI). An exception to this rule may only be granted under extraordinary circumstances by FEI HQ (request to be submitted in writing to the FEI). If a small in-between class is scheduled, it should be judged by another panel of Judges.

However, if the number of Athletes in a Competition exceeds approximately forty (40) the OC must spread this Competition over two (2) days.

8. **Entering the arena.** For Competitions where it is not practical for the Athletes to ride their Horses around the outside of the arena prior to entering the arena, Athletes are permitted to enter the arena before the bell is sounded. After the bell has sounded, the Athlete starts the test from within the arena.

For Competitions where it is possible to ride a Horse around the outside of the arena, the Athlete is allowed to enter the space around the arena before the bell is sounded but may only enter the arena after the bell has been sounded.

The Judge at C is responsible for bell and clock/time.

9. **Training in arena.** On no account and under penalty of disqualification, may an Athlete/Horse use the Competition arena at any time other than during their performance in a Competition or when at the discretion of the OC the main arena is open for training (see below). Any exceptions must be approved by the Technical Delegate or the President of the Ground Jury.

10. **Practice Arena.** At least one (1) practice arena of sixty meters (60 m) by twenty meters (20 m) must be placed at the disposal of the Athletes preferably a minimum of two (2) days before the first Competition of the Event. If possible, this arena should be of the same consistency as the Competition arena footing.

Where it is not practically feasible to provide a practice arena of sixty (60) metres by twenty (20) metres, the Athletes must be permitted to exercise their Horses in the Competition arena. A fixed time Schedule setting out the times during which the Competition arena may be used for training purposes should be clearly set out in the Schedule. If training is permitted in the Competition arena, it is recommended that the set-up of the final warm-up in the Competition arena is as similar as possible to the final Competition set-up.

The "ten (10) minutes Arena" is the last practice arena before entering the Competition arena. A ten (10) minutes Arena is obligatory for Olympic Games and FEI Championships and recommended for all other CDIs/CDIOs.

10.1 The ten (10) minutes arena must have the same footing as the main arena.

10.2 The Athlete may enter the ten (10) minute arena following the departure of the Athlete who enters the main arena. There may never be more than one (1) Athlete in the ten (10) minutes arena, unless otherwise decided by TD/FJ.

10.3 It is not obligatory for an Athlete to use the ten (10) minutes arena.
10.4 A steward must be present at all times to supervise all training/warm-up from the official opening time of the stables and may enforce rules prior to the official start of the Event.

10.5 Adjusting of saddlery is allowed and normal caring for the Horse is allowed.

11. **Interruption.** In case of any technical failure that will interfere with the Competition, the Judge at C shall ring the bell. It is recommended that in clear cases of external disturbance, the same procedure is applied. During extreme weather conditions or other extreme situations the Judge at C may ring the bell for interruption of the test. The Technical Delegate/OC may also suggest to the Judge at C to stop the Competition. The affected Athlete should return to complete their test when conditions so permit.

In the case of an Athlete’s music failing during a Freestyle Test and in cases where there is no back-up system, the Athlete can, with the permission of the Judge at C, leave the arena. There should be minimum interference with the starting times of the other Athletes. The affected Athlete should return to complete or restart their test during a scheduled break in the Competition or at the end of the Competition. The Judge at C, after conferring with the Athlete, will determine when the Athlete should return to the arena. It is up to the Athlete whether to restart the test from the beginning or to commence from the point where the music failed. In either case, the marks already given will not be changed.

If there are foreign objects in the arena which could have an influence on performance, the test has to be stopped and the Athlete can continue once the object has been removed.

If an Athlete has to restart an ordinary test, they can choose to start from the beginning of the test or from where stopped. Any scores given before the interruption remain.

**ARTICLE 430 EXECUTION OF THE TESTS**

The Official FEI tests must be carried out entirely from memory, and all movements must follow in the order set forth in the test.

1. **Sound of bell.** After the sound of the bell, the Athlete must enter the arena at A within forty five (45) seconds. In the Freestyle, the Athlete has forty five (45) seconds to signal to start the music and must enter the arena within thirty (30) seconds of the music starting.

During Freestyle tests, in case of technical failure or delay in start of the music, the Judge at C can interrupt the count and re-continue after the problem has been resolved. The Judge at C is responsible for the bell and clock/time. A clock showing forty five (45) seconds, should be used whenever possible, and should always be clearly visible for the Athlete.

In the event that the Horse starts to defecate or urinate, the clock will be stopped until the Horse is ready to continue at which point the clock will be restarted.

2. **Salute.** Athletes must take the reins in one (1) hand at the salute. Athletes with top hat/bowler have the choice to take the hat off or just nod.

3. **Error of course.** When an Athlete makes an “error of course” (takes the wrong turn, omits a movement, etc.) the Judge at C warns them, by sounding the bell. The Judge at C shows the Athlete, if necessary, the point at which they must take up the test again and the next movement to be executed, then leaves them to continue on their own. However, in some cases when, although the Athlete makes an “error of course”, the sounding of the bell would unnecessarily impede the fluency of the performance - for instance if the Athlete makes a transition from medium trot to collected walk at V instead of at K, or, cantering up the centre line from A, makes a pirouette at D instead of at L - it is up to the Judge at C to decide whether to sound the bell or not. However, if the bell is not sounded at an error of course and the test requires the same movement to be repeated and the Athlete again makes the same error, the Athlete is only penalised once.
4. **Error of test/execution.** When an Athlete makes an "error of the execution of the test" (trots rising instead of sitting, etc.) they must be penalised as for an "error of course". In principle an Athlete is not allowed to repeat a movement of the test unless the Judge at C decides on an error of course (sounds the bell). If, however, the Athlete has started the execution of a movement and attempts to do the same movement again, the Judges must consider the first movement shown only and at the same time, penalise for an error of course.

5. **Unnoticed error.** If the Ground Jury has not noted an error, the Athlete has the benefit of the doubt and will therefore not be penalised for the error.

6. **Penalties**

6.1 **“Error of Course”**.

Every "error of course", whether the bell is sounded or not, must be penalised, except as noted above.

<tr>
<th>First error</th>
<th>Two (2) percentage points from the total score (per Judge).</th>
</tr>

<tbody>
<tr>

<td>Elimination.</td>
</tr>
</tbody>
</table>

For Young Horses tests, Children, Pony Riders and Junior tests, the deduction for the first error is zero point five percentage points (0.5%) from the total score, for the second error one percentage point (1%) and for the third error, Elimination.

6.2 **Other Penalties – Technical faults**

It is the responsibility of the Judge at C to decide whether a penalty should be applied and the other judges' sheets should be marked accordingly to ensure consistency.

All of the following are considered technical faults, and two (2) points 0.5% (zero point five percentage points) will be deducted per fault by each Judge, but these deductions are not cumulative and will not result in Elimination (including for Freestyle tests):

- Entering the space around the arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g. lack of gloves) and/or
- Entering the Dressage arena with a whip or with boots/bandages on the Horse's legs or with discrepancy in dress (e.g. lack of gloves). If the test has already started before the discrepancy has been noticed, the Judge at C stops the Athlete and if needed and possible, an assistant may enter the arena to remove the item(s). The Athlete then continues the test, either starting from the beginning (from the inside of the fence) or from the movement where they were stopped. The marks given before they were stopped are not changed;
- Entering the arena before the sound of the bell;
- Not entering the arena within forty five (45) seconds after the bell, but within ninety (90) seconds;
- For Freestyle tests, entering the arena after more than thirty (30) seconds of music;
- Using voice or clicking the tongue repeatedly
- Athletes not taking the reins in one (1) hand at the salute.

If the Freestyle test is longer or shorter than stipulated on the test sheet, zero point five percentage points (0.5%) will be deducted from the total artistic score, for other technical faults 0.5% (zero point five percentage points) will be deducted per fault from the technical score.

6.3 **Penalty Percentage Points.** The penalty percentage points are deducted on each Judge's sheet from the total points obtained by the Athlete. In Children classes and classes forre 7 yo Horses, penalty percentage points have to be deducted from both judging procedures (technical judges and quality judges).
7. **Elimination.**

7.1 **Lameness.** In a case of marked lameness, the Judge at C informs the Athlete that they are eliminated. There is no appeal against this decision.

7.2 **Resistance.** Any resistance which prevents the continuation of the test longer than twenty (20) seconds is punished by Elimination. However, resistance that may endanger Athlete, Horse, Officials or the public will result in elimination for safety reasons earlier than within twenty (20) seconds. This also applies to any resistance before the entering the Dressage arena or when leaving the arena.

7.3 **Fall.** In the case of a fall of a Horse and/or an Athlete, the Athlete will incur in Elimination.

7.4 **Leaving Arena During Dressage Test.** A Horse leaving the arena completely, with all four (4) feet, during a Dressage Competition between beginning and end of the test will be eliminated.

7.5 **Unauthorised Assistance.** Any outside help by voice, signs, etc. (earphone and/or electronic communication devices included) is considered as illegal or unauthorized assistance to an Athlete or to their Horse. An Athlete or Horse receiving unauthorised assistance must be eliminated.

7.6 **Bleeding:**

7.6.1 If the Judge at C suspects fresh blood anywhere on the Horse during the test, they will stop the Horse to check for blood. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test.

7.6.2.1 If the FEI Steward discovers fresh blood in the Horse’s mouth or in the area of the spurs during the check at the end of the test (Article 430.9), they inform the Judge at C, who will eliminate the Horse and the Athlete.

7.6.2.2 If the FEI Steward discovers fresh blood anywhere else on the Horse’s body (i.e. other than the Horse’s mouth or in the area of the spurs) during the check at the end of the test, the Athlete/Horse combination is not automatically eliminated. The FEI Chief Steward shall inform the Judge at C whether the Horse is fit to continue in following competition(s) in the Event. The Judge at C will take a decision on the Horse’s fitness to continue, based on the FEI Veterinarian’s advice. If the Judge at C decides the Horse is not fit to continue, the Horse will not be permitted to take part in any further Competition(s) or tests at the Event, but the result(s) obtained by the Athlete/Horse combination in any Competition(s) or tests already completed shall stand.

7.6.3 If the Horse is eliminated pursuant to the above, or if the Horse is injured during the test and starts bleeding after finishing the test, it should be examined by an FEI Veterinarian prior to the next Competition to determine if it is fit to continue in the Event the following day(s). The decision of the FEI Veterinarian is not subject to appeal.

7.7 **Other Reasons for Elimination**

- Horse and Athlete combination not being able to fulfil the requirements of the level.
- The performance is against the welfare of the Horse and/or shows abusive riding.
- Horse and Athlete combination not entering the Competition arena within ninety (90) seconds after the bell. Except where a valid reason thereto has been informed to the Judge at C (valid reason may be losing a shoe, etc.).
- Riding with non-permitted equipment which is not covered under Article 430.6.2.

8. **Execution of Movement at Certain Point.** In a movement which must be carried out at a certain point of the arena, it should be done at the moment when the Athlete's body is above this point, except in transitions where the Horse approaches the letter from a diagonal or
perpendicular to the point where the letters are positioned. In this case, the transitions must be done when the Horse’s nose reaches the track at the letter so that the Horse is straight in the transition. This includes the execution of flying changes.

9. **Beginning/End of Test.** A test begins with the entry at A and ends after the salute at the end of the test, as soon as the Horse moves forward. For the sole purpose of checking the Athlete/Horse for blood or correct equipment, the test is not considered ended until after the check of the equipment. Any incidents before the beginning or after the end of the test have no effect on the marks. The Athlete should leave the arena in the way that is prescribed in the text of the test.

10. **Details to The Freestyle Test.** An Athlete must enter the arena within thirty (30) seconds of the music starting.

At the beginning and end of a Freestyle Test a halt for the salute is compulsory. The test time will start after the Athlete moves forward after the halt and stop with the final salute.

Refer further to Dressage Judging Guidelines published on the FEI Website.

11. **Details for competitions for Young Horses**

Refer further to the FEI Dressage Handbook.

**ARTICLE 431 TIME**

Time of tests. Only Freestyle tests are timed (Article 421 of the Dressage Rules). The time shown on the other Judge’s sheet is for information only.

**ARTICLE 432 MARKING**

1. All movements, and certain transitions from one to another, which have to be marked by the Judges, are numbered on the Judge’s sheet.

2. They are marked from zero (0) to ten (10) by each Judge, zero (0) being the lowest and ten (10) the highest mark.

3. The scale of marks is as follows:

   |    |     |     |     |
---|-----|-----|-----|-----|
10 | Excellent | 7  | Fairly good | 4  | Insufficient | 1  | Very bad |
  | Very good | 6  | Satisfactory | 3  | Fairly bad | 0  | Not executed |
  | Good | 5  | Sufficient | 2  | Bad |     |     |

All Half marks from 0.5-9.5 may also be used both for movements and the collective mark, at the discretion of the judge.

“Not executed” means that practically nothing of the required movement has been performed.

In Freestyle Tests, half marks may be used for all marks and 0.1 decimals may be used for the artistic marks.

In tests for Young Horses, decimals to .1 may be used

**Collective mark:** After the Athlete has finished their performance, a collective mark is awarded for General impression. [This change is to come into force as of 01.01.2021 with a clear definition]

The Collective mark is awarded from zero (0) to ten (10).
The collective mark, as well as certain difficult movements, can be given a coefficient, which is fixed by the FEI.

**ARTICLE 433 JUDGES’ SHEETS**

1. **General**

1.1 The Judges' sheets have two (2) columns: the first for the Judge's original mark, the second for the corrected score. Any corrected score must be initialled by the Judge having made the correction. Judges’ scores must be endorsed by the Judge.

1.2 There is also a column for the Judge's remarks, where the Judge as far as possible, should state the reason for the judgment. Remarks must be in English. Giving remarks is strongly recommended, when giving marks of five (5) and below. Remarks are intended for the information of the Athlete.

1.3 The original of the Judges' sheets of the placed Athlete/Horse combinations from the Olympic Games must be sent to the FEI by the OC, together with the results of each Competition, including a list where the total percentage awarded by each Judge for each Athlete must be clearly shown. A copy of the Judges' sheets should be available to the Athletes.

1.4 The final results of the class must be signed off by the President of the Ground Jury or the Foreign Judge/TD as appropriate.

1.5 All FEI Dressage test sheets can be downloaded from the FEI website.

1.6 When there is a JSP, signed form with the JSP correction will be added to the normal Judges’ sheets and made available to the Athletes. A copy of the form will be given to the respective Judge, whose mark was corrected.

2. **Paper Judging**

2.1 The original Judges’ sheets from CDIs and CDIOs should be available to the Athletes after the Competition. No copies are required by the FEI.

3. **Paperless Judging**

3.1 The use of a paperless judging system is subject to FEI Approval and must be stated in the Event schedule.

3.2 Only FEI approved paperless judging systems as per the FEI requirements posted on the FEI Website may be used.

3.3 In any event, a paper version of the Dressage tests must be available to the Judges during competition as backup.

3.4 The electronic judges’ sheets will be made available to the Athletes in an electronic format via the FEI platform after the competition. The access to the Athletes’ electronic judges’ sheets is strictly personal.

**ARTICLE 434 CLASSIFICATION**

1. After each performance and after each Judge has given their collective mark and signed the sheets, these pass into the hands of the scorers. The marks are multiplied by the corresponding coefficients, where applicable, and then totalled.

2. The total score for the classification is obtained by adding the total points on each of the Judges' sheets, eventually corrected for changes by the JSP, and converted to percentage. Penalty
The percentage points for errors of course are deducted from the total score (per Judge). All results and scores (to include artistic and technical % scores) must be published in percentages with numbers to three (3) places after the decimal point.

3. The individual Classification (CDIs) is decided as follows:

3.1. In all Competitions the winner is the Athlete having obtained the highest total percentage, the second placed Athlete is the one with the next highest total and so on.

Ties. In case of equality of percentage for the first three (3) places, the highest total median score of the Judges will decide the placing. The median score is the middle number. To calculate the median of a set of scores, the scores need to be put in ascending numerical order. E.g. 68.5% - 69% - 70% - 70.5% - 71%; 70% is the median score in this case.

In case of equality of percentage in a Freestyle Test for the first three (3) places, the higher artistic marks will decide on the better placing.

In case of equality of percentage for remaining places, the Athletes are given the same placing.

3.2 Ties in Young Horses Competitions.

In case of equality of percentage for the first three (3) places, the following system must be used to break the tie: add the marks for “submission” and “perspective”, and divide by two; the Athlete/Horse combination with the higher average mark will be ranked highest. If still tied, the “submission” mark will decide. If still tied, the combinations will be equally placed.

For the individual classification at CDIOs, FEI Championships and Olympic Games, refer to Articles 452 and 459 of the Dressage Rules.

4. The Team Classification (CDIOs) is decided as follows: in all team Competitions the winning team is the one having the highest total points of their three (3) best Athletes, the second placed team is the one with the next highest total and so on.

Ties. In case of equality of points, the higher ranked team will be the one whose lowest classified Athlete out of the three (3) has the best result.

5. Complaints/protests. In the case of a protest/complaint being made about formal mistakes only the accredited official video (if official video recordings are contracted), can be used as evidence.

ARTICLE 435 CALCULATION AND PUBLISHING OF RESULTS

1. After each performance the percentage awarded by each Judge will be calculated and published separately and provisionally, in addition to the general total.

1.1 The reference maximum total points to be used for the calculation is indicated on each test sheet.

For example:

- Grand Prix: 460 points.
- Grand Prix Freestyle: 200 points for technical and 200 points for artistic
- YH 7 y.o Final: 350 points for technical and 50 points for quality

1.2 Percentages: all percentage calculations must be rounded up or down to three (3) decimals after the decimal point as per the following principle and example: 0.0011-0.0014 down; 0.0015 – 0.0019 up.

2. Calculations:

2.1 In tests with technical marks only, the total average percentage per Judge is calculated by adding the total marks per movement divided by the maximum total points (see 435.1.1) x 100.
2.2 In tests with technical and artistic marks or technical and quality marks, the total average percentage per Judge is calculated by adding the technical and artistic percentages or technical and quality percentages and dividing by two.

2.3 The final percentage is obtained by adding the total average percentage per Judge divided by the number of Judges.

For example:

1) Total average percentage per Judge: E= 69.990%, H=70.333%, C=70.205% M=71.120%, B= 69.660%
2) Final percentage: 70.262%.

3. All results published in percentages must have numbers to three (3) decimals after the decimal point.

4. At FEI Continental Championships for Seniors, Regional Games, FEI World Championships, FEI World Cup™ Dressage Finals and Olympic Games, the score given by each Judge for each movement performed by the participants must be made available in spreadsheet form (one - 1- form for each Athlete) for the use of Judges, Athletes, Chefs d’Equipe and the media.

5. If an Athlete withdraws prior to a Competition, is excused, eliminated or a “no show” prior to or during the performance of a test, the words “withdrawn” or “excused”, “eliminated” or “no show” or abbreviations must appear after the Athlete’s name in the result sheet.

- Withdrawn and excused: the Athlete has cancelled their start prior to a test with a valid reason accepted by the President of the Ground Jury;
- Retired: started but abandoned;
- Eliminated: the Athlete has started, but the Athlete had to end the performance due to the breach of the Dressage Rules;
- No show: the Athlete did not come to start without further information.

6. Scoring. No scoring should be visible to the judges during a test. Solutions to show a running score (total average percentage) and open scoring (average marks per movement for all judges) to the audience are encouraged.

ARTICLE 436 PRIZE-GIVING

1. Participation in the prize-giving ceremony of placed Athlete/Horse combinations is compulsory. Failure to do so entails losing the classification (rosette, plaque, prize in kind, prize money). In all Competitions the winner is the Athlete having obtained the highest final percentage, the second placed Athlete is the one (1) with the next highest total and so on.

Ties. In case of equality of percentage for the first three (3) places, the highest total median score of the Judges will decide the placing. The median score is the middle number. To calculate the median of a set of scores, the scores need to be put in ascending numerical order. E.g. 68.5% - 69% - 70% - 70.5% - 71%; 70% is the median score in this case.

Definition AIDEO Minimum Standard Footing

The soil has to be elastic and has to have a good grip to enable the hoof to have a gliding phase (not dull) in the sand. The used materials should not be too big, sands and stone meals should not have a grain size higher than 4mm, fleece approximately 30 mm and fibres <50 mm length. The fleece or fibre portion should not be too high. Wood supplements are harmless; however, the wood shavings should not be bigger than 40 x 10 mm (Caution: wood becomes organic). The used materials are not to be too coarse-grained or sharp-edged. Rubber mats could be useful under certain circumstances depending on the drainage. When maintaining the soil, attention is to be paid that the soil does not compress too much, and that the moisture level is adequate. The soil must not stick to the hoofs.

ANNEX 9 – CODEX FOR FEI DRESSAGE JUDGES

The FEI requires that all those officiating in international equestrian sport adhere to the FEI Officials’ Code of Conduct (see General Regulations) and to the Codex for FEI Dressage Judges hereafter:

1. The FEI Dressage Judge is an expert on Dressage and Horses, who must have knowledge of the principles of Dressage, of the FEI-Rules and Regulations and, based on their technical competence, is qualified to judge FEI International Dressage competitions.

The Judge is always representing the FEI.

2. A Judge must avoid any actual or perceived conflict of interest. A judge must have a neutral, independent and fair position towards Athletes, owners, trainers, OCs and other Officials and integrate well into a team. Financial and/or personal interest must never influence or be perceived to influence their way of judging.

It is the responsibility of the Judge to be in good health and fit to officiate throughout the duration of the Event.

Activities which will lead to or may lead to a “conflict of interest” when officiating at a CDI, include but are not limited to:

- Training a participating Horse/Athlete for more than three (3) days in the twelve (12) month period prior to an Event or any training of a Horse/Athlete during a period of nine (9) months before Olympic Games, World Equestrian Games, Continental Championship on Grand Prix level, or World Cup Final, and three (3) months before any other FEI Event.
- Nationalistic judging.

A Judge has the responsibility to notify the FEI in writing of any of the above or other possible conflicts of interest or situations that may be perceived as such.

3. A Judge has to be well prepared for the tests they are judging and has to cooperate well with the OC and their colleagues.

4. A Judge has to be dressed appropriately and must always be aware that they are representing the FEI. The use of electronic communication, other than the Judges Signalling system, including mobile phones, is forbidden inside the Judge’s huts while judging. Alcohol should not be consumed by Judges until finishing the day's judging. Scores from previous tests must not be used by the Judge while judging.

4.1 Only officiating people (to include Officials fulfilling promotion requirements) are allowed in the Judges’ huts. Any exceptions must have the prior approval of the PGJ and must be included in the Foreign Judge report to the FEI. No media nor recording equipment are allowed in the Judges’ hut.
5. The FEI and the FEI Dressage Committee have the right to undertake disciplinary actions against judges who do not follow the Codex and the FEI Rules and Regulations.

Such disciplinary actions may consist of (See also GRs - FEI Officials' Code of Conduct):

- Warning letter
- Temporary suspension
- Demotion
- Removal from the FEI Dressage Judges’ list
