The FEI Para ~~Equestrian~~ Dressage World Individual Ranking list is a ranking list of athletes. The ranking list takes into consideration the six (6) best results/percentage scores of the athlete regardless of the horse.

The overall Rankings includes all Para ~~Equestrian Dressage~~ Grades, I, II, III, IV and V for the Team and Individual tests at all CPEDIs 3* and the Individual tests at FEI World Equestrian Games and Paralympic Games. ~~The results from the Team test and the Individual test~~ Each of the defined tests give points according to the below table (the percentages will count with the first digit behind the comma, for example see ranking points 160-170. The second digit behind the comma does not have any influence on the calculation of the ranking points, e.g. a percentage of 66.701 or 66.799 are both awarded with 167 ranking points). The athlete gains separate points from both tests if he rides both tests. All points are added up on the ranking list.

The Rankings per Grade will be calculated the same as the overall Rankings. Points earned in a specific Grade won't be moved with the athlete and will be keep-kept in the Ranking Grade where the points were earned.

Only athletes that are registered with the FEI for the current year, competing on horses registered with the FEI for the current year, will be included within the Rankings.
