

FEI PARA DRESSAGE WORLD TEAM RANKING LIST

Effective from 1st January 2024

The Para Dressage World Team Ranking List takes into account the points obtained over a twelve month period beginning on 1st January and ending on 31st December. The Ranking List begins on 1st January each year with the carry-over of the total number of points which have been accumulated during the previous year until 31st December. At the end of each month, the points earned during that month are added to the list. The points from the same month the previous year are dropped from the list.

The following results count for the FEI Para Dressage Team Rankings:

Team Classification results of all CPEDIs 3*; and

The results of the Team Classification at the FEI World Championships* and Paralympic Games*.

For the Team Ranking, the best total Team Classification results from a maximum of three (3) events are added together within the above stated period.

*The Rankings points earned at the FEI World Championships and Paralympic Games will be multiplied by two.

Only National teams count for the Rankings. No country may enter more than one team in any event. For the Team results calculation, please refer to the FEI Para Dressage Rules.

Only athletes that are registered with the FEI for the current year, competing on horses registered with the FEI for the current year, will be included within the Rankings.

Three decimal points will be used (*if the fourth decimal is 0-4, it does not influence the third one; if it is 5-9, the third decimal is rounded up*). In case of equality, the highest percentage per team in the Team test will be decisive.

FEI PARA DRESSAGE WORLD INDIVIDUAL RANKING LIST

The Para Dressage World overall Individual Ranking List and the Individual per Grade Rankings List takes into account the points obtained over a twelve month period beginning on 1st January and ending on 31st December. The Ranking List begins on 1st January each year with the carry-over of the total number of points which have been accumulated during the previous year until 31st December. At the end of each month, the points earned during that month are added to the list. The points from the same month the previous year are dropped from the list.

The following results count for the FEI Para Dressage Individual Rankings:

The individual's results in the Para Grand Prix A test and the Para Grand Prix B test at all CPEDIs 3*; and

The results of the Para Grand Prix A-test at the FEI World Championships* and Paralympic Games*.

*The Rankings points earned at the FEI World Championships and the Paralympic Games will be multiplied by three.

An athlete may compete on more than one horse at an event but can only count the highest placed horse (best result) for points from the event.

The FEI Para Dressage World Individual Ranking list is a ranking list of athletes. The ranking list takes into consideration the six (6) best results/percentage scores of the athlete regardless of the horse.

The overall Ranking includes all Para Dressage Grades, I, II, III, IV and V for the Para Grand Prix A test and Para Grand Prix B test at all CPEDIs3* and the Para Grand Prix A test at FEI World Championships and Paralympic Games. Each of the defined tests give points according to the below table (the percentages will count with the first digit behind the comma, for example see ranking points 160-170. The second digit behind the comma does not have any influence on the calculation of the ranking points, e.g. a percentage of 66.701 or 66.799 are both awarded with 167 ranking points). The athlete gains separate points from both tests if he rides both tests. All points are added up on the ranking list.

The Rankings per Grade will be calculated the same as the overall Rankings. Points earned in a specific Grade won't be moved with the athlete and will be kept in the Ranking Grade where the points were earned.

Only athletes that are registered with the FEI for the current year, competing on horses registered with the FEI for the current year, will be included within the Rankings.

Medical or Maternity Leave.

Medical Leave:

1. Athletes may request an official FEI medical leave provided that the medical condition is certified in writing by a medical doctor. To request the official FEI medical leave, the Athlete must submit the doctor's certificate and the completed Medical Leave Form, available on the [FEI website](#), to the FEI Para Dressage Department. The Athlete can choose the duration of their medical leave, with the minimum period being six (6) months and the maximum period being twelve (12) months. Applications cannot be submitted retroactively.
2. In the Medical Leave Form, the Athlete must indicate the start date and requested end date (the "**Medical Leave End Date**") of the official FEI medical leave. If the Athlete does not specify a Medical Leave End Date in the Medical Leave Form, the minimum period of six (6) months will automatically apply unless the Athlete subsequently informs the FEI Para Dressage Department otherwise, as per the process set out in Article 8 below. Where an Athlete requests an official FEI medical leave, the following rules apply in relation to the Athlete's ranking points.
3. In the period during which an Athlete has officially ceased to compete due to an official FEI medical leave, they will retain 50% of the Para Dressage World Rankings points earned from the corresponding months of the preceding year until their Medical Leave End Date.
4. The minimum length of time for which an Athlete may be granted an official FEI medical leave is six (6) months.
5. If the Athlete returns from an official FEI medical leave after less than six (6) months, no points will be retained from the corresponding months of the preceding year and the rankings will be recalculated accordingly.
6. The maximum length of time an Athlete may benefit from an official FEI medical leave of absence at one time is twelve (12) months.

7. During the period when an Athlete is on an official FEI medical leave, they may not compete in international or national Competitions; the FEI will inform the Athlete's NF accordingly.
8. If the Athlete wants to be eligible to compete in international or national Competitions prior to the Medical Leave End Date (as stated in the Medical Leave Form), the Athlete concerned must inform the FEI Para Dressage Department at least four (4) weeks in advance of the date when they want their medical leave to end. The official FEI medical leave will end on that new date (provided the minimum period of six (6) months has expired). The FEI will inform the Athlete's NF accordingly and the Athlete will be eligible to compete in international and national competitions as of the new end date.
9. If the Athlete wants to prolong the official FEI medical leave beyond the period originally stated on the Medical Leave Form, the Athlete must apply to the FEI Para Dressage Department prior to the expiration of the original period of the official FEI medical leave and submit an updated medical certificate to justify the extension request. In no case can the overall period of the official FEI medical leave exceed 12 (twelve) months.

Maternity Leave:

10. Athletes may request an official FEI maternity leave provided that the maternity is certified in writing by a medical doctor. To request the official FEI maternity leave, the Athlete must submit the doctor's certificate and the completed Maternity Leave Form, available on the [FEI website](#), to the FEI Para Dressage Department. The Athlete can choose the duration of their maternity leave, with the minimum period being three (3) months and the maximum period being twelve (12) months. Applications cannot be submitted retroactively.
11. In the Maternity Leave Form, the Athlete must indicate the start date and requested end date (the "**Maternity Leave End Date**") of the official FEI maternity leave. If the Athlete does not specify a Maternity Leave End Date in the Maternity Leave Form, the maximum period of twelve (12) months will automatically apply unless the Athlete informs the FEI Para Dressage Department otherwise, as per the process set out in Article 17 below. Where an Athlete requests an official FEI maternity leave, the following rules apply in relation to the Athlete's ranking points.
12. In the period during which an Athlete has officially ceased to compete due to an official FEI maternity leave, they will retain 50% of the Para Dressage World Rankings points earned from the corresponding months of the preceding year until their Maternity Leave End Date.
13. The minimum length of time for which an Athlete may be granted an official FEI maternity leave is three (3) months.
