- 1.2 Registration:** Teams must be registered before January 26th 2023.
- 1.3 Team agreement:** A team can only register if it has concluded an agreement with the GCL. The fee is the same for all teams, except if a team registers for more than one (1) GCL season.
- 1.4 No additional teams:** No team shall be added following the closing of the registration process.

2. Team Composition

- 2.2 Athletes from Jumping Longines Rankings:** Teams must register a minimum of two (2) athletes who were ranked within the Top 250 of the Jumping Longines Rankings as per August 31st 2022. These athletes remain eligible under Group 2 of the Global Champions Tour (“GCT”) invitation rules, regardless any changes in their ranking during the entire season.
- 2.3 Athletes under 25:** To encourage the exposure and training of future professional show jumping athletes, the creation of a development squad by each team is encouraged. If a team wishes to register six (6) athletes, one (1) of the six (6) athletes must be 25 years of age *) or younger and not be ranked in the Top 30 in the Jumping Longines Rankings as of August 31st, 2022. Otherwise, a team can register five (5) athletes only.
- *) i.e.: reach the age of 25 years between January 1st and December 31st 2023
- 2.4 Athlete transfer window:** There is one transfer window during the GCL season, the dates of which will be communicated before the start of the season. Each Team can do a maximum of 2 riders change. Whilst transfers during the GCL season are thus possible, each team must at all times during the GCL season comply with the team competition requirements of this Article 2. Horses may be freely transferred between teams during the season.
- 2.5 Athlete substitution outside a transfer window:** Substitution of an athlete outside the transfer window is only exceptionally possible for medical reasons in case the athlete is unable to compete for a minimum period of two (2) months (corroborated by an official declaration of a medical doctor), or in case of sanctions that are not the fault of or could not be reasonably prevented by the team owner.
- 2.6 Procedure:** Should circumstances – as described under article # 2.5 above – apply, the Team Manager (see article # 3) in question must inform GCL in writing, by means of the official GCL team member substitution request form, about an intended substitution of one of his/her team’s athletes; the document must making clear:
- Which of the members of the team in question will be temporarily unable to compete;
 - What is the reason for the unavailability of the athlete concerned, corroborated by a certificate issued by a medical doctor or by official documents corroborating the sanction in force (if any);
 - Which athlete is due to be added to the team concerned, in order to replace the team member temporarily unfit to compete and/or sanctioned;
 - As from which date during the GCL season the substitution is supposed to come into effect.
- 2.7 Decision:** GCL will inform the Team Manager in question in writing – within three days maximum following the date of receipt of the official GCL substitution request form, provided all information required for a decision has been made available by the GCL Team concerned – whether or not the substitution requested will carry GCL approval. In case of insufficient information for GCL to take a decision, GCL will inform the Team Manager concerned accordingly.
- 2.8 Rejection:** In case of a rejection of the intended substitution GCL has the obligation to provide a detailed justification for its rejection.
- 2.9 Reverse of substitution:** An athlete – out for medical reasons or being sanctioned – can come back in the Team, when recovered or in case his/her sanction no longer applies, at any time during the GCL season. The Team Manager must request GCL in writing to reverse the substitution concerned. The moment to apply the reverse must however at all times be in line with the deadlines for entries for the next upcoming GCT/GCL event.

2.10 Reply: GCL will reply within three days maximum following the date of receipt of the GCL reverse of substitution request form, provided all information required for a decision has been made available by the GCL team concerned – whether or not the reverse of substitution requested will carry GCL approval. In case of insufficient information for GCL to take a decision, GCL will inform the Team Manager concerned accordingly.

2.11 The athlete substituting the rider temporarily unable to compete, must:

- a. meet the same criteria (in terms of eligibility as a team member) as those applicable to the athlete he/she will be substituting;
- b. leave the team with immediate effect, once the initial athlete (after being recovered or no longer being sanctioned) has again taken his/her position on the team concerned, i.e. following GCL approval of the reverse of substitution.

2.12 Should it be established by GCL that the substitution of a team member has been applied based upon incorrect information, all results of the team concerned – to which the substituting rider has contributed as a competing team member – will be considered null and void. Subject to FEI's approval, the team concerned will be disqualified from the GCL competition(s) concerned and will not be entitled to receiving points and prize money at the event(s) in question. This can be done retroactively.

3. Team Manager

3.1 The Team Manager is the only spokesman and designated representative of a team;

3.2 The Team Manager is the contact person between his/her team and the GCL, host organizers and the officials at each GCL Event;

3.3 The Team Manager will have the authority and responsibility to bind the team in relation to all matters, including matters pertaining to horse welfare and the protection of the athletes;

3.4 The team manager will be considered as an additional person responsible, in accordance with FEI rules;

3.5 The Team Manager will be registered in that capacity with GCL.

4. GCL Events

4.1 Length of 2023 GCL season: The 2023 season consists of maximum 19 GCL Events (each a "GCL Event"). The number and dates of the GCL Events will be communicated before the start of the season and in any event before January 26th 2023.

4.2. Dates: The GCL Events take place at the same Shows as those of the GCT.

4.3 Mandatory participation: Teams must compete at each GCL Event. The team manager will declare which two (2) or three (3) athletes will represent the team at the latest one (1) week before the horse inspection of the GCL Event concerned. Only National Federations can process Entries of Athletes and Horses.

4.4 Composition: At each GCL Event at least one (1) athlete must come from either the Top of the Longines FEI ranking in descending order (GCT Rules – Group 1) or from the Top 250 of the Jumping Longines Rankings as of August 31st, 2022 as defined under article 2.2. in these rules. However, subject to an application and the approval of the FEI, and only in the event an athlete from the Group 1 or Top 250 cannot participate in a GCL Event because he has been entered by his NF/Chef d'Equipe for a CSIO, an FEI Championship or the Olympic Games on the same dates, then the athlete can be replaced by another athlete of the team who does not fulfil this Group 1/Top 250 requirement.

4.5 If one of the three athletes of a GCL Team entered for a GCL Event is unable to compete at the GCL Event for veterinary or medical reasons or because the athlete in question is required to act as a last minute replacement in his National Federation's Nations Cup Team at a CSIO, the GCL team concerned will still be able to compete with two athletes only, i.e. without a reserve athlete.

5. Competition Format and Scoring

5.1 Type of Competition: In 2023, GCL Events consist of two competitions (each a "GCL Competition"), minimum height of 1.50m and a maximum height of 1.60m, both according to Table A against the clock, with a time allowed (according to article 238-2.1 | FEI Rules for Jumping Events).

Speed: Depending on the size of the competition arena and/or additional local circumstances at the competition venue, the official schedule for each separate GCL/GCT event will specify, whether the speed required for the two GCL Competitions will either be 350 m/min., 375 m/min. or 400 m/min.

Planning: The two GCL Competitions at each GCL/GCT event will take place before the LGCT Grand Prix. As per GRs (Art, 109.12): “Subject to the unanimous agreement of the President of the Ground Jury, Technical Delegate and President of the Veterinary Committee in consultation with the Organiser, a Competition (either before or during) can be postponed and/or cancelled, not only due to force majeure, catastrophic occurrences, extreme weather conditions but also for non-compliance with FEI Rules and in specific situations where the welfare or safety of the Horses, Athletes, Officials or the public is compromised.”

- 5.2 Team placing:** The final result of the teams is decided by adding the penalties of both team athletes of the first and second GCL competition. In case that after both GCL Competitions two or more teams tie on penalties, the aggregate times of both riders of the second GCL Competition will decide. In case there is still a tie, the aggregate times of both riders per team of the first and second GCL Competition will decide.
- 5.3 Individual athletes:** In addition to the team athletes, individual athletes (participating in the GCT Event taking place on the same date period) will be allowed to participate in both GCL Competitions. The prize money for each GCL Competition will be distributed amongst the team and individual athletes, based upon the individual classification of each separate GCL Competition.
- 5.4 Individual placing:** According to total penalties (i.e. penalties for faults at obstacles and/or penalties for exceeding the time allowed) and – in case of equality of penalties – according to the time incurred during the round. In case of equality of penalties and time for the first place, there will be no jump-off; the athletes concerned will be placed equal first.
- 5.5** Teams can change athletes and/or horses between the two GCL Competitions at the same GCL Event, provided the riders and horses have been duly entered for that particular GCL Event.
- 5.6 Prize money:** The prize money for the GCL Teams shall be based upon end-of-season standings (“**Standings Prize Money**”), upon points awarded during the season (“**Points Prize Money**”).
- 5.7 GCT Grand Prix qualification:** The qualifying competition for the GCT Grand Prix, taking place at the same GCT/GCL event is incorporated in the second GCL Competition. The best 40 athletes (including ties) of the individual classification of the second GCL competition will be automatically qualified for the GCT Grand Prix. For further details regarding the Grand Prix qualification procedure, please refer to article 4 of the GCT rules.
- 5.8 Starting order of the GCL Team athletes:** The Team Manager shall inform the GCL organising committee which 2 athletes will compete in any given GCL Competition as the two team athletes, and in what competition order they will start, at the latest by the deadline stipulated by the FEI approved schedule for the Event concerned.
- 5.9 Exception:** Should circumstances so dictate, the Ground Jury may allow the athletes of each team to change their mutual starting order within the GCL team, as follows:
- a. Basically there will be no change of the starting order of the athletes within the team, once a team member (or both team members) have entered the arena. However, the Ground Jury may allow a change of the starting order within the team;
 - b. Changes applied to the starting order within the team on its own initiative – i.e. without obtaining previous Ground Jury approval – will incur the team’s elimination from the GCL Competition in question.
 - c. Before eliminating the Team concerned, the Team Manager will first be granted the opportunity to explain the reason(s) for changing the starting order of the athletes within the team to the Ground Jury. The GJ will subsequently decide whether the elimination will be upheld or will be reversed.
- 5.10 Substitution:** Substitution of a horse or an athlete after being declared can only occur until sixty (60) minutes prior to the beginning of the GCL Competition in case of exceptional circumstances or for medical and/or veterinary reason (with official declaration of the medical doctor or veterinarian).
- Substitution can only be made for the athletes or horses that the Team Manager has declared for the GCL Event; horses must have successfully passed the Event’s horse inspection.
- 5.11 Last minute substitution:** Notwithstanding the above, stipulated under article 5.10 – should circumstances so dictate – the FEI Veterinary Delegate at the Event, respectively the events official Medical Doctor may declare a horse respectively athlete unfit to compete during the warm-up, i.e. during the period of 60 minutes or less before the horse and/or athlete will be due to compete in any of the GCL Competitions.

If applicable, the FEI Veterinary Delegate and/or Medical Doctor will advise the Ground Jury accordingly. At the Ground Jury's discretion, the Manager of the team in question, as well as the Event's Sports Director, will be informed that the horse and/or athlete concerned will not be allowed to compete. Subsequently, the Ground Jury President – at his/her sole discretion and considering all relevant circumstances – may:

- a. allow the GCL Team concerned to replace the horse (that has been officially declared unfit to compete) by another horse, provided that the new horse has been officially entered for the event by one of members of the GCL Team in question and has passed the initial horse inspection or the reinspection successfully and provided that all conditions of the schedule for the Event concerned will be respected;
- b. allow the team concerned to replace the athlete (that has been declared unfit to compete) by another member of the GCL Team concerned, provided that the new athlete has been officially entered for the event and he didn't already compete as an individual rider in the 2nd GCL Competition);
- c. if deemed necessary, adjust the starting order within the GCL Team concerned and/or the starting order of the teams in the GCL Competition in question, in order to allow the replacing horse and/or athlete a fair amount of time for warm up / preparation purposes, before competing.

5.12 First GCL Competition starting order:

The starting order of the teams in the first GCL Competition will be established according to a separate draw, either manual or by computer.

The individual athletes start before the team athletes. The starting order of the individual athletes will be established by a separate draw, either manual or by computer. There will be a break between the finish of the last individual athlete and the start of the first team athlete.

Starting order of the athletes: riders of each Team are competing consecutively (one directly after the other; i.e. first in the arena is the first rider of the first Team, second in the arena is the second rider of the same team, and so on).

5.13 First GCL Competition Team scoring and placing: The team result is established by adding the penalties and time of the 2 team athletes. The team with the lowest aggregate penalties will be placed first. Teams tying on aggregate penalties will be separated by the total time of the two team athletes. The fastest total time will have precedence over the second fastest and so on.

5.14 Second GCL competition qualification: A team qualifies for participation in the second GCL Competition if both team athletes have completed the first GCL Competition at the event concerned.

5.15 Individual classification: an individual classification, based upon the combined individual results of team and individual athletes, shall be established to distribute the prize money for the First GCL Competition.

5.16 Second GCL Competition starting order: The individual athletes start before the team athletes. The starting order of the individual athletes will be established by a separate draw. There will be a break between the last individual athlete and the first team athlete.

The starting order of the teams in the second GCL Competition will be according to the reverse order of the classification of the first GCL Competition at the event concerned. Teams tying on penalties and time after the first GCL Competition will retain to their starting order of the first GCL Competition at the event in question.

5.17 Starting order of the athletes: Riders of each GCL Team are competing consecutively (one directly after the other; i.e. first in the arena is the first rider of the first Team, second in the arena is the second rider of the same team, and so on).

5.18 Second GCL Competition team scoring: The team result is established by adding the penalties and time of the 2 athletes per GCL Team.

5.19 Individual classification: An individual classification based upon the combined individual results of all team and individual athletes shall be established to distribute the prize money of this Second GCL Competition.

5.20 GCL Event results: The final ranking of the teams at a GCL Event is based on: (a) the total penalties of both athletes in both GCL Competitions; and (b) the aggregate time of both athletes in the second GCL Competition. In case there is a tie for the first, second or third place, the penalties and time of both athletes in both GCL competitions will count. If there is still a tie after this, the teams in question shall remain tied.

Prize money for Teams is only distributed at the end of the season according to article 6.2.

5.21 Points: Points are awarded at each GCL Event as follows:

Place	Points	Place	Points
1	30	11	11
2	25	12	10
3	21	13	9
4	19	14	8
5	17	15	7
6	16	16	6
7	15	17	5
8	14	18	4
9	13	19	3
10	12	20	2

Points won by teams who tie for any place are aggregated and then divided equally among the teams in question. The score must be correct to 2 decimal places; the second decimal place will be rounded up from .005 and rounded down from .004.

- 5.22 Elimination/Retirement:** The elimination of an athlete during any GCL Competition or an athlete retiring from his/her GCL Competition results in the elimination of the team in question. For the avoidance of doubt, the athletes on the team can continue as individual athletes at the GCT-GCL Event concerned. The eligibility of the eliminated/retired athlete to continue to compete as an individual athlete at the GCT Event shall however be determined according to both GCT and FEI rules.

A GCL Team eliminated/retired from the first GCL Competition may neither earn points nor prize-money for the event concerned and takes the last place in the classification of the first GCL Competition.

A GCL Team eliminated/retired from the second GCL Competition takes the last place in the classification of the second GCL Competition. In the final GCL classification of the Event concerned, a GCL Team eliminated/retired from the second GCL Competition will be placed before a GCL team eliminated/retired from the first GCL Competition.

- 5.23 Disqualification:** The disqualification of a horse and/or athlete from a GCL Event – if competed on the team during the first and/or second GCL Competition – during any of the two GCL Competitions, incurs the disqualification of the team in question and results in zero points and no prize money being awarded to that team at the GCL Event concerned.

For the avoidance of doubt, the non-disqualified athlete on the team can continue as individual athlete at the GCT Event taking place on the same date period. The eligibility of the disqualified athlete to continue to compete as an individual athlete at the GCT Event shall be determined according to both GCT and FEI rules. Disqualification – in accordance with FEI rules and regulations – may also be retroactive.

- 5.24 Team not starting:** A GCL Team not starting at all, in the first GCL competition will not be entitled to prize money and will not receive any points for the GCL Event concerned.

A GCL Team not starting in the second GCL competition, due to medical or veterinary reasons and with Ground Jury permission only, will be placed in the final classification after the GCL Teams having completed both GCL competitions at the GCL Event in question and will be entitled to receive prize money and points according to its placing.

A GCL Team not starting in the second GCL competition without Ground Jury approval will not be entitled to receive points or prize money at the event concerned.

6. GCL Overall Classification and Purse

- 6.1 GCL overall classification:** The GCL overall classification is based on each team's points earned at each GCL Event. In the event of a tie on total points for any position at the end of the season, the team with the greatest number of 1st place finishes is ranked ahead of any other team tied for the same number of points. If there is still a tie, the team with the greatest number of 2nd place finishes is ranked ahead of the other team and so on until all teams with the same number of points have been separated.

- 6.2 Prize money:** The amount of the prize money for the GCL overall classification, and its breakdown per ranking place, will be as follows.

Teams to be represented at least by their athletes participating in the last GCL Event. The other athletes of the teams concerned, the team owners and the team managers will be invited. No prize money will be given to teams or athletes who do not present themselves at the prize giving ceremony, if required to do so.

7. Season Awards

7.1 At the end of the GCL regular season (i.e. following the last GCL Event before the GC Playoffs) there will be awards for:

In case of athletes/horses tied for any position, the points linked to the positions involved will be added and divided by the number of athletes/horses involved in the tie.
- 7.4** Athletes/horses eliminated/disqualified or having retired from a GCL Competition will not receive points at all.
- 7.5** In the event of a tie on total points for any position at the end of the GCL season, the rider/horses having obtained the greatest number of 1st place finishes will be ranked ahead of any other rider/horse with the same number of points. Subsequently, the first rider of the second Team on the starting list and so on).

The starting order in the jump-off (if any) will be equal to the starting order of the teams concerned in the first round of the GCL Super Cup Quarter-Final.

Placing

The classification of the teams will be established according to the total penalties of the 3 athletes per team, as well as according to their aggregate times, i.e. in case of equality of total penalty points per team only. If the athlete eliminated or having retired has him-/herself been the most severely penalised of all athletes in the competition, before being eliminated or retiring, 20 penalty points will be added to his/her score.

In order to be placed in the final result of the GCL Super Cup Quarter-Final, at least two out of three athletes per team must finish their round with a valid result (i.e. not being eliminated, not being disqualified or not having retired during the round).
