

FEI WBFSH Dressage World Breeding Championship for Young Horses Guidelines

Effective from 1 January ~~2020~~2019 – Updated 08/11/2019.

Updated 02/06/2020 (valid for 2020 only, due to the Covid-19 pandemic)

I. GENERAL:

1. The FEI WBFSH World Breeding Dressage Championship for Young Horses will be organised under FEI Rules in cooperation with the World Breeding Federation for Sport Horses (WBFSH). Entries can only be made by NFs but the selection procedure shall be decided upon by the respective NF in close cooperation with the WBFSH member studbook(s) in the respective country.

Minimum Eligibility Requirement (MER) to be achieved as a combination horse-athlete:

- 5 and 6 year old horses: a total score of minimum 75%
- 7 year old horses: a total score of minimum 70%

This score must be obtained minimum once at a CDIYH **or at an appropriate Young Horse competition at a CDN or** according to National selection criteria in the calendar year of the Championship.

The result obtained at **a CDN or through** National selection has to be confirmed with the nominated entries. NFs are responsible for ensuring that the level of national tests used **at the National selection** to obtain the MER is equivalent to the level of the FEI tests for 5, 6 and 7 year old horses.

Horses can only participate in the selection procedure of one NF.

It's the responsibility of the athlete and owner to ensure that the selection procedure in which they participate offers the possibility to be selected and entered for this Championship.

2. Horse's Entries:

- a. NFs that have WBFSH member studbook(s) in their country: These NFs receive for each age category a quota that is decided in close co-operation between WBFSH and FEI for horses which have been registered with a Unique Equine Life Number (UELN) in this specific member studbook(s) of the country originally at birth. The age of Horses is counted from 1st January of the year of birth (1st August for Horses born in the Southern Hemisphere – if the Championships takes place after 1st August, Horses born in the Southern Hemisphere will compete in the age category in which they qualified).The quota distribution for each age category is as follows:

- Germany: 7
- The Netherlands: 6
- Denmark: 4
- Sweden: 4

All other NFs that have WBFSH member studbook(s) in their country may enter up to two horses in each age category that have to be registered with a Unique Equine Life Number (UELN) in this specific member studbook(s) of the country originally at birth. Only in the event that an above mentioned NF has no horse registered in the member studbook(s) of their country that obtained the MER defined in the present guidelines during the selection procedure of that NF, this NF is allowed to enter a foreign bred horse on the condition that the foreign studbook of origin gives its approval and the athlete is not a foreign athlete.

The list of the WBFSH member studbooks and their country is available on the WBFSH website:

www.wbfsch.org/GB/Members/The%20Members%20and%20Associate%20Members.aspx

- b. NFs that have no WBFSH member studbook(s) in their country: These NFs may enter up to one horse in each age category. These horses have to be registered as foals in a WBFSH member studbook and this studbook needs to give its approval.

~~c. In order to fill up the number of horses entered definitely in each age category up to maximum 40, the FEI in close cooperation with the WBFSH, the NF of the OC and the OC may extend invitations for additional horses.~~

3. Athlete's Entries:

The FEI General Regulations apply. As an exception to the FEI General Regulations, NFs may enter foreign athletes provided the athlete's own NF approves.

- 4. In the Final competition of each age category, no NF may have more horses than the number of places originally allocated under 2.a and 2.b.
- 5. Each athlete may start a maximum of two horses in each age category.

II. **ENTRIES:**

All entry deadlines will be clearly stated in the approved schedule (Nominated, Definite and Last date for Substitution).

All entries must be submitted and processed via the FEI Entry System.

NFs are responsible to ensure that all data concerning Studbook, Sire, Sire of Dam, Breeder and Owner are correctly stated in the FEI database for the concerned horses, before the closing date of nominated entries are made in the FEI Entry System. The above-listed specific information is compulsory.

All nominated NFs must inform the FEI before the closing date of nominated entries if they have foreign athlete(s) competing under their own quota, in order to avoid any confusion in the number of nominated horses entered and/or nominated NFs.

~~Applications for additional horses (2.c) must be made directly to the FEI Dressage Department before the closing date of nominated entries. Such applications, if allocated, will be confirm before the date closure of definite entries.~~

It is recommended that the OC defines the definite entry deadline by taking into consideration the national selection trials of WBFSH member studbooks.
