1. General Principle

In accordance with the FEI Jumping World Challenge rules, The Category A events of the FEI Jumping World Challenge are qualifying events for the Final. Athletes must participate in a minimum of 2 out of the 3 Category A Competitions to participate in the World Final.

2. Venue

The Final is held indoors or outdoors at 1.20 m technical level. If held indoors, the arena must have minimum size of 1'200 m² with a minimum width on the short side of 25 metres (JRs Art. 201.2). The FEI Jumping World Challenge Final is following the FEI Rules for Jumping Events, 27th Edition (effective 1 January 2024 - <https://inside.fei.org/fei/disc/jumping/rules>) and must be organised between February and December of the year following the Qualification.

3. Age of Participants

The Final is open to Athletes from the year in which they reach the age of 15. It is the responsibility of NFs to ensure that their Athletes are of the correct age. Passports will be controlled before the event commences.

4. Qualification Process

- a) Twenty Athletes (20) will be qualified to participate in the Final, i.e. the 1st and the 2nd best-placed Athlete from the Category A (best 2 results out of 3 competitions) in each regional Zone (10) based on the 2023 Regional Rankings will be invited to the Final. If the 1st or the 2nd placed Athlete is unable to compete at the Final, the invitation will pass over to the 3rd placed Athlete and so on, up to the 6th placed Athlete in each Zone of the Category A Regional Rankings.
- b) Once all possibilities of substitution within a regional Zone have been used, the invitation will pass over to the next eligible Athlete in descending order of the Category A Overall 2023 World Rankings. Note: A NF can be represented by a maximum of two (2) Athletes at the FEI Jumping World Challenge Final, unless all spots haven't been filled and additional wildcards are provided to the Host NF, then Host NF could have up to four (4) Athletes in the Final (see Art. 4-F).
- c) Only Athletes that have achieved a result of **no more** than 12 faults in total will be qualified for the Final and therefore eligible to compete. If no Athletes from a Zone finish under 12 faults, they will be substituted by the next eligible Athletes in descending order of the Category A Overall 2023 World Rankings.
- d) Note: The FEI Solidarity reserves the right to allocate one wildcard, in agreement with the NF hosting the FEI Jumping World Challenge Final in case not all Zones are able to qualify two Athletes.
- e) The FEI will notify Athletes of their qualification through their NF.
- f) The NF hosting the FEI Jumping World Challenge Final will be represented by two Athletes from its country, who have taken part in the 2023 FEI Jumping World Challenge, Category A.
 - I. If no Athletes have qualified through the original qualification procedure (please see Articles 4, 5 and 6 of these rules), then two (2) wildcards will be given out to the NF which will then nominate their two best Athletes in the Category A Overall 2023 World Rankings.
 - II. If only one Athlete has qualified through the original qualification procedure (please see Articles 4, 5 and 6 of these rules), then one (1) wildcard will be given

out to the NF which will then nominate their best Athlete (behind the Athlete already qualified) in the Category A Overall 2023 World Rankings.

If the hosting NF is not part of the FEI Jumping World Challenge series, two (2) wildcards will automatically be awarded. The host NF will choose the Athletes, however these Athletes must comply with Art. 3 of the present Rules and the FEI Jumping World Challenge series rules, Art. 3.6.

Past the Definite Entries if all spots have not been filled, the FEI in agreement with the Host NF and OC reserves the right to provide maximum two (2) additional wildcards to the Host NF. The Athletes will be selected in accordance with the qualification procedure stated in the present rules.
