

**PARA EQUESTRIAN DRESSAGE
FEI PARALYMPIC TEAM RANKING - TOKYO 2020 PARALYMPIC GAMES**

The FEI Paralympic Team Ranking List, covering the period of 1 January 2019 to 31 January 2020, is a Team Ranking based on each team's best team results from two (2) qualifying events added together.

The list of events that are counting towards the Paralympic Rankings is published on the FEI website dedicated to the 2020 Tokyo Paralympic Games in the beginning of each qualification year. The published list is to be strongly respected and no additions will be made within the qualification year in order to guarantee a fair qualification process.

The list includes CPEDI3* events which must be judged by at least 2 Foreign Judges in a Ground Jury of 3, or at least 3 Foreign Judges in a Ground Jury of 5 (i.e. always a majority of Foreign Judges).

Only National teams count for the Rankings. No country may enter more than one team in any event. The teams must consist of a maximum of four and a minimum of three competitors of the same nationality. A Grade I, Grade II or Grade III athlete must be included in each team, riding the relevant test. Teams shall not include more than two (2) athletes from any one grade. The three highest placed athletes, determined by their percentage scores in the Individual Test and the Team Test combined, shall be totaled to determine the final team placings. Only athletes that are registered with the FEI for the current year, competing on horses registered with the FEI for the current year, will be included within the Rankings.

Three decimal points will be used (*if the fourth decimal is 0-4, it does not influence the third one; if it is 5-9, the third decimal is rounded up*). In case of equality, the highest percentage per team in the Individual test will be decisive.

FEI PARALYMPIC ATHLETES RANKING (INDIVIDUALS) – 2020 TOKYO PARALYMPIC GAMES

The FEI Paralympic Individual Ranking List, covering the period of 1 January 2019 to 31 January 2020, is an Individual Ranking based on each athlete's accumulated ranking points of a maximum of six (6) best results obtained in FEI Para-Equestrian qualifying competitions.

The list of events that are counting towards the Paralympic Rankings is published on the FEI website dedicated to the 2020 Tokyo Paralympic Games in the beginning of each qualification year. The published list is to be strongly respected and no additions will be made within the qualification year in order to guarantee a fair qualification process.

The list includes CPEDI3* events which must be judged by at least 2 Foreign Judges in a Ground Jury of 3, or at least 3 Foreign Judges in a Ground Jury of 5 (i.e. always a majority of Foreign Judges).

The FEI Paralympic Individual Ranking list is a ranking of athletes. The ranking list takes into consideration the six (6) best results/percentage scores of the athlete regardless of the horse.

The Rankings include all Para Equestrian Grades, I, II, III, IV and V for the Team and Individual tests. The results from the Team test and the Individual test each give points according to the below table (the percentages will count with the first digit behind the comma, for example see ranking points 160-170. The second digit behind the comma does not have any influence on the calculation of the ranking points, e.g. a percentage of 66.701 or 66.799 are both awarded with 167 ranking points). The athlete gains separate points from both tests if they ride both tests. All points are added up on the ranking list.

Only athletes that are registered with the FEI for the current year, competing on horses registered with the FEI for the current year, will be included within the Rankings.
