Re: FEI Insurance Coverage

Below is the summary of the current insurance coverage for FEI officials or any other person acting in an official capacity on behalf of the FEI, specifically appointed and sent by the FEI to an event or a meeting. This information will be updated if changes in insurance coverage occur. If you have any questions, please contact me at daniel.alvarez@fei.org at +41 21 310 47 47.

This is to certify that policies of insurance and coverage listed below have been issued to the FEI and are in force. Notwithstanding any requirement, term and condition of any contract or document with respect to which this memo may be issued or may pertain, the insurance afforded by the policies described herein is subject to all the terms, exclusion and conditions of such policies. For example, we remind you that the Federation Professional Liability Insurance only covers those Officials who are acting “for or on behalf of the FEI” as stated in the approved schedule of the Event or who are acting “in the scope and course of the FEI’s Business” as described in the final approved schedule. Therefore, for example, the FEI will not insure National officials officiating at FEI Events or FEI Officials who have no official function at the particular Event.
