ANNEX 1 DIAGRAM OF THE 80X40 ARENA 15

ARTICLE 1. PRINCIPLES

- 1.1. The FEI Driving World Challenge Series may be organised by any member NF of the FEI.
- 1.2. Each NF will have the opportunity to organise shows in 3 categories based on their level of activity: Category A (highest level meant as a bridge to the first FEI level of competition), Category B (for Novice level Athletes), Category C (for Beginner level Athletes - an Introduction to Driving). Each NF may organise one show per year (unless exceptions permits as per Art. 5.3).

The technical level will increase progressively from one level to the next, allowing NFs to develop the discipline step by step.
- 1.3. All FEI Driving World Challenge shows are open equally to Single Horse and Single Pony Turnouts.
- 1.4. Category A, B and C each consist of Competitions organised over one day:
 - 1) Category C: 1 Day - 1x Combined Dressage/Cones
 - 2) Category B: 1 Day - 1x Combined Dressage/Cones + 1x Combined Marathon
 - 3) Category A: 1 Day - 1x Dressage Test + 1x Cones + 1x Short Marathon
- 1.5. The FEI Driving World Challenge will include an individual ranking per Country and World Ranking for all 3 categories.

In order to be in the rankings, a turnout must successfully complete all the competitions in their category.
- 1.6. Placing: Athletes will be placed according to their final results after successfully completing all competitions in their category.
- 1.7. The Category A, B and C may be organised in either outdoor or indoor arenas between the 1st January and the 31st December of the same year.
- 1.8. It is permitted to drive a Horse/Pony taking part in the FEI Driving World Challenge competition in a training session and/or in a National competition on the day prior to the FEI Driving World Challenge competition.

ARTICLE 2. HORSE INSPECTION

- 2.1. The In-Harness Horse Inspection must be carried out by the FEI Veterinary Delegate before the start of the first competition. The turnout will be asked to perform a figure eight to determine the fitness of the Horse/Pony to compete. If a Horse/Pony is starting in two Categories or with two different Athletes, it must be re-inspected before it can start again. This inspection should be performed 10 minutes prior to the Athlete's starting time on the Starting Order list.
- 2.2. The In-Harness Inspection must be carried out before the turnout starts the first competition and must be performed under the supervision of the FEI Veterinary Delegate. The Horse/Pony must be presented by the Athletes themselves. An Athlete competing without presenting their Horse/Pony will result in an Elimination.
 - Horses/Ponies will be inspected harnessed to their carriages.
 - Leg bandages, over-reach boots, and brushing boots are permitted, but must be removed if asked.
 - The FEI Veterinary Delegate has the authority to Disqualify the Horse/Pony if it is considered to be unfit to compete at the Event.
