FEI DRESSAGE

GUIDELINES ON THE PUBLISHING OF DRESSAGE RESULTS ON

ELECTRONIC SCORE BOARDS (updated 28 January 2013)

5 JUDGES & HALF MARKS

Basic Rules:

- "After each performance the percentage awarded by each judge will be published separately and provisionally in addition to the general total (FEI Rules for Dressage Events 24th Edition; Art. 435.1)."

- "All results must be published in percentages with numbers to 3 places after the decimal point (FEI Rules for Dressage Events 24th Edition; Art. 435.3)."

- "No scoring should be visible to the judges during a test. Solutions to show a running score (total average percentage) and open scoring (average marks per movement for all judges) to the audience are encouraged. (FEI Rules for Dressage Events 24th Edition; Art. 435.6)."

- After the result per judge there should be shown the ranking of that rider for each judge (in the below illustration this is shown as (1), (3), (1), etc.)

- In order to reduce the text of the Dressage movements on the score boards to a minimum, the FEI has attached an Annex I to this document which shows appropriate abbreviations for the movements in a Grand Prix and Grand Prix Special test.
