Accreditation Facilities Guide

June 2021

Purpose of this document

The information in this Guide will help all Games stakeholder groups to create the logistical plan to validate/collect their Olympic Identification and Accreditation Card (OIAC), Paralympic Identification and Accreditation Card (PIAC), Guest Passes and/or Training Access Passes (TAP).

This document presents all accreditation facilities and its operation plan, including:

- Venue address
- Venue map (including walking route, walking time, VAO location, entrance and toilets)
- Public transport information (including closest stations to the VAO and station exits)
- Key venue info
- Accreditation services available
- Opening/closing dates and times for each Games

**PLEASE NOTE: All of the following information is subject to change.*

TOKYO 2020

1

General information

1.1 General Accreditation facilities information

1.2 Collection process

1.1 General Accreditation facilities information

The purpose of all Accreditation facilities is to process, issue and validate the appropriate OIAC/PIAC to individuals rapidly, efficiently and pleasantly. In some facilities, stakeholders can also collect Training Access Passes.

In this section, you will find information about the general procedures to collect the OIAC/PIAC, Guest Passes and TAP cards, such as required documentation for collection process, COVID-19 countermeasures, etc.

1.2 Collection process

Where and when to collect

OIAC/PIAC

You can collect your OIAC/PIAC prior to your official function start during the Games, at any Accreditation Facility (excluding the Accreditation Counters at the Airport) based on your Responsible Organisation plan with the Tokyo 2020 Accreditation department. More information about the Accreditation facilities operation dates and times are available in the section 2 of this guide.

Guest Pass/ Training Access Passes

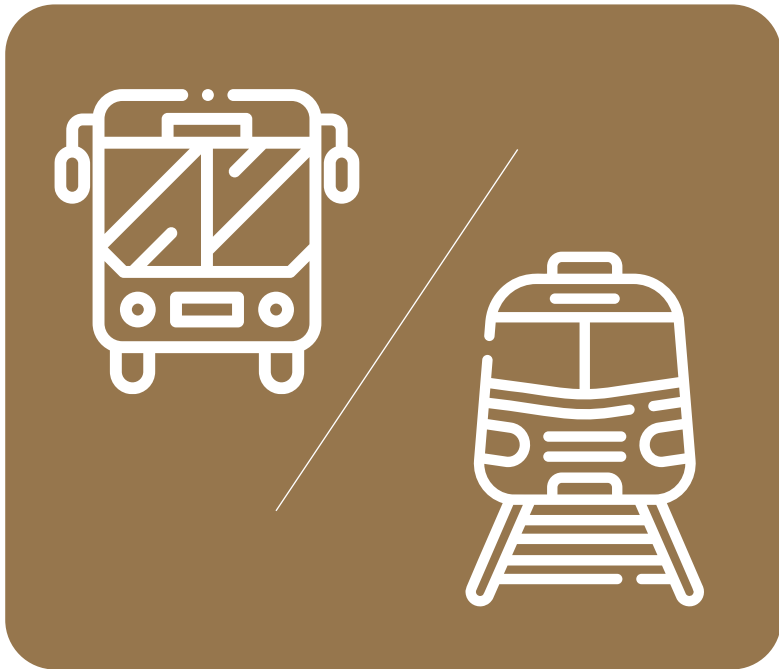

You can collect your Guest Pass/TAPs at the recommended Accreditation Centre (excluding the Accreditation counters at the Airport) or at a Venue Accreditation Office (VAO) for your sport, located close to the competition venue.

You must collect it in person prior to or on the same day of entry. If you have Guest Passes for two or more sessions on the same day, you will be able to collect all passes from the Accreditation Centre or VAO during your visit. It is recommended to arrive two and a half hours prior to the estimated entry time to ensure you have enough time to collect your Guest Pass and get through security.

1.2 Collection process

How to arrive at the Accreditation facilities

Please be aware that use of public transport may be restricted upon arrival and may be restricted throughout your stay in Japan. Please refer to the Playbook-(s) relevant to your stakeholder type for the latest information. For transportation details, please refer to the Olympic/Paralympic Transportation official information, which can be found on the websites:

1.2 Collection process

What to bring

Don't forget to bring with you a suitable and valid form of identification according to your nationality (refer to the table on the right).

You need to bring the same identification document as the one used for your OIAC/PIAC, Guest Pass or TAP application.

You will also need to bring and wear your mask, shield or similar products (more information in the COVID-19 countermeasure page).

Identity document	Japanese nationals	Nationals of all other countries
Passport	YES	YES
Japanese Driver's License	YES	NO
Japanese Residence Card (or Special Permanent Resident Certificate)	NO	YES
Individual Number Card	YES	NO

The document used for the accreditation must be valid at the time of collection of the Accreditation Card.

Prohibited Items List still under review

1.2 Collection process

COVID-19 countermeasures

In order to implement safety and health measures in the accreditation process, the following actions will be taken:

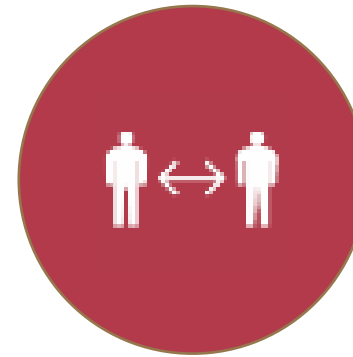

Temperature and physical condition check before entering the facility.

Wear a face mask.
Mask will need to be REMOVED to confirm your identity and for facial recognition.

Washing hands often with soap and water. Also use of hand sanitizer.

Maintain a 2m distance if possible (at least 1m) to reduce the risk of infection.

To reduce verbal communication at the counter, Games participants should have their ID ready before reaching the validation counter.

Please refer to the Playbook(s) relevant to your stakeholder type for the latest information.

2.1

Accreditation Validation Counters

2.1 Accreditation Validation Counters

With the distribution of the pre-valid Cards (PVCs) to participants prior to their arrival in Japan, it is possible to validate the PVCs for those who are able to be accredited at validation counters instead of at Accreditation Centres.

This will assist to minimising traffic flows at the Accreditation Centres and provides an efficient service to its key stakeholder groups.

For Tokyo 2020 Olympic and Paralympic Games, the accreditation validation counters will be located at:

- *Tokyo (Haneda) International Airport (HND)* for international arrivals only (Terminals 3) and,
- *Narita International Airport (NRT)* for international arrivals only (Terminals 1 and 2 only).

Due to their location and the premium placed on space in airports, validation counters usually do not have any printing or image capture capabilities. Hence any participants who do not have their PVC or are not able to be accredited will be sent to the designated or relevant Accreditation Centre for issuing their OIAC/PIAC and/or problem resolution.

Training Access Passes

2.1 TAP collection plan (Standalone training venues)

2.1 TAP collection plan (standalone training venues)

Training Access Passes (TAPs) will be available for National Olympic Committees to use in most disciplines for the Olympic Games Tokyo 2020. TAPs enable individuals who are considered essential for athlete preparation to access training venues and/or competition venues where training occurs.

In response to specific challenges and issues, Tokyo 2020 Accreditation and the IOC have reconsidered the Training Access Pass (TAP) policy with the intention to streamline the process for the Olympic Games Tokyo 2020 to be held in 2021.

The TAPs will be available for collection at the Accreditation Centres (Olympic Village Team Processing Centre, Sailing Olympic Accreditation Centre, Cycling Olympic Accreditation Centre, Main Media Accreditation Centre) and at the Venue Accreditation Offices (VAO).

There is no accreditation facility operation at the Tokyo 2020 standalone training venues. Instructions on how to collect the TAPs in these cases are in the following pages.

Notice that that will be recommendations based on geographic distance, the TAPs will be available for collection in any of the facilities mentioned before.
