NATIONAL APPROACH TO THE SPORT

- Appliance/enforcement of the FEI Eventing Cross Country Guide for Officials (CD guidelines)
- Safety issues
  - Use of MIM system currently at one location (2*; 3* and 4* course)
  - Keeping record of incidents for each fence
  - Safety awareness through seminars, education/training of trainers
  - Obstacles to the process: associated costs / changing of the mindset
- Main Goal: “Develop the sport bringing/attracting more athletes…”
  (...we believe that safety as a role to play in this aim)
FEI EVENTING RISK MANAGEMENT AND NSO SEMINAR
