

## Annex – Challenge Platform Administration Process:

In 2016 the FEI Solidarity department started using the same system as the IT NF Platform offered to National Federations in order to monitor/administer the FEI World Challenges. Since 2017, National Federations have had to appoint an administrator for the Challenges IT Platform.

In accordance with the rules of both series, the administrator of the Challenges for each NF is responsible to:

1. Create Athletes and Horses' profiles in the platform
2. Manage/update their registration
3. Manage Competition Entries
4. Input Competition Results

**Note:** Although the Administrator has access to the Calendar, amendments to the **Calendar are NOT ALLOWED** and must be communicated to the FEI.

### 1. Create Athletes and Horses' profiles in the platform:

**IMPORTANT:** All information entered in the platform must be consistent with existing information which might be recorded in the FEI Database, it is the responsibility of the administrator to make sure the spelling corresponds to pre-existing data.

**Step 1:** Logon to the Challenges IT platform using the information that will have been provided to you via email from [worldchallenges@fei.org](mailto:worldchallenges@fei.org).

**Step 2:** Before creating new profiles, check the data to see if the athlete or horse has already been created to avoid double entries.

#### a) Athletes

Under "Persons" search using the athlete's first or last name.

A screenshot of the 'Person list' search interface. The title 'Person list' is at the top left. Below it are several search filters: 'ID' (text input), 'First name' (text input), 'Last name' (text input), 'Balance from' (CHF dropdown), 'Balance to' (CHF dropdown), 'Entry managers only \*' (No dropdown), 'National Federation' (UZB dropdown), and 'Registration' (All registration period dropdown). A 'Search' button is located at the bottom right of the filter area.

- ⇒ If the person **already exists** then move on to point 2 - Registration.
- ⇒ If the person **does not exist**, enter the required information as indicated below:

## 2. Manage/update athletes and horses’ registration

In order to be able to enter athletes and horses in a competition, these must be registered for the current period.

There are two ways to updated registrations:

- Under “persons” and/or “horses”, go under each individual profile and click on “register for current period” as demonstrated in point 1.
- Under “persons” and/or “horses” use the general list to directly update registrations simply by clicking on the “🔄” symbol.

## 3. Manage Competition Entries

It is the NF’s responsibility to check that all athletes taking part in the FEI World Challenges are eligible to do so.

Prior to entering combinations in a competition, each administrator must check with its NF that they comply with the rules (see corresponding articles in the respective rules as stated in the **MEMO on NF Responsibilities**).

All combinations that are entered and do not comply with the rules will be **DISQUALIFIED**.

Once the eligibility of athletes/combinations have been checked administrators can proceed with the entries.

**Step 1:** Under “My Events” select the corresponding event for which you wish to create entries.

- Select under "Status" the appropriate option: Ranked, Eliminated, Withdrawn (did not start the round) or Retired (started but abandoned during the course).
- If Athletes ride more than one horse in the same Category of the FEI World Jumping Challenge, the "Declared" box must be ticked for the corresponding horse (see rules art. 3.4).

Only the box of the Declared Horse should be checked. The Declared Horse must always start first as per the rules therefore his starting number on the Excel sheet is also an indication, but the Horse Declaration Form is the official document which is mandatory. Also, if an Athlete changes Horse between Competition 1 and 2 for example, then the Horse ridden in Competition 2 is **NOT** the Declared Horse and consequently the box should not be checked. See Memo for Declared Horse rules.

- Once the data has been entered, click on "Save changes".

Once the Administrator has inputted all the results, a copy of the signed results must be sent to the FEI along with all other required documents. The FEI will "Validate" the results upon receipt of all the documents in question. See Memo.
