18 March 2022

The FEI Vaulting Technical Committee would like to give an update to the Vaulting Community regarding the testing phase of the new scoring system.

Eleven Judges, of global representation, applied for the testing phase. The applicants will start judging the new artistic structure onsite at CVIs and through selected online videos until the end of April 2022.

They have already had pre-meeting(s) to review the supporting documents and the procedure. The Chair informed the Judges that regular meetings would be scheduled after each judging session. As a reminder, the focus of the exercise will be only on artistic aspects. The testing will include all categories and all-star levels.

A final meeting will take place at the end of May with all testing Judges, the FEI Vaulting Technical Committee and FEI Headquarters to review the outcome of the testing phase and to come up with a conclusion which will then be proposed to National Federations in July for the 2023 Rules.

The FEI Vaulting Technical Committee would like to remind the Vaulting Athletes and Coaches that they are requested to complete the dedicated questionnaire in order to have their feedback on this important project.

If you have any questions, please don't hesitate to contact the FEI Vaulting department.
