

## **Courses for Coaches According to the FEI Coach Education Programme Level I Course for National Coaches**

**Location (NF):** BRN - 03-07/APR/2021  
FEI Tutor: MR MOHAMED SHAHER KHALIFA

The Level I Course for National Coaches in Olympic disciplines was organised by the BREEF (Bahrain Royal Equestrian and Endurance Federation) in collaboration with the FEI (Fédération Equestre Internationale), and Muharraq Equestrian Academy for equestrian sports at their venue from the 03-07/April/2021.

The FEI Tutor, Mr Mohamed Shaher Khalifa, from Egypt, oversaw and conducted the intensive programme, which included theoretical and practical sessions. A total of 14 participants had participated in the programme to gain experience and skills to advance equestrian sports in the Kingdom of Bahrain and contribute to developing the capabilities of trainers and administrators in the local stables. Many of the coaches were up to our expectations but there were candidates who had to work more to gain experience and skills. The event was brilliantly organised thanks to the efforts and facilities offered by the Muharraq Equestrian Academy.

We also thank the FEI for its cooperation and support and therefore, we are keen towards organising subsequent levels of the FEI Coach Education Programme for National Coaches to assist the hard-working candidates who have fulfilled our expectations and are ambitious to continue further in developing the future of the country's equestrian sport.
