

Courses for National Coaches According to the FEI Coach Education Programme Level 1 Course

Bogotá (COL): 07 – 11 December 2021
FEI Tutor: JAIME MORILLO (ECU)

The National Federation of Colombia carried out the level 1 FEI coaching system course for coaches from December 7 to 11, 2021, at the facilities of the school of mounted units and horse riding of the Colombian army, in Bogota.

The course tutor was Mr. Jaime Morillo from Ecuador, an FEI tutor with extensive experience as International coach and tutor. The National Federation worked closely with Mr. Jaime in the preparation of the course, which turned out to be a very successful collaboration with a total of 8 trainers and 1 observer attending the course.

The results of the course were successful, the pedagogy of the tutor and his great technical level allowed the coaches to appropriate the knowledge contemplated in the level. The logistical and technological aspects arranged for the development were satisfactory and facilitated the harmonious development of the course. To improve for the next courses, it can be taken into account that the date to develop the course does not coincide with the dates of the national calendar of competitions.

Finally, mention the satisfaction expressed by the participating trainers and the technical and pedagogical elements that the course offered to their professional profile, which will be reflected in the improvement of the performance of the riders in the country. It is also important to mention that this course had the opportunity to include a para-equestrian rider, which allowed the tutor and trainers to approach the paradressage discipline, which also contributes to its development.
