

Courses for Coaches According to the FEI Coach Education Programme Level 1 Course for Coaches

Location (NF): Montevideo, Uruguay (June 20-24, 2018)
FEI Tutor: Col. Juan Carlos Núñez Araújo (URU)

Like in the past years, last May it was carried out in Uruguay an Introductory Course to the FEI Coaching System with attendants from the host nation and from other countries of the region (ARG, BRA, CHI, VEN).

Then, in June, it was organized a Level 1 Coaching System Course in the *Regimiento de Caballería N° 1 "Blandengues de Artigas"*, where the theoretical and practical sessions were carried out.

The Course Director was the experienced FEI Tutor Col. Juan Carlos Núñez Araujo, and so he worked in the three Olympic disciplines.

Worth to mention that the sustainability of the FEI Coaching System Courses over time makes it possible for the Coaches to plan their attendance, which contributes to improve the teaching methodology as well as the sports level from novice category.

It was also a good opportunity for the attendants from different countries to interact and Exchange their respective equestrian experience, as well as their knowledge and the use of updated techniques.

Coaches from Argentina, Brazil, Chile and Venezuela came to this course and joining the Uruguayan coaches shared five fruitful days of intensive work.

Uruguay is looking forward to receiving new coaches which would like to expand their knowledge in a working harmonious environment in 2019.
