„Being part of Level 2 education is experience that will for sure be one of the crucial part of my teacher education. There's simply no better preparation for future teachers than observing how students react to different styles of instruction and how good teachers adjust in response. Through the FEI level 2 program education we got the opportunity to learn from tutor but also from our college and students. I am grateful for the opportunity to be part of this particular program because I enjoy the company of my colleagues but also Mr. Peter who did his job with lots of passion, knowledge and patience necessary to make this project worthwhile and joyful!” Maja Trajbar

„FEI Level 2 course was for me very interesting experience which motivated me to continue my work and education as a coach. Especially I liked working in couples because I think that we could learn more from each other.” Pia Damjanić
