Extract of the FEI Driving Rules

948.2. Starting order for CAIOs and Championships

2.1. Starting order for Dressage for CAIOs and Championships

The draw for the starting positions for all Athletes in the Dressage Competition will be made after the first Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chef d'Equipe, according to the following method:

The total starting places will be divided into six blocks (A to F) and the Athletes will be allocated to each block as follows:

- Block A - Individual Athletes 1/3
- Block B - First Athletes in each Team
- Block C - Individual Athletes 1/3
- Block D - Second Athletes in each Team
- Block E - Individual Athletes 1/3
- Block F - Third Athletes in each Team

The team member position will be filled first according to the draw of countries and the starting order within each team previously declared, after the Horse Inspection, by its Chef d'Equipe. The Chef d'Equipe of the team with only two members must declare which starting position shall remain vacant.

The individual positions will then be determined according to the drawing order of the nations. The first nation will place its first Individual Athlete in any of the blocks A, C or E, then the second nation will place its first Individual Athlete and so on. After the first round, the procedure is repeated until all Individuals Athletes are placed.
