Suggestions of the Hungarian Driving Committee

1. Development of levels for horses and drivers: Elite sport CAI-A** & CAI-A*, Aftergroth Sport CAI-B** & CAI-B*, Amateur Sport CAI-C, Junior sport CAIP-Ch, CAIP-J, CAIP-Y
2. During an FEI event the competitor should not be restricted by the use of any electronic aids such as: Gps navigation, Radio communication
3. Scoring system: A sport is only valuable if the sporting achievement can be immediately followed and understood. For that reason the scoring system has to be reformed.
 - 3a. Dressage counted in percentage rather than scores of points, with balancing coefficient.
 - 3b. Marathon must be calculated in accumulated seconds, in order to have stage results and final result immediately at measuring points. It is necessary to make it easy understandable for all.
 - 3c. Cones timed event with immediate results.

Elite sport (traditional three day events):

- Measure the level of the top horses and elite drivers within equal circumstances
- Pruduce the stars of the sport
- Motivate drivers to come to the sport
- Organizing top events for the people who are not involved
- Attracting media interest
- Bring new sponsors to the sport

[LadanyiKovacsZoli](#)

April 25 195.228.181.193

Aftergrouwth sport (two day events):

- Ensure the sustainable development of sport
- Possibility of sport for young drivers
- Testing young horses on competitions
- Starting to know the sport with lower budget

April 25 195.228.181.193

Mass sport = Amateur sport (one day events):

- Establish the competitions of the amateurs
- These amateurs will be the spectators of the top events
- They are the market of equestrian industry: (Harness makers, Carriage makers, Horse breeders, Stabling equipment makers, Feeding)

April 25 195.228.181.193

Junior sport:

- Organized sporting possibly for children
 - Motivating the competitive spirit and bind children to the sport
 - Bind children to horse
 - Growing the number of the enthusiast sport fans
 - Bring the whole family to the sport
-

April 25 195.228.181.193

Elite Sport CAI-A**

Point system according to the system of the Top Driver Award (for ** event extra 10 points)

It is not allowed to organize CAI-A** with lower level competition together.

Dressage team FEI11, pairs FEI8B, etc.

Marathon max. 8 fix obstacles with 6 gates

Cones 250 m/min. +20 cms

April 25 195.228.181.193

Aftergrouth sport CAI-B* (two day event) and Amateur sport CAI-C (one day event)

Point system according to the system of the Top Driver Award

It is recommended to organize CAI-B* with CAI-C competition together.

Dressage team FEI11, pairs FEI8B, etc.

Marathon max. 4-5 soft or heavy marathon obstacles with 4-5 gates (only one section, driver need to log in to vet 30 min. before starts. warm up is his responsibility, 10 min. before starts log in at vet again, compulsory rest and then start)

Cones 230 m/min. +30 cms

Amateur drivers collect points in their championship in cones, but if they participate in the dressage they can earn extra points.

This how we organized National Championship in Hungary in 2013. The drivers should qualify for the Cathegory A, first 3 from B list can compete in the next season. For level B and C you don't have to qualify. For the Final of Level A only 15 best four-in-hands, 20 best pairs and 10 best singles can qulify. Hungarian regions can create teams for the team competion. National Aftergrouth Championship is organized on a separate competition (three best qualifying to the level A) National Amateur Championship is also another event, each region sends its best three drivers according to the point system.

The motivation of the sport is the result. We would like to ask FEI, to make a centralized results center for driving sport for each level. We did it in Hungary, the scoring offices can upload results directly to the database from Excel file. We can control the drivers and organizers through this on-line system. See:

@LadanyiKovacsZoli

Your input is highly appreciated and we thank you for your comments and suggestions posted on the online Platform further to the Driving Round Table. We have taken good note of your proposals and will study them for the new FEI Driving Rules.

Should we need any further information, we will contact you by email.

Kind regards,

Bettina de Rham
FEI Director Driving
