FEI Secretary General's Office
LAUSANNE, Switzerland

Laloubère, 20th April 2024

Dear Secretary General,

I would like to apply for the position of "**Chair of the FEI Endurance Technical Committee**".

I am the current Chair of the FEI Endurance Technical Committee since 2020 and I would like to carry on with this position. During my jurisdiction, we released the new Endurance Rules on 1st January 2024 and they have received a very positive welcome from the stakeholders.

I have extensive experience in many different aspects of endurance as a groom, official, organiser and also as logistics manager for national teams in championship events. I first discovered and fell in love with this sport in 1998 when I started crewing for a friend (I still crew when I can). I started to officiate as a national steward whilst living in Abu Dhabi in 2000 and became an FEI official in 2007. I was OC president for endurance events in Ibos-Tarbes from 2006 to 2014 including the Young Riders World championship in 2013. I was then recruited by the Qatar Olympic Committee as their Endurance Technical Advisor from 2013 to 2017.

As Course Director for Judges, Technical Delegates and Stewards I have solid knowledge of the Discipline Rules and General Regulations. I have created various summaries of some aspects of these rules for easy reference and understanding, both for preparing and running events. In my professional career I have always been a manager and I enjoy team work. I'm used to taking part in meetings and giving advice when necessary, in order to reach the objectives set by the hierarchy. As a team leader I have faced all kinds of personality types, this has helped me to develop self-control and to remain composed in all situations.

Outside of work, when I'm in charge of an event, I can motivate people to work together, such as my team of 120 volunteers for the Junior World Championship in 2013. In competitions, as President of Ground Jury, for efficiency I believe in clear plans so that the event can run as smoothly as possible and each person knows their role.

Having no financial involvement at all in the sport I have no conflicts of interest and so always work with complete integrity. Being registered with the French Ministry of Sport as a high-level FEI judge and working for the Ministry of Defence, I am able to prioritise FEI engagements when necessary.

I would be proud to continue chairing the FEI Endurance Technical Committee and to manage a team from all over the world, keeping on working for the future of Endurance. With my experience in the Committee and my extensive international judging background, I think I will be a valuable asset. It is a challenging time for our discipline and I think I am a well-informed and highly motivated person who can help to take our sport forward.

Yours faithfully,

Christian LOZANO

FEI Endurance Committee, Christian LOZANO

Dear President, Dear Ingmar,
Dear Nomination Committee Members,
Dear Endurance Committee Members,

On behalf of the French Equestrian Federation, I extend our full support of the candidacy of Christian LOZANO who is applying for a second term as Chair of the FEI Endurance Committee.

The global reach of Endurance amongst all continents makes it very valuable for the equestrian community but in the meantime very complex to deal with.

Christian Lozano expertise, genuine interest and dedication to this discipline highly contributed to the positive steps that FEI ETC has undertaken.

With his strong appetite for future driven collective thinking and his open minded approach, he succeeded to efficiently collaborate and lead the technical committee.

I would therefore warmly encourage you to renew your support to Christian LOZANO for the future election of the FEI Endurance Committee Chair by the FEI General Assembly which will gather on the 13th of November in Oman.

By maintaining him in this crucial role, the FEI leadership would recommend the right person to its community and ensure continuity in the sustainable development of Endurance discipline.

I stay at your disposal in case you need any further details concerning this candidacy,

Yours faithfully,

Frédéric Bouix
General Secretary
