 I confirm having carefully read the contents of the job specification, in particular but not limited to, the position constraints.

Personal statement

I am very greatfull to submit my application for FEI Endurance Athlete representative for 2022. I am practicing the sport of endurance since 2005 and joined FEI since 2008.

I believe that this sport requires world wide support to regain the status that is needed along the disciplines of equestrian sports.

Unfortunately due to some areas where is mishandled, the name of Endurance became similar to horse abuse . This is not the reality and the whole world of athletes, trainers and horse enthusiasts know that is a dark sign generalized upon them.

As a physician in my regular job, a horse lover and an endurance rider that I dedicate thousand of hours of my time to the well fare of the horses in this discipline I believe that I will be an asset to FEI to promote this sport to the level an credibility that it deserves and return the name of it to the rightful place along the horse disciplines.

Sincerely,

Dr.Radu Ciubuc
