GLOBAL EQUINE LOGISTICS

ASIAN GAMES 2022: HANGZHOU, CHINA

Equestrian Freight Manual

June 2023

Version 1

PREFACE

This Equestrian Freight Manual (EFM) is the guideline for shipping equestrian freight for the Equestrian Events of the 2022 Asian Games. All NOCs/NFs wishing to ship equestrian freight for the 2022 Asian Games should understand and follow the procedures described in this guide.

The EFM has been developed to assist all NOCs/NFs with logistical planning in their preparations for the 2022 Asian Games. The manual contains details of health requirements, customs procedures, arrival & departure details, security provisions, ground transportation and key contact information.

The Organising Committee has appointed Peden Bloodstock GmbH as the service provider for coordinating import and export matters and providing the entry and exit security service.

The purpose of this document is to provide NOCs/NFs with as much background information as is presently available on transport procedures for their horses.

SECTION 2: FREIGHT SUPPORT PLAN

- All non-China origin horses must arrive in China at Hangzhou Xiaoshan International Airport (HGH). No other airport of entry is permitted.
- NOCs/NFs will bear the air transport cost from the designated hub airports to and from China.
- The countries where horses must be quarantined and certified for export are Germany (Aachen), Japan, Korea, UAE, New Zealand. Horses are not permitted to be certified from any other country.
- Space will be provided for all horses to travel in 112cm wide stalls (two horses per pallet) or singles stalls (3 per pallet) according to bookings made.
- All flights between Liege (LGG) and Hangzhou (HGH) will be B777F aircraft with an estimated flight time of 15 hours, 50 minutes. All flights will make a technical stop in Doha for refuelling & crew change. The cargo doors will not be opened during this technical stop.
- Horses should be returned to the designated hub of origin after the event.

SECTION 3: FLIGHT SCHEDULES – EU HORSES

The following are the draft timelines and flight schedules for horses from Liege to Hangzhou; and returning back from Hangzhou to Liege. All times are local-

	DRESSAGE & EVENTING	SHOWJUMPING
60 DAYS RECORDS BEGIN (Annex A)	14 JULY	22 JULY
EIA, Piro, Glanders, EVA, Surra - bloods	28 AUG (Lab Form 1 – Annex B)	04 SEP (Lab Form 3 – Annex B)
Equine Influenza and EHV-1 NP swab	06 SEP (Lab Form 2 – Annex B)	13 SEP (Lab Form 4 – Annex B)
DELIVERY AACHEN	12 SEP 10.00am – 12.00noon	20 SEP 10am – 12noon
DEPART LIEGE	20 SEP 03.10am	28 SEP 04.45am
ARRIVE HANGZHOU	21 SEP 01.00am	29 SEP 02.30am
APPROX ARRIVE VENUE	21 SEP 06.30am	29 SEP 08.00am
DEPART HANGZHOU	04 OCT 04.15am	08 OCT 04.30am
ARRIVE LIEGE	04 OCT 14.30pm	08 OCT 14.50pm
TRUCKS TO BE AT LIEGE	04 OCT 14.00pm	08 OCT 14.15pm

SECTION 4: FLIGHT BOOKINGS

- Flight bookings should have already been made.
- For NFs/NOCs still needing to book please contact atock@peden.de

SECTION 5: ATTENDANTS ON FLIGHTS

- A limited number of seats will be available for attendants to accompany horses on the flights to and from China. The seats will be allocated on a pro rata basis to NOCs/NFs and will be advised by Peden.
- All flight tickets for personnel not accompanying their horses as attendants on the Charter flights must be organised by the respective NOCs/NFs.
- For entry to China all attendants must meet the visa/accreditation requirements as advised by the OC.
- Passports and Grooms' Luggage Packing Lists will be requested by Peden closer to the time.
- Additionally, Peden appointed professional flying grooms will accompany every shipment from/to Liege.
- Responsibilities of Attendants can be found at ANNEX C.

SECTION 6: EQUINE HEALTH DOCUMENTATION REQUIREMENTS

- All horses competing must have either a valid FEI Passport or FEI recognition card. See the FEI Veterinary Regulations: www.fei.org
- All horses **MUST** be Microchipped for travel to China.

The main requirements are outlined below:

6.1 60 DAY MOVEMENT RECORDS – *Start 14 July (Dressage & Eventing) ***Start 22 July (Jumpers)**

- Movement records must be completed for all horses for 60 days before they enter quarantine. This document will form part of the final health certificate. Please see Annex A.
- Each box on the movement document must be completed by a Ministry vet or FEI vet or Team vet or stables vet present at each location. Even when at the home stables the document must be completed. The full 60 days must be accounted for including travel days. **The vet MUST provide the stamp (Ministry stamp or FEI stamp or vet practice stamp) and signature.**
- Originals of all health certificates (including TRACES/EU papers) issued in the 60 days before travel to China must be retained and accompany the horse to China.
- Horses should not be bred (natural or Artificial Insemination) or enter a breeding premises within the 60 days before entering quarantine.

6.2 PRE-EXPORT QUARANTINE

All horses must complete 7 days quarantine prior to export to China.

EU QUARANTINE – AACHEN, GERMANY

Peden will operate the quarantine in Aachen, Germany and all formalities will be taken care of by our team in this regard. On completion of quarantine horses will travel from Aachen to Liege Airport in their own transport. If you need assistance with the transport Aachen-Liege airport, please contact our office as soon as possible.

Address: Aachen Showground, Aachen-Laurensberger Rennverein e.V.
Albert-Servais-Allee 50, 52070 Aachen

Please note that electric hook ups are available for trucks.

Accommodation for grooms and riders should be booked locally. The closest hotel to the quarantine is: <https://www.leonardo-hotels.com/aachen>

6.3 LABORATORY SELECTION

For horses completing quarantine in Aachen all samples for testing before and during quarantine will be required to be sent to Bose, Germany.

6.4 PRE-EXPORT TEST REQUIREMENTS - EU HORSES

Pre-export testing

- Equine Infectious Anaemia AGIDT (serum)
- Equine Piroplasmiasis T.equi and B.caballi - ELISA and IFAT
- Glanders CFT (serum)
- EVA Virus Neutralisation (serum)
- For horses that are EVA vaccinated (and therefore positive on EVA VN) please do PCR (whole blood)
- Surra - ELISA (serum)
- Equine Influenza - Nasopharyngeal swab PCR
- EHV-1 - Nasopharyngeal swab PCR

Lab Forms – See Annex B

	DRESSAGE & EVENTING	SHOWJUMPING
SEROLOGY - EIA (AGIDT), Piro (ELISA and IFAT), Glanders (CFT), EVA (VNT), Surra (ELISA)	28 AUG (Lab Form 1)	04 SEP (Lab Form 3)
NP SWAB - Equine Influenza PCR and EHV-1 PCR	06 SEP (Lab Form 2)	13 SEP (Lab Form 4)

Samples must be sent by overnight courier to the lab. This is imperative because we must have all results back before the horses enter quarantine.

***IMPORTANT UPDATE FROM CHINA AUTHORITIES: Piroplasmiasis – horses that have a positive result on either ELISA or IFAT are not permitted to travel to China. The intention of the import health protocol is that piroplasmiasis positive horses (means positive on any test) are not permitted to enter China.**

- Horses that are Piroplasmiasis positive on IFAT or ELISA may not travel.
- Horses that have a high (but non-positive) ELISA titre may be at risk of turning positive after the stress of travel. This will be taken into account so as to minimise risk to the entire quarantine cohort.
- **Please note the Chinese Authorities have the option to post arrival test all horses so we must strictly adhere to this point.**

*Where horses are EVA positive on serology we will need to PCR test negative on whole blood and demonstrate historical EVA vaccination.

*Equine Influenza and EHV-1 pre-testing on 6 SEP (Dressage and Eventing) and 13 SEP (Jumping) can be undertaken at Rossdales for **UK horses**. The blood samples on 28 AUG (Dressage and Eventing) and 04 SEP (Jumping) must be completed at Bose. Please inform Peden in advance if your horse will be in UK when the blood tests need to be taken so that we can advise your vet regarding shipping of the samples to Bose.

***EU horses** – all tests should please be performed at Bose.

If your horse is not in EU or UK at the time the tests are required please contact Peden for further advice.

We strongly recommend that horses are also tested before definite entries under the direction of the Team Vet to understand the Piro and EVA status ahead of the official pre-testing. For Piro ELISA please request the inhibition rate on the results. We suggest pre-testing piro ELISA, IFAT and CFT.

UK horses- please remember to do a EIA (Coggins) at Weybridge for your UK – EU papers.

6.5 VACCINATION REQUIREMENTS

Equine Influenza Vaccination – Compulsory. Vaccination according to FEI rules is not sufficient.

Re-start primary course if required:

1. 2 doses of SAME vaccine at 4-6 week interval (this must be visible in the passport, a statement that the horses vaccination history is correct, will NOT be accepted)
2. 6 monthly interval boosters

Latest booster must be within 14 – 90 days before export.

No vaccinations whatsoever within 14 days of shipping.

This means: Please review your horse's vaccination history:

EITHER

- The original primary course must be 2 doses of the same vaccine brand and same vaccine type at an interval of 4 – 6 weeks. This must be followed by boosters at 6 monthly intervals. If your horse's original

primary course and boosters meet these requirements then please just do a booster between **1st July and 1st September 2023**.

OR

- If the primary course does not comply, OR your horse does not have regular 6 monthly boosters since the valid primary course then you **MUST** do a new primary course which consists of 2 doses of the same vaccine brand at an interval of 4 – 6 weeks. Either both doses or just the 2nd dose of this primary must be given **between 1st July and 1st September 2023**.

EHV-1 vaccination - optional.

Japanese Encephalomyelitis vaccination – optional

NO VACCINATIONS AFTER 1st SEPTEMBER 2023.

6.6 INTERNAL AND EXTERNAL PARASITE TREATMENT - Will be completed in quarantine.

SECTION 7: EQUIPMENT

- A comprehensive list of contents must be attached to the exterior of each box. See Annex E1 -horse equipment packing list.
- No item of equipment may exceed 1,60 m height. **All equipment must be labelled as follows:**

Federation code	{Please Enter}
Name of Competitor	{Please Enter}
Name of Responsible Person	{Please Enter}
Contact Number	{Please Enter}

- No dangerous goods may travel on the aircraft, see ANNEX D
- All equipment will be weighed at the airport of departure. Any equipment over and above the booked quantity may not be guaranteed to travel as it will be subject to available aircraft capacity.
- Please complete the Packing List at Annex E1 and return to transport@peden.de before 1st September. **One E1 equipment packing list per rider.**
- No wooden pallets please.

SECTION 8: FORAGE, FEED, SUPPLEMENTS AND BEDDING

8.1 FEED

A process is underway between the OC and NFs/NOCs to assess products for import into China for the Games.

The deadline for applications has already passed. The OC will shortly publish a list of approved feeds which may be imported into China. Only these feeds can be imported on the horse flight.

Please complete Feed Packing list at Annex E2 and return before 1st September. Please include nutritional supplements. Only feed and supplements listed on the published approved list are permitted to be listed on Annex E2 feed packing list for import to China. **One feed packing list per NF discipline please.**

8.2 HAY

Details regarding the hay that will be available for purchase in China can be found in Annex F.

Feed and Hay available to purchase on the venue can be found at Annex F. It can be ordered on site or in advance:

Beijing Baolin Horse Industry Technology Co., Ltd.

Contact: Li Wen (cocoalee), email: wenli@chinesehorseracing.com Contact Mr. 孙峻岭(SUN Junling), Tel: +86-18001292344 ,Email: sunjunlingmail@hotmail.com ;
KER contact: Peter Huntington, email: phuntington@ker.com

NOCs/NFs will be responsible for implementing their own anti-doping controls for feed.

8.3 SUPPLEMENTS

Non-veterinary supplements (purchased without prescription/ from the local saddlery) should be pre-approved and the lists should have been submitted to the OC already along with the feeds. Products that have not been given specific approval by the OC will not be permitted to travel.

Any supplements that are veterinary products (ie issued by your veterinarian under prescription) must travel in the vet kit (and be listed by the vet on the packing list which must be approved in advance by the Chinese Ministry – deadline is 10th July). Such supplements must not travel with the horse equipment.

8.4 BEDDING

Horses will be bedded on Shavings.

Straw and paper are not available.

First bedding in the stable is provided free of charge by the OC. Subsequent bales will be charged.

SECTION 9: VETERINARY MEDICINES

Veterinary Medicines which have been specifically approved by the OC are permitted to import into China on the horse flights. The deadline for submitting these lists to the OC (email:vetdepartment@hangzhou2022.cn) for approval is 10th July. The OC will return the approved list back to the NF - this list will be used as the packing list. We understand that there can be no changes to products or quantities but await confirmation. Unused products will be re-exported from China.

SECTION 10: FLIGHT FORMALITIES

10.1 HAY, FLIGHT BAGS AND RUGS

- Please ensure that horses arrive at the airport with one large, filled haynet.
- NOCs/NFs will be required to provide buckets for the flight. Water containers will be provided by Peden.
- Peden will provide one small “overnight” bag per horse which is able to fit in the front of the stall. This should contain a bridle / rug etc.
- If your horse is wearing a rug on the aircraft, please ensure that there are no filet strings attached to the rug and that it is the type that is easily removed should this be required. We strongly recommend that horses travel without rugs. Please tape up shoes. Spare shoes should be brought to China.
- Kick Pads – please label your own kick pads and bring ties to hang so that the process can be facilitated more efficiently.

10.2 EQUIPMENT SCREENING AT LIEGE.

- All equipment will be security screened and weighed prior to palletising.
- Please find a list of Prohibited items at ANNEX D.

10.3 PARKING AT LIEGE AIRPORT

- LIEGE: Parking is available at the long stay car park approx. 2km from the loading area. There is no shuttle available. <http://www.vppark.be/EN/location.php>

10.4 ARRIVAL IN HANGZHOU

- On arrival at Hangzhou airport all formalities and procedures will be completed as swiftly and smoothly as possible to ensure that all horses, their attendants, equipment, feed & vet medicines are transferred simultaneously to the Tonglu Asian Games Equestrian Centre as quickly as possible. The driving distance from Hangzhou airport to the Tonglu Asian Games Equestrian Centre is approximately 145kms.

10.5 AIRPORT ACCESS FOR NON-FLYING NF PERSONNEL

Airport access at Liege will be coordinated by Peden directly with the NOCs/NFs delivering their horses & equipment to the airport.

Airport access at Hangzhou airport is strictly restricted to those attendants travelling on the charter flights.

SECTION 11: RE-EXPORT FROM CHINA

- Following the completion of the Games, flights will return all horses, their attendants & equipment to the Designated Hub Airports from which they commenced their journey to China.
- Any attendant who travels to China on a horse flight is required to travel home on the return horse flight to the Designated Hub Airport of origin.
- For the return journey, all export formalities & logistics as well as export, customs and animal health certification will be coordinated by Peden Bloodstock.
- A comprehensive procedural document will be issued prior to departure from China enabling all NOCs/NFs and their attendants to familiarise themselves with the departure procedures.
- On arrival back at the Designated Hub Airport of origin Peden Bloodstock in conjunction with their partner agents will arrange customs clearance and airport handling.
- Should any horses have to temporarily remain in China due to illness or injury the NOC/NF will be responsible for all consequent costs including return airfreight.

SECTION 12: OTHER INFO

- Electricity in the stables:
- Mucking out equipment (Shaving forks/brooms/ Wheelie bins) will be provided by the OC.

SECTION 13: VETERINARY SURGEON & FARRIER REGISTRATION

Any enquiries related to Vet and Farrier registration should be directed to the Veterinary Services Manager. The Vet Services Guide will provide further details.

SECTION 14: RESERVE HORSES

Reserve horses can attend quarantine in Aachen.

SECTION 15: VISA REQUIREMENTS

Please ensure that all visa and accreditation requirements are met.

All attendants/veterinarians on the aircraft must hold an Asian Games Accreditation Pre-validation Card alongside a valid passport. Please see the Chef De Mission Guide for further information about visas and PVCs.

SECTION 16: RESPONSIBILITY & LIABILITY

Neither the Organizing Committee for the Games, nor Peden Bloodstock GmbH/Ltd. accepts any responsibility for any accident or illness that may befall any horse, competitor, groom or any other person. The same applies in case of damage to cars, saddlery, utensils and all other objects (including damage resulting from theft, loss, fire).

NOCs/NFs are responsible to ensure that each participating horse & related horse equipment, feed, vets Meds, vet equipment & mobility devices are insured for a sufficient amount to cover any eventuality that can occur during or in relation to the Equestrian Events of the Asian Games, including without limitations, problems occurring during pre-export quarantine or transportation between the designated hub of origin to/from the Equestrian Venue.

All NOCs/NFs are responsible for damages to third parties caused by themselves, their employees, their agents or their horses. They are therefore, strongly advised to take out a third-party insurance providing full coverage for participation in the Equestrian Events of the Asian Games at home and abroad and to keep the policy up to date.

SECTION 17: TIMELINES

DEADLINE	SCHEDULE	CHECK
24 June	Deadline to submit feed and supplements application form to the OC vetdepartment@hangzhou2022.cn	<input type="checkbox"/>
10 July	Deadline to submit veterinary medicines, veterinary supplements, veterinary equipment and supplies to the OC vetdepartment@hangzhou2022.cn . Please note that fluids are available on the venue for acute clinical use only. Any pre-planned/non-therapeutic administration of fluids will require Teams to supply their own fluids ie import them to China/source locally in China.	<input type="checkbox"/>
14 July	Dressage and Eventers: Start 60 day Movement records (Annex A) and keep all health certificates issued in this time.	<input type="checkbox"/>
22 July	Jumpers: Start 60 day Movement records (Annex A) and keep all health certificates issued in this time.	<input type="checkbox"/>
31 July	OC will publish list of approved feed and feed supplements that are permitted to import to China for the Games.	<input type="checkbox"/>
31 July	OC will advise each NOC/NF which vet medicines, supplements, equipment and supplies are approved for entry to China. This document will be used as the packing list.	<input type="checkbox"/>
01 August	FOR ALL LONG LISTED HORSES: Please send a copy of your horse's passport to transport@peden.de (one pdf file per horse please) Please ensure the front page, marking diagram, description page are included. Microchip must be visible. Vaccination pages showing the primary course and subsequent boosters for Influenza are needed. Please send any nominations for flying groomers to transport@peden.de . Please include passport copy. Criminal Background Check not required.	<input type="checkbox"/>
28 August	Dressage and Eventing: Blood samples to be taken from all LONG LISTED HORSES – use Lab Form 1	<input type="checkbox"/>
31 August	Packing Lists - (Annex E1 and E2) for all Long listed horses to be sent to transport@peden.de	<input type="checkbox"/>
1st September	No vaccinations whatsoever to be given after this date	<input type="checkbox"/>
04 September	Jumping: Blood samples to be taken from all LONG LISTED HORSES – Use Lab Form 3	<input type="checkbox"/>
06 September	Dressage and Eventing: Naso-pharyngeal Swabs – Use lab form 2 Dressage and Eventing inform Peden of: <ul style="list-style-type: none"> - Final Horse Choice - EU return address (after China) - Airport Delivery and Pick up Details (Truck Registration Number, Driver Name, Mobile Number) - Inform Peden if you need transport of your horse from Aachen to Liege - Inform Peden if you need stabling for your horse on return from China 	<input type="checkbox"/>
12 September	10.00am - 12noon Delivery of Dressage and Eventing horses to Aachen	<input type="checkbox"/>
13 September	Jumping: Naso-pharyngeal Swabs – Use lab form 4 Jumping inform Peden of: <ul style="list-style-type: none"> - Final Horse Choice - EU return address (after China) - Airport Delivery and Pick up Details (Truck Registration Number, Driver Name, Mobile Number) - Inform Peden if you need transport of your horse from Aachen to Liege - Inform Peden if you need stabling for your horse on return from China 	<input type="checkbox"/>
19 September	2100hrs – transfer Eventing and Dressage horses from Aachen Q to Liege Airport	<input type="checkbox"/>
20 September	03.10am Eventing and Dressage - Horse flight departs Liege Airport for China	<input type="checkbox"/>
20 September	10.00am – 12noon Delivery of Jumping horses to Aachen Q	<input type="checkbox"/>
27 September	2200hrs transfer Jumpers from Aachen Q to Liege Airport	<input type="checkbox"/>
28 September	04.45am Jumping – horse flight departs Liege Airport for China	<input type="checkbox"/>

Every day must be accounted for whether at home or competition or travelling.
 Dressage & Eventers start 14th July. Showjumpers start 22nd July.
 FEI vet or Ministry vet or Team vet or Stables vet to stamp/ sign each box.

ANNEX C - RESPONSIBILITY OF ATTENDANTS

- Each attendant must be at least 18 years of age.
- For entry to China each attendant MUST travel with their pre-validation cards (PVC) which will be distributed by the respective NOCs.
- Each attendant must have a good command of the English language
- It is the responsibility of each attendant to ensure that all horses are loaded and unloaded from aircraft and vehicles either with a chifney or a bridle.
- Each NOC/NF is responsible to ensure that their attendants have valid passports and visas for China should they be required; attendants not in possession of the correct documentation will not be accepted for passage.
- Criminal Background Check is not required.
- Each NOC/NF attendant (vet or groom) will not only be responsible for their own horses in flight but collectively for all horses on the flight.
- Peden Bloodstock will provide all NOCs/NFs travelling on a flight a list of those NOCs/NFs also travelling on the same aircraft. It is strongly recommended that a consensus is reached between NOCs/NFs as to who will provide vets and who will provide attendants (grooms) to travel on each aircraft to ensure the necessary balance is reached.
- Smoking is strictly prohibited at the airport and on all flights.
- The consumption of alcohol is strictly prohibited on all flights. Any attendants thought to be under the influence of alcohol will not be accepted for passage.
- Hi-visibility jackets (Hi-Vis) which will be provided by Peden must be worn at all times in the warehouse, on the ramp and at any time near the aircraft
- All attendants shall follow the directions of the Peden professional groom and / or Peden staff at all times whilst on the ramp and on the aircraft.
- All attendants shall follow the required safety briefings by the crew without interruption and shall act on these accordingly.
- Any communication with the Crew or cockpit shall be made through a Peden professional groom.
- Attendants shall wear appropriate clothing and footwear on the aircraft and whilst loading. Grooms shall make every effort to ensure they are as clean as possible prior to returning from any horse compartment to a passenger seating area.
- NO medication is to be administered in flight to ANY horse without prior consultation with a veterinary surgeon and/or Peden groom.
- For attendants on all-Cargo flights, oxygen bottles shall be carried as per the Crew's direction.
- There is to be no tampering with oxygen bottles, jet stalls or any other aircraft equipment.

ANNEX D – DANGEROUS GOODS

What are dangerous goods?

Dangerous goods are articles and substances which are capable of posing a significant risk to safety when transported by air. They may be corrosive, flammable, explosive, oxidizing or reactive with water.

Class	Examples
EXPLOSIVES:	Fireworks, flares, toy gun caps.
COMPRESSED SUBSTANCE:	Gas cylinders, aerosols (other than medicines/toiletries).
FLAMMABLE SUBSTANCE:	Lighter fuel, paints, thinners, firelighters, cigarette lighters containing unabsorbed lighter fuel.
OXIDIZERS:	Some bleaching powders, acids, chemicals.
ORGANIC PEROXIDES:	Hair or textile dyes, fibreglass repair kits, certain adhesives.
POISONS:	Arsenic, cyanide, weedkillers.
IRRITATING SUBSTANCES:	Tear gas devices such as mace, pepper sprays.
INFECTIOUS SUBSTANCES:	Biological products and/or diagnostic specimens containing pathogens.
RADIOACTIVE MATERIALS:	Medical or research samples which contain radioactive sources.
CORROSIVES:	Acids, alkalis, wet cell batteries, caustic soda, mercury.
MAGNETISED MATERIALS:	Magnetrons and anything containing strong magnets.
LITHIUM BATTERIES:	Spare Lithium ion batteries and cells with a Watt hour rating greater than 160Wh, are not permitted on an aircraft under any circumstances.

Why are you not allowed to take them?

Due to their properties and their potential for injury and destruction it is illegal to take dangerous goods without special notification.

Expert declaration, classification, packing, marking, labelling and documentation are required.

What do you need to do if you would like to take goods classified as dangerous?

Should you intend to take dangerous goods please contact us and we can verify additional charges and options.

What happens if you take dangerous goods without notification?

The agent and airport or government officials may inspect and/or search your baggage with or without your presence. Any dangerous goods not declared will be removed from the trunks and either returned with the sender or destroyed at the airport. IF YOU TAKE DANGEROUS GOODS ON BOARD, EVEN INADVERTENTLY, YOU MAY BE LIABLE TO PROSECUTION AND A JAIL TERM. Strict and severe penalties apply.

4	静能教学马粮 Keep-calm Mix	压片玉米、压片大麦、豆粕、麸皮、植物油、盐、糖蜜、碳酸钙、磷酸氢钙、维生素、微量元素、氨基酸、有机硒等。 Flaked corn, flaked barley, soybean meal, wheat bran, vegetable oil, salt, molasses, calcium carbonate, calcium hydrogen phosphate, vitamins, trace elements, amino acids, organic selenium, etc.	粗蛋白(CP)≥10% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤14% 粗灰分(ASH)≤10% 水分(WATER)≤14% 维生素A(V.A)≥5000iu/kg 维生素D3(V.D3)≥500iu/kg 维生素E(V.E)≥120iu/kg 钙(CA) 0.5-1.5% 磷(P)≥0.5% 铜(CU)≥40mg/kg 赖氨酸(LYS)≥0.5% 氯化钠(NACL) 0.5-3.0%	
5	障碍马粮 Jumping Mix	压片燕麦、压片大麦、压片玉米、压片大豆、压片黑豆、油菜、豆粕、植物油、糖蜜、米糠、麸皮、豆皮、碳酸钙、磷酸氢钙、盐、微量元素、维生素、氨基酸、有机硒等。 Flaked oat, flaked barley, flaked maize, flaked soybean, flaked black bean, sunflower seeds, soybean meal, vegetable oil, molasses, rice bran, wheat bran, soya bean hulls, calcium carbonate, calcium hydrogen phosphate, salt, trace elements, vitamins, amino acids, organic selenium, etc.	粗蛋白(CP)≥13% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤10% 粗灰分(ASH)≤10% 水分(WATER)≤14% 维生素A(V.A)≥11000iu/kg 维生素D3(V.D3)≥1100iu/kg 维生素E(V.E)≥240iu/kg 钙(CA) 0.5-1.5% 磷(P)≥0.5% 铜(CU)≥60mg/kg 赖氨酸(LYS)≥0.5% 氯化钠(NACL) 0.5-3.0%	
6	无燕麦马粮 Oats-free Mix	压片大麦、压片玉米、油菜、豆粕、植物油、糖蜜、米糠、麸皮、豆皮、碳酸钙、磷酸氢钙、盐、微量元素、维生素、氨基酸、有机硒等。	粗蛋白(CP)≥13% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤14% 粗灰分(ASH)≤10% 水分(WATER)≤14% 维生素A(V.A)≥8000iu/kg	

6	易快赢:平衡颗粒Cool Pellets	Flaked barley, flaked maize, sunflower seeds, soybean meal, vegetable oil, molasses, rice bran, wheat bran, soya bean hulls, calcium carbonate, calcium hydrogen phosphate, salt, trace elements, vitamins, amino acids, organic selenium, etc.	维生素D3(V.D3)≥800iu/kg 维生素E(V.E)≥160iu/kg 钙(CA) 0.5-1.5% 磷(P)≥0.5% 铜(CU)≥60mg/kg 赖氨酸(LYS)≥0.5% 氯化钠(NACL) 0.5-3.0%	
7	平衡颗粒Balancer Pellets	麸皮, 豆粕, 豌豆, 豆皮, 碳酸钙, 磷酸氢钙, 盐, 微量元素, 维生素, 氨基酸, 有机硒等。 Soya bean meal, wheat bran, peas, soya bean hulls, calcium carbonate, calcium hydrogen phosphate, salt, trace elements, vitamins, amino acids, organic selenium, etc.	粗蛋白(CP)≥20% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤14% 粗灰分(ASH)≤15% 水分(WATER)≤14% 维生素A(V.A)≥14000iu/kg 维生素D3(V.D3)≥1400iu/kg 维生素E(V.E)≥330iu/kg 钙(CA) 1.0-3.5% 磷(P)≥0.6% 铜(CU)≥100mg/kg 赖氨酸(LYS)≥1.0% 氯化钠(NACL) 1.0-4.0%	
8	易快赢:蓝冠马粮Equiwin Fiber Performance Mix	压片燕麦, 压片玉米, 压片大麦, 苜蓿, 油菜, 糖蜜, 豆粕, 麸皮, 植物油, 盐, 豆皮, 维生素, 微量元素, 碳酸钙, 磷酸氢钙, 氨基酸, 有机硒等。 Flaked oat, flaked barley, flaked maize, alfalfa, sunflower seeds, soybean meal, vegetable oil, molasses, wheat bran, calcium carbonate, calcium hydrogen phosphate, salt, trace elements, vitamins, amino acids, organic selenium, etc.	粗蛋白(CP)≥13.4% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤20% 粗灰分(ASH)≤15% 水分(WATER)≤14% 维生素A(V.A)≥10000iu/kg 维生素D3(V.D3)≥1000iu/kg 维生素E(V.E)≥220iu/kg 钙(CA) 0.5-1.5% 磷(P)≥0.5% 铜(CU)≥60mg/kg 赖氨酸(LYS)≥0.6% 氯化钠(NACL) 0.5-3.0%	
9	易快赢:黑冠马粮Equiwin Fiber Power-Plus Mix	压片燕麦, 压片玉米, 压片大麦, 压片黑豆, 压片大豆, 苜蓿, 油菜, 植物油, 盐, 糖蜜, 豆粕, 麸皮, 豆皮, 维生素, 微量元素, 碳酸钙, 磷酸氢钙, 氨基酸, 有机硒等。 Flaked oat, flaked barley, flaked maize, flaked soybean, flaked black bean, alfalfa, sunflower seeds, soybean meal, vegetable oil, molasses, wheat bran, calcium carbonate, calcium hydrogen phosphate, salt, trace elements, vitamins, amino acids, organic selenium, etc.	粗蛋白(CP)≥16% 消化能 (DE) 粗脂肪 (CEE) 粗纤维(CF)≤25% 粗灰分(ASH)≤15% 水分(WATER)≤14% 维生素A(V.A)≥12000iu/kg 维生素D3(V.D3)≥1200iu/kg 维生素E(V.E)≥260iu/kg 钙(CA) 0.5-1.5% 磷(P)≥0.5% 铜(CU)≥60mg/kg 赖氨酸(LYS)≥0.7% 氯化钠(NACL) 0.5-3.0%	

红磨坊马粮(进口) Red Mills Horse Feed

序号 NO.	品名 PRODUCTS	主要原料组成 COMPOSITION	产品成分分析保证值 INGREDIENTS(%)	图片 PHOTOS
1	温和型基础颗粒马粮 10%Cool Feed Cubes	大麦, 大豆皮, 麸皮, 小麦, (糖)甜菜渣, (糖)甘蔗糖蜜, 苜蓿草粉, 玉米, 大豆油, 碳酸钙, 氯化钠, 磷酸氢钙, 氧化镁。 Barley,soya(bean)hulls,wheat,(sugar)cane molasses,alfafa meal,maize,soya oil, calcium carbonate, sodium chloride, mono-dicalcium phosphate,magnesium oxide.	粗蛋白(CP) 10% 粗纤维(CF) 12% 粗灰分(ASH) 7.5% 水分(WATER) 维生素A(V.A) 12000iu/kg 维生素D3(V.D3) 2000iu/kg 维生素E(V.E) 300iu/kg 钙(CA) 1% 磷(P) 0.5% 铜(CU) 60mg/kg 赖氨酸(LYS) 氯化钠(NACL) 0.74%	
2	通用运动马粮 10%Cool 'N' Cooked Mix	大麦压片(蒸煮), 玉米压片(蒸煮), 小麦压片(蒸煮), 大豆皮, (糖)甘蔗糖蜜, 麸皮, 大麦, 葵花籽粕, 豆粕, 小麦, 碳酸钙, 氯化钠, 磷酸氢钙, 大豆油, 氧化镁。 Barley Flakes(steam cooked),maize flakes(steam cooked),wheat flakes(steam cooked),soya(bean)hulls,(sugar)cane molasses,wheat feed,barley,sunflower seed meal, soya meal, wheat,calcium carbonate,mono-dicalcium phosphate,sodium chloride,soya oil,manesium oxide	粗蛋白(CP) 12% 粗纤维(CF) 8% 粗灰分(ASH) 6.5% 水分(WATER) 维生素A(V.A) 12000iu/kg 维生素D3(V.D3) 2000iu/kg 维生素E(V.E) 300iu/kg 钙(CA) 1% 磷(P) 0.55% 铜(CU) 60mg/kg 赖氨酸(LYS) 氯化钠(NACL) 0.77%	
		燕麦压片(蒸煮), 大麦压片(蒸煮), 玉米压片(蒸煮), (糖)甘蔗糖蜜, 豆粕, 大豆皮, 膨化大豆, 大豆压片(蒸煮), 葵花籽粕, 小麦, 大麦, 麸皮, 碳酸钙, 氯化钠, 磷酸氢钙, 大豆油, 氧化镁	粗蛋白(CP) 14% 粗纤维(CF) 8% 粗灰分(ASH) 7% 水分(WATER)	

3	高能运动马粮 14% Horse Cooked Mix	Barley Flakes(steam cooked),maize flakes(steam cooked),Oat flakes(steam cooked),soya(bean)hulls,(sugar)cane molasses,wheat feed,barley,sunflower seed meal, soya meal, wheat,calcium carbonate,mono-dicalcium phosphate,sodium chloride,soya oil,manesium oxide	维生素A(V.A) 12000iu/kg	
			维生素D3(V.D3) 2000iu/kg
