Motivation letter for the position of FEI Eventing Athlete Representative

Dear FEI Nominations Committee,

After more than 20 years as an international athlete, I had the chance to fulfill a long-time dream and to participate in Eventing at the 2016 Rio Olympics.

So, whilst continuing to thrive in my sport with Tokyo 2020 in mind, I want to go further and help develop and promote my favorite discipline.

Feeling to be part of a big Family for all this years, it would be an honor for me to represent and bring together all Eventing riders at the most important and influential place: the FEI

Born in Switzerland, and growing up in different countries with 3 different passports I have developed strong skills for international relationships.

I speak fluently French, German, English and Spanish and know many riders from all continents very well.

Furthermore, I'm really interested in finding with all stakeholders the right balance to maintain and develop Eventing in the Olympic agenda whilst staying true to the core of the discipline which generate so much passion among the riders.

Having also participated up to an international level as a junior and senior in the discipline of Jumping, I'm very open to other Equestrian disciplines and looking forward to joining forces.

In parallel to my sport career, I'm leading a small Pharmaceutical company, where I have the goal to bring a group to success.

Therefore, I believe being the FEI Eventing Athlete Representative would be the perfect link between my sport career, my passion and professional skills.

I thank you for your consideration and remain at your disposal if any questions.

Sincerely Yours,

  
Nicolas Wettstein
