TIE BREAK PROCEDURE:

In the case of a tie in Olympic Ranking points, the tie break procedure principle of the FEI World Eventing Athletes Rankings will apply. Accordingly, the best placing at the highest level event will decide. If there is still a tie, the second best result of each combination has to be compared and so on until the third result is compared. The level of competition is defined according to the above table and not the star level.

In the specific case of two combinations tied on Olympic Ranking points with the same rank obtained at the same level of competition and none of them have any other competitions in which they have earned points, the existing tie break procedure as per the current Eventing Rules for Individual classification will apply.

Information: see **Paris2024 Olympic Regulations Art 626.2** - The FEI reserves the right to appoint the main Officials (Ground Jury, Technical Delegate, Veterinary Delegate) for CCI4* S&L, CCI5* Events counting for FEI Olympic Rankings, qualification and Eligibility and Olympic MERs.
