PREAMBLE

These Eventing Rules are effective as of 1 January 2014. The Eventing Rules will be substantively reviewed every four (4) years unless urgent clarifications or modifications are required for risk management purposes.

As of this date, all other texts of the Eventing Rules or amendments to them dated prior to this date are superseded.

Although these Eventing Rules set out the detailed rules of the FEI for international Eventing Competitions, they must be read in conjunction with any other FEI Rules and Regulations, including but not limited to:

- FEI Statutes
- FEI General Regulations
- FEI Dressage Rules
- FEI Jumping Rules
- FEI Veterinary Regulations
- FEI Eventing Memorandum
- FEI Eventing Cross Country Course Design Guidelines
- ECDMCR EADCMR (Equine Anti-Doping And Controlled Medication Regulations)
- ADRHA (Anti-Doping Rules for Human Athletes)
- Guidelines for Use of Tack, Equipment and Dress (FAQ)

The FEI Jumping and Dressage Rules apply for the Eventing Jumping and Dressage Tests except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping and Dressage Rules during the year will be evaluated for application in Eventing from 1st January the following year.

Every eventuality cannot be provided for in these Eventing Rules. In any unforeseen or exceptional circumstances, it is the duty of the appropriate person or body to make a decision in a sporting spirit, by approaching as near as possible the intention of the Eventing Rules and of the General Regulations. Should there remain any omissions in the Eventing Rules, such omission shall be interpreted in a manner compatible to the fullest extent with the other provisions of these Eventing Rules, other rules and regulations of the FEI, and sporting spirit.

For the sake of brevity these regulations use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Glossary of the Eventing Rules, in the General Regulations, in the Statutes or in other Rules of the FEI.
THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:
   a) Good Horse management
   Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.
   b) Training methods
   Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.
   c) Farriery and tack
   Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.
   d) Transport
   During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.
   e) Transit
   All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:
   a) Fitness and competence
   Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.
   b) Health status
   No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.
   c) Doping and Medication
   Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.
   d) Surgical procedures
   Any surgical procedures that threaten a competing Horse’s welfare or the safety of other Horses and/or Athletes must not be allowed.
   e) Pregnant/recently foaled mares
   Mares must not compete after their fourth month of pregnancy or with foal at foot.
   f) Misuse of aids
   Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.
3. **Events must not prejudice Horse welfare:**
   a) **Competition areas**
   Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.
   b) **Ground surfaces**
   All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.
   c) **Extreme weather**
   Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.
   d) **Stabling at Events**
   Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. **Humane treatment of Horses:**
   a) **Veterinary treatment**
   Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.
   b) **Referral centres**
   Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.
   c) **Competition injuries**
   The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.
   d) **Euthanasia**
   If injuries are sufficiently severe a Horse may need to be euthanized by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.
   e) **Retirement**
   Horses must be treated sympathetically and humanely when they retire from Competition.

5. **Education:**
   The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.
   This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.
EVENTING VISION STATEMENT

Eventing constitutes the most complete combined equestrian Competition, demanding of the Athlete considerable experience in all branches of equitation and a precise knowledge of his Horse's ability, and of the Horse a degree of general competence, resulting from intelligent and progressive training.

The Cross Country Test constitutes the most exciting and challenging all-round test of riding ability and horsemanship where correct principles of training and riding are rewarded. This test focuses on the ability of Athletes and Horses to adapt to different and variable conditions of the Competition (weather, terrain, obstacles, footing, etc.) showing jumping skills, harmony, mutual confidence, and in general "good pictures".

This test requires by all involved special awareness and acceptance of a certain level of risk inherent to the particular challenging and exciting nature of the test.

Every effort must be made to ensure that, at each level, responsible Athletes are participating with progressively trained Horses in order not to be exposed to a higher risk than which is strictly inherent to the nature and level of the Competition.
Chapter 1   GENERAL

500   Introduction

500.1   Definition
An Eventing Competition consists of three distinct tests during which an Athlete rides the same Horse throughout, namely: Dressage, Cross Country and Jumping.

500.2   Responsibility

500.2.1   Athletes
An Athlete is ultimately responsible for knowing these Eventing Rules and complying with them. The appointment of a Steward or Official, whether or not provided for in these Eventing Rules, does not absolve the Athlete from such responsibility.

500.2.2   National Federations
National Federations are responsible for selecting and entering eligible Athletes and Horses for all international Competitions taking responsibility for their fitness and competence to compete.

500.2.3   National Safety Officers
All National Federations organising international Eventing Events must appoint an active National Safety Officer (NSO) to liaise with the FEI with regards to all matters directly relating to Eventing Risk Management.

500.2.4   Registration
All Athletes and Horses participating in international Competitions must be annually registered with the FEI.

500.2.5   Horses Passport and Microchips
Please refer to General Regulations (GRs), art 137.
Chapter 2  STRUCTURE OF COMPETITIONS

501  Competitions and Series

501.1  International (CIs)
Competitions with an individual classification. Location, date and level of CIs must be approved by the FEI. Special requirements may apply for 4 & 5 star level Competitions at new venues.

501.2  Official International (CIOs)
Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.
Location, date, level and qualifications of CIOs must be approved by the FEI and Eventing Committee. Each National Federation may only organize one Senior CIOs in any calendar year.

501.2.1  Nations Cup
The Nations’ Cup (also referred as "NC") is the official international team Competition. Its object is to compare the merit of Athletes and Horses from different NFs and may only be organised on the occasion of a CIO.

"At least three NFs must take part in this Competition for it to be recognised as an FEI Nations Cup™.
If less than five NFs have entered teams for a CCIO, the invitation may be extended to include two teams per NF (including the host team). Before the start of the Event, at the latest at the draw of nations starting order, each NF with two teams must decide which team competes for FEI Nations Cup™ points."

501.3  Championships (CHs)
Competitions with an official team and individual classification. Each member of a team will automatically be considered for the individual classification. Teams will always be composed of Athletes from the same country.
Geographical representation, age group of Athletes and Horses, location, date and level are decided by the Bureau Board.
In exceptional cases teams at a Continental Championships may be regional and if so the territorial scope must have been previously approved by the Eventing Committee.
Pony, Junior and Young Rider Championships must be organised during the long school holidays. Junior & YR Championships will preferably be organised jointly.

"All Championships must be organised in the long format at all levels. (Exceptions can be considered by the Eventing Committee)."

501.3.1  Minimum Participation
Continental Championships can only be held if at least three National Federations and/or Regional Teams are represented at the first Horse Inspection.
Outside Europe Continental Championships for Young Riders and Juniors may be held with any number of Regional Teams from at least two National Federations.

501.3.2  Individuals in Addition to Teams
The maximum number of individual Athletes authorised to take part in addition to each team is fixed as follows:
CHAPTER 2  STRUCTURE OF COMPETITIONS

a) Seven or more teams entered - two individuals per country plus a further six individuals from the host country.
b) Five or six teams entered - three individuals per country plus a further eight individuals from the host country.
c) Four or less teams entered - four individuals per country plus a further ten individuals from the host country.

If there are less than 35 entries in total, the number of individuals entered from each country may be increased proportionally.

In multidisciplinary championships (e.g. World Equestrian Games), and Games (e.g. Ponies, Juniors, Balkan or Regional Games), if Eventing is organised with other disciplines, the host country will be limited to the same number of Athletes and Horses as the maximum number permitted for the foreign countries.

National Federations will be advised by the Organising Committee at the closing of nominated entries.

501.3.3 Levels of difficulty
The level of difficulty of Championships will be as follows:
a) Ponies - CCIP2-L
b) Young Horses (six year) - one star CCI2*-L
c) Young Horses (seven year) - two star CCI3*-L
d) Junior - one star CCI2*-L
e) Young Riders - two star CCI3*-L
f) Continental/Regional Championships and Games will be decided by the Eventing Committee after consultation with the relevant National Federations
g) World Championships - please refer to Art. 501.3.4

501.3.4 World Individual and Team Championships
The World Championships are for Seniors.
World Championships can only be held if at least six National Federations are represented.
If the World Championships are conducted separately, the number of Athletes will be in accordance with art. 501.3 for Championships.

Participation:
a) Maximum 5 Athletes to take part from one nation.
b) Maximum of 2 individuals for Nations not represented by a team.
c) A Team will consist of 3 or 4 Athletes.

Technical Level:
a) 4 star 5 star level Dressage and Jumping Test,
b) Cross-Country Test 2 star World CH/Olympic Games level technicality (10min 38-42 efforts)

501.4 Games
501.4.1 Regional and Continental Games
Eventing may be organised at regional or continental multi sport games (e.g. Pan American, Asian, South American, South East Asian, etc.) with an official team and individual classification.
These games are organised by NOC confederations, responsible for general regulations with the exception of the technical aspects. The age group, format and level must approved by the FEI Eventing Committee.
CHAPTER 2 STRUCTURE OF COMPETITIONS

501.4.2 Olympic Games
Olympic Games are organised by the International Olympic Committee in accordance with the FEI Special Regulations for Olympic Games and current Eventing Rules.

501.5 FEI Eventing Series
FEI Eventing Series can be established further to approval by the Bureau Board. (e.g. FEI Eventing World Cup, FEI Eventing Nations Cup, etc.)

For all Series separate Rules for qualification and participation must be approved by the Bureau Board.

502 Formats and Levels
Competitions are also defined by their format and level.

502.1 Formats
502.1.1 Definition
Formats define some of the technical aspects of the Competition (duration of the Competition, intensity of the Cross Country Test, order of tests, etc.)

502.1.2 Long Format Competition (CCIs-L)
A Long Format Competition may take place over three or more days. The Dressage Test will be spread over one or more consecutive days, depending on the number of competitors, directly followed on the next day by the Cross Country Test that will be directly followed on the next day by the Jumping Test.

In the Long Format Competitions the Cross Country course will be of such a length that the Horse is required to be supremely fit and stamina will be required for success.

The Cross Country Test will always take place before the Jumping Test.

502.1.3 Short Format Competition (CICs CCIs-S)
A Short Format Competition may take place over one or more days. The Dressage Test will always take place first and will be followed on the same or following days by the Jumping and Cross Country Test.

In the Short Format Competition the level of difficulty of the Cross Country course is similar to the Long Format according to the star system, but the course is shorter and the intensity of efforts will be higher.

The Cross Country Test will preferably take place after the Jumping Test.

502.1.4 Unified format Competition (CC1*-Intro)
CCI1*-Intro may take place as a Short or Long format as to the order of tests and Horse Inspection requirements.

502.2 Levels of difficulty
The levels indicate the degree of difficulty of the Competition and are defined by a progressive star system ranging from the lower level one star to the higher 5 star.

Four-star levels are defined for the Long Format and three-star levels for the Short Format. The Four Five star level Competitions require the maximum level of training and experience from both Athlete and Horse.

A Technical Delegate cannot officiate at the same venue for more than three (3) consecutive years or four (4) consecutive Events.

A Technical Delegate cannot officiate at more than five Long Format Competitions in any calendar year.

513.9.3  Number of Technical Delegates per Event

In the case of more than one Competition (international and national) at the same Event:

a) One Technical Delegate must be appointed for two Competitions.
b) Two Technical Delegates must be appointed in the case of three or four Competitions.
c) Three Technical Delegates must be appointed in the case of five Competitions or more.

In the case of an Event with 100 or less competitors in no case more than two Technical Delegates are required.

Additional appointed Technical Delegates can be national Technical Delegates.

Different sections are considered to be the same Competition.

In case of more than one Technical Delegate appointed at the same Event, one overall Technical Delegate must be selected. He will be responsible for coordinating the job of the Technical Delegates and the reporting to the FEI for the whole Event.

513.9.4  Assistant Technical Delegate

An Assistant Technical Delegate must be appointed by the Organising Committee for all Games, Championships, Series Finals, CIOs and 2&4 4&5 star level CCIs and may be appointed at other international Competitions.

At Games, Championships, Series Finals and 4 5 star level Competitions the Assistant Technical Delegate must be of a different nationality to the Technical Delegate.

513.9.5  Balance of Experience and Expertise

For C Is at 2&4 4&5 star level in special circumstances, the FEI has the right, in a timely manner, to consult with the Organising Committee and ask for a different balance of experience and expertise within the team of Officials proposed in the schedule of the Competition.

513.10  Introductory, 1&2 1, 2 & 3 star Competitions with Several Sections of the Same Level

Introductory, One, and two and three star Competitions can be divided in several sections of the same level and be treated as a single entity according to specific provisions.
If several sections of Competitions at the same level are organised, the whole Competition will be treated as a single entity and Officials will be appointed as follows:

a) Where there is more than one section of an Event, it is possible to appoint only one Ground Jury for the Event, consisting of a President and one or two members who will be responsible for all decisions common to the various sections.

b) Additional Judges will be appointed to assist in the judging of the Dressage Test, if necessary to make up the Horse Inspection panels and if required, to help judge the Jumping Test. These additional Judges may be taken from the FEI lists of Officials, Level 3 or Level 2 Judges or may be national Judges.

c) At a Long Format Competition (CCIs-L), at least one member of the Ground Jury must officiate at each Horse Inspection. All Horses in any section must be inspected by the same Veterinarian and Ground Jury member at all inspections.

d) There must be only one Technical Delegate to officiate in all sections of an Event organised at the same star level.

e) The Ground Jury must consist of members selected by the Organising Committee in accordance with the rules for the relevant star level.

514 Conflict of Interest

514.1 Definition - General

A substantial appearance of a conflict of interest exists whenever an individual involved in any capacity with the FEI is involved in or perceived to be involved in multiple interests, one of which could possibly influence, or is perceived to influence, the motivation for an act in the other.

A conflict of interest is defined as any personal, professional or financial relationship, including relationships of family members that could influence or be perceived to influence objectivity when representing or conducting business or other dealings for or on behalf of the FEI.

Conflicts must be avoided whenever practicable. However, conflicts may be linked to experience and expertise that is necessary to qualify Officials.

The specific balance between conflict and expertise shall be regulated by the relevant Sport Rules.

514.2 Conflict of Interest - Eventing

514.2.1 Coaching and Training - All Officials

In any case coaching or training by all FEI Officials at the particular Competition must be avoided after arriving at the Competition grounds, unless in special circumstances permission has been given by the FEI Secretary General. Coaching or training includes the walking of courses and the training and warming up of Athletes for dressage or jumping.

Course walks open to all Athletes are encouraged, but those restricted to own pupils are not allowed.

514.2.2 Other conflicts - Ground Juries

a) CCIs at Introductory level, 1&2, 2 and 3 star level "CIM" (Minor Events) - conflicts should be avoided whenever practicable.

b) CCIs at 4&5 star level - conflicts must be avoided whenever practicable. If unavoidable they must be declared and accepted by the FEI Secretary General.

c) Games/Championships/Series Finals - conflicts of interest are not allowed.

514.2.3 Other Conflicts - Technical Delegates and Course Designers

Other conflicts will not apply for Technical Delegates and Course Designers.
CHAPTER 4  OFFICIALS

514.3  Independent Review Panel

The FEI Secretary General may refer any potential conflict of interest to an independent review panel that he will appoint upon request and which will be composed of two sportsmen (recent retired Athletes) and one Member with legal knowledge (as well as reserve member).

This panel may confer by email or telephone.

In emergency any one member of the panel may make a decision.

515  Duties of Officials

The Ground Jury, Technical Delegate(s), Course Designer and Veterinary Delegate, in conjunction with the Organising Committee, shall endeavour to ensure that all the arrangements for the Competition are fair, safe and appropriate.

This shall include the arenas, courses, obstacles and footing with special regard to the level of difficulty of the Cross Country and Jumping courses that must in all cases fully respect the level of the Competition.

Ensuring the correct level of difficulty of the Cross Country and Jumping courses according to the relative star level of the Competition is paramount in order to achieve a correct and effective technical progression of Horses and Athletes throughout the levels.

515.1  Jurisdiction of Officials

The period of jurisdiction of the Ground Jury commences one hour before the beginning of the first Horse Inspection or one hour prior to the start of the Dressage Test, whichever is earlier, and terminates half an hour after the announcement of the final results.

However, the Ground Jury has full jurisdiction also from when they inspect and approve the cross country course

515.2  Ground Jury

515.2.1  General Duties

The Ground Jury is ultimately responsible for the judging of the Competition and for settling all problems that may arise during its jurisdiction.

Any member of the Ground Jury shall have the duty and full authority at any time during the Competition to eliminate from the Competition any Horse that is lame, sick or exhausted and any Athlete that is unfit to continue.

The Ground Jury will also be responsible for monitoring and taking action in any case of dangerous riding (art. 525) and abuse of Horse

515.2.2  Inspection and Approval of Courses

The Ground Jury inspects and approves the Cross Country and Jumping courses with the Technical Delegate and the Course Designer.

If, after consultation with the Technical Delegate, the Ground Jury is not satisfied with the courses, it is authorised to modify them.

515.2.3  Horse Inspection

The Ground Jury will conduct the first and second Horse Inspections with the Veterinary Delegate.

515.2.4  Dressage Test

The Ground Jury will judge the Dressage Test.
515.2.5 Cross Country Test
The Ground Jury will be responsible for determining objections against decisions by technical personnel, including Fence Judges and Timekeepers, on the Cross Country Test and may substitute their judgement for that of any Judge or Official, whether in favour of the Athlete or not.

During Cross Country either the President of the Ground Jury must be in Cross Country Control or, if the President of the Ground Jury does not speak or understand the language which is being used for communication purposes, one of the members of the Ground Jury who does speak and understand the language must be there instead.

The President, in consultation with the Technical Delegate, shall make this decision and will decide about the role and positioning of the other Ground Jury members during the Cross Country Test.

The President and the members of the Ground Jury shall retain the same task throughout the Cross Country Test.

515.2.6 Jumping Test
The Ground Jury will be responsible for the judging of the Jumping Test.
At all Games and Championships the Ground Jury must be assisted by a Jumping Judge from the FEI list.
At all other Events such assistance is optional. Should any member of the Ground Jury be also a qualified Jumping Judge, no additional member is required.

It is essential that the President of the Ground Jury or appointed Jumping Judge be in control of the bell.

At Short Format Competitions (CICs CCI-S), if the Jumping takes place while other phases are also happening, this task may be delegated to a qualified national Jumping Judge with an understanding of FEI rules.

515.3 Technical Delegate

515.3.1 General Duties
The Technical Delegate will approve the technical and administrative arrangements for the conduct of the Competition, for the examinations and inspections of Horses, for the accommodation of Horses and Athletes and for the stewarding of the Competition as well as liaising with the Chief Medical Officer in regard to the Medical plan.

The authority of the Technical Delegate shall be absolute until he has reported to the Ground Jury that he is satisfied with all the arrangements. Thereafter, he will continue to supervise the technical and administrative conduct of the Event and will advise and assist the Ground Jury, Veterinary Commission and the Organising Committee.

515.3.2 Courses and Arenas
For all three tests the Technical Delegate will inspect and approve the courses, arenas and facilities for exercising and training, including the type and dimensions of obstacles and measurements of courses, with particular reference to their suitability for the level of the Competition.

The Technical Delegate is specifically required to measure all courses to ensure they are of the indicated distances. He must be able to inspect the courses early enough to allow for modifications to be made.

The Technical Delegate will supervise the briefing and conduct of all technical personnel (i.e. fence Judges, timekeepers).

515.3.3 Instruction to Officials
Where there is any doubt as to the correct interpretation of the rules of judging any element,
obstacle or combination of obstacles, it is recommended that the Technical Delegate, in consultation with the Ground Jury if possible, should approve the instructions to the Officials, providing a rough sketch if necessary, and all Athletes will be informed at the briefing or as soon as possible after the Technical Delegates decision, if later.

515.3.4 Scoring
The Technical Delegate will investigate all enquiries regarding scoring, including penalties awarded, and report to and advise the Ground Jury on any decisions they are required to make. The Technical Delegate shall be responsible for signing off the final results of the Competition(s).

515.3.5 Abuse of Horse and/or Dangerous Riding
The Technical Delegate has the authority to warn or stop an Athlete on Cross Country course for dangerous riding (art. 525), riding an exhausted Horse, excessive pressing of a tired Horse, riding an obviously lame Horse, excessive use of whip and/or spurs (art. 526).

515.3.6 Arbitration and Investigation Panel
The Technical Delegate will ensure that an Arbitration and Investigation Panel will be appointed on the first day of the Event by the Organising Committee in consultation with the Technical Delegate and President of the Ground Jury.

The Arbitration and Investigation Panel will consist of three people a non-competing current or recent Athlete experienced at the level of the Event, an FEI Official, and a third independent person experienced in the sport, e.g. an Organiser.

The Arbitration and Investigation Panel will render a decision in the case of a dispute between Athletes and Officials according to Annex F and make a report on the circumstances surrounding the accident to the President of the Ground Jury in the Event of a serious accident to Horse or Athlete.

515.3.7 Reporting to the FEI
The Technical Delegate is responsible for reporting back to FEI Headquarters within 10 days following the end of the Event.

515.4 Course Designer
The Course Designer must be present at the Cross Country course inspection with the specific Ground Jury for the Cross Country course for which the Course Designer is responsible. If for any serious reason, the appointed Course Designer cannot be present also during the Cross Country Test, this information needs to be reported to the FEI with a proposal for replacement before the start of the Event.

Any infringement of this article will be reported to the FEI Secretary General for possible legal action to be considered by the FEI.

515.4.1 Cross Country
The Course Designer is responsible for the layout, measurement, preparation and marking of the route for the Cross Country and for the design, construction and marking of the obstacles on Cross Country.

515.4.2 Jumping
The Course Designer is ultimately responsible for the layout, design and construction of the Jumping course and he must ensure that the course complies with all the current Eventing Rules.

The duty of building the Jumping course will be eventually be delegated to a Jumping Course Designer according to tables in Art 513.

515.5 Veterinary Delegate/Commission (refer to Veterinary Regulations)
CHAPTER 4  OFFICIALS

515.6  Appeal Committee

The duties of the Appeal Committee are as laid down in the General Regulations and in the Veterinary Regulations. The President and Members must have updated knowledge of the FEI Regulations and specifically of including the Eventing Rules.

A full Appeal Committee (President and at least two members) is compulsory for Championships and Series Finals. It must consist of a foreign member.

At all other international Events, the duties of the Appeal Committee may, at the Organising Committees discretion be carried out by the Ground Jury.

Except at a Championship, the Appeal Committee, if appointed, may consist of a single person, who must in such a case be an Official International or International Judge or an International Technical Delegate, who is not officiating at the Competition in any other capacity.

515.7  Stewards (Stewarding Team)

The duties of the Stewarding team is to assist the Organising Committee, Ground Jury, Technical Delegate and Athletes in the conduct of the Competition according to the FEI Rules, paying due respect to the guidelines defined in the Code of Conduct for Welfare of the Horse and that a level playing field is provided for all Athletes participating in the Event.

During the three days before the start of the first Horse Inspection or the Dressage Test, as applicable, the Stewarding team are responsible for the application of the FEI rules.

Specifically, but not exclusively, their duties cover planning and supervision of work in all exercise, practice, warm-up, and stable areas, checking of dress and saddlery, assistance with Horse examinations and Inspections, and will be involved in the Medication control of Horses (MCP EADMCR) and for Athletes (WADA ADRHA) if required. They are expected to work closely with the Organising Committee, Athletes, Technical Delegates and other Officials.
Chapter 5  TECHNICAL REQUIREMENTS FOR PARTICIPATION

516 Principles

In order to be entered in an international Competition Athletes and Horses must first and foremost fulfill the criteria set by their National Federation.

In addition to the criteria set by National Federations the eligibility to compete will be determined by the achievement of a number of Minimum Eligibility Requirements (art. 517) in international Competitions. MERs have to be achieved by the Horse or by the Athlete/Horse as a combination according to the level of competence/experience (Art. 519 Athletes Categories) of the Athlete and the level of the Competition.

National Federations are encouraged to set stronger and additional criteria to FEIs minimum requirements for Horses and Athletes.

Organising Committees, with the approval of the FEI and their own National Federation, may also impose additional criteria for Horses and/or Athletes, which must be published in the schedule approved by the FEI.

The Technical Delegate, or his nominee, shall check that all Horses and Athletes are correctly entered by their National Federation and registered with the FEI.

517 Minimum Eligibility Requirement (MER)

A Minimum Eligibility Requirement is achieved by completing a Competition within minimum parameters of all round performance as follows:

a) Dressage Test: not more than 45 penalty points (or 55%).

b) Cross Country Test:
   - A clear round at obstacles (activating a maximum of one frangible device will maintain the MER result on Cross Country)
   - Not more than 75 seconds exceeding the optimum time in the Cross Country Test for one, two and three and four star level Competitions and 100 seconds in the case of four five star level Competitions.

c) Jumping Test: not more than 16 penalties at obstacles.

NOTE: All MERs obtained in previous years will be counted according to the rules in place at that time.

518 Minimum Eligibility Requirement Validity period

518.1 Championships

The valid period for obtaining a Minimum Eligibility Requirement is from the preceding calendar year to the closing date of the nominated entries.

518.2 CIs & CIOs:

The valid period for obtaining a Minimum Eligibility Requirement is anytime until:

a) At least 24 days before the Cross Country Test of the Competition for which is needed if the MER has been achieved at a Long Format Competition (CCEs CCIs-L).

b) At least 10 days before the Cross Country Test of the Competition for which is needed if it has been achieved at a Short Format Competition (CCEs CCIs-S).
519 Athletes Categories

FEI Athlete categories for Eventing define a recognition of proven competence of the Athlete at a certain level.

Athletes will be categorised (Uncategorised International, D, C, B, A) according to their performance in a rolling eight-year period as defined in the following table. W-CH and OG to count as 5-star level MER towards Athlete categorisation.

<table>
<thead>
<tr>
<th>Category</th>

</thead>
<tbody>
<tr>
<td>D</td>
<td>Fifteen (15) MER at FEI CCIs short (CICs CCIs-S) or long (CCIs CCIs-L) format Competitions of two star level or above; or five (5) MERs at FEI CCI short (CIC CCIs-S) or long format (CCIs CCIs-L) competitions at higher level.</td>
</tr>
<tr>
<td>C</td>
<td>Fifteen (15) MER at FEI CCI short (CIC CCIs-S) or long (CCIs CCIs-L) format Competitions of three star level or above; or five (5) MERs at FEI CCI short (CIC CCIs-S) or long format (CCIs CCIs-L) competitions at higher level.</td>
</tr>
<tr>
<td>B</td>
<td>Fifteen (15) MER at FEI CCI short (CIC CCIs-S) or long (CCIs CCIs-L) format Competitions of four star level or above; or five (5) MERs at FEI long format (CCIs CCIs-L) competitions at four star level.</td>

<tr>
<td>A</td>
<td>Fifteen (15) MER at FEI CCI short (CIC CCIs-S) or long (CCIs CCIs-L) format Competitions of four star level or above of which five at four star level.</td>
</tr>
</tbody>
</table>

The Athlete category will be updated according to the performances on 1st of July and at the end of each calendar year taking into account the rolling eight years.

520 Minimum Eligibility Requirements for CIs and CIOs

The following table details the requirements needed to be entered in the different formats, categories and levels of international Competitions. NFs are required to set national participation requirements as per Art 516 to apply for all categorisations.

Exceptions for MERS:

a) The 1st activation of a frangible/deformable device (11 penalties) will still allow a MER.

b) When multiple Minimum Eligibility Requirements are required (for CIs and CIOs), one of the Minimum Eligibility Requirements can be achieved incurring 20 penalties at the obstacles of the Cross Country Test (See below for Minimum Eligibility Requirements for Championships & Games).

520.1 Athletes not yet categorised at the level of the Competition

For Athletes not yet categorised at the level of the Competition the Minimum Eligibility Requirements must be achieved as a combination according to the following table:

**NOTE:** NFs have the option to apply to use CNs (National Competitions) for qualification purposes only to replace events cancelled due weather conditions and/or exceptional circumstances.

Targeted CNs are those for which the FEI has received and approved a request from the relevant NF for this specific purpose. MERs obtained at the specific targeted national Events will only

count for upgrade in the same year and not for Athletes categorisation.
The application must be sent a minimum of 4 weeks before the Event. An FEI Level 3 Technical Delegate must function at the Event taking responsibility for the technical standards/level of the Competition and must report to the FEI (TD report) including full results.

For the valid period of obtaining a minimum eligibility, refer to article above: Minimum Eligibility Requirement Validity period.

Qualification for Young Horse Championships will be established separately by the Eventing Committee on an annual basis.

522 Reverse Qualification

522.1 Reverse Qualification – Horse

A reverse qualification is the obligation for a Horse to show restored competence at a lower level (MER) after a number of unsuccessful attempts at a certain level. Reverse qualification only applies to the Horse.

A reverse qualification is triggered

- by two (2) consecutive Cross Country eliminations
- or
- a total of three (3) Cross Country eliminations within a twelve (12) months rolling period of time in international Competitions.

For this purpose the relevant reasons of elimination on Cross Country would be:

a) Three (3) refusals
b) Fall of Horse or Athlete
c) Dangerous riding
CHAPTER 5  TECHNICAL REQUIREMENTS FOR PARTICIPATION

Reverse qualifications remain unless cleared by a MER.

In the case of a reverse qualification at certain level the Horse must obtain a Minimum Eligibility Requirement in an international Competition at a lower level before being allowed to compete again at the original level (e.g. Horse with 2 eliminations at 3 star level (any format) must obtain MER at 2 star level (any format) before going back to 3 star level (any format).

If a reverse qualification is triggered by eliminations that occur at different levels (any format), then the Horse must obtain a MER at the level below (any format) the highest level of Competition at which an elimination occurred.

If a reverse qualification is triggered following eliminations at 1 star level or 2 star level (any format) then the NF must assess the Horse and provide a written report to the FEI Eventing Department before the Horse may again take part in any international Eventing Competition.

522.2  Reverse Qualification - Athlete

In addition to the above, should an Athlete be fully involved with two (2) reverse qualifications within a twelve (12) months rolling period of time, his category (Art 519) will drop down one (1) level for one (1) year, as of the date of the second reverse qualification.
Chapter 6  ATHLETES AND HORSES WELFARE

523  Athletes Welfare

523.1  Medical Information

To ensure that vital information is available to first aid or medical personnel in case of emergency, athletes must comply with the following:

a) Providing a valid contact information is mandatory for all Athletes.

The telephone number of an accompanying person/next-of-kin must be provided to the Event secretariat upon arrival (OC and medical officer to ensure all information has been received before the Cross Country).

b) Declaration of medical condition

Athletes with medical conditions that may be relevant in the case of a medical emergency are responsible, at every Event when riding, for wearing a medical data carrier* from a system provider able to communicate information at least in English. Alternatively (and at the minimum) a medical armband of good quality can be used. Athletes who chose to wear an armband should download and fill the form available for this purpose on the FEI’s website.

* Medical data carrier (also called "medical identification tag"): small emblem or tag worn on a bracelet, neck chain, or on the clothing, intended to alert paramedics/physicians/first responders that the wearer has an important medical condition.

Conditions that are relevant include recent head injury, serious past injuries/surgery, chronic health problems such as diabetes, long-term medications and allergies. If in doubt, the Athlete should discuss this with his own treating physician.

523.2  Medical Fitness

If there is any doubt with regard to fitness to compete of an Athlete the Ground Jury, in consultation with the Official Medical Officer, may, at its own discretion, eliminate the Athlete and decide also about his ineligibility to take part in any other Competition at that Event. Any such elimination must be reported to the FEI through the Technical Delegate report.

523.3  Examination After a Fall

All Athletes that have had a fall during training on the Competition site or in Competition must be examined by the Official Medical Officer before they either take part in another test, Competition or leave the venue. The Athlete is fully responsible for ensuring that this examination takes place.

Any Athlete who leaves the venue after a fall without submitting to the examination required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

523.4  Concussion

When an Athlete has an accident that results in concussion, the Athlete must be eliminated from the Competition and is ineligible to take part in any other Competition at that Event.

524  Horses Welfare

The FEI Code of Conduct for the Welfare of the Horse should be respected at all times including and not limited to during training, preparation, travel competition, recovery and otherwise.
524.1 Veterinary Examination on Arrival

This takes place on the arrival of Horses at the Event. It is performed by the Veterinary Delegate or their deputy, who must be a qualified veterinarian. The object is to establish: first each Horse’s identity, vaccination history (vaccination, etc.) other passport details and second, each Horse’s state of health.

The Organising Committee must fix the place and timetable for this examination in agreement with the Veterinary Delegate and inform the Chefs d’Equipe and/or the Athletes in advance. Doubtful cases must be reported to the Ground Jury or Appeal Committee as appropriate, as soon as practicable and, normally, before the first Horse Inspection.

524.2 Horse Inspections

The Horse Inspections shall be open to viewing by the public.

524.2.1 First Horse Inspection

This takes place before the Dressage Test, not more than 24 hours prior to the beginning of the Dressage test. It is conducted by the Ground Jury and the Veterinary Delegate acting together as an Inspection Panel with the President of the Ground Jury in charge.

The Horses, presented by their respective Athlete, must be inspected in hand, at rest and in movement on a firm level, clean but not slippery surface.

The Inspection Panel has the right and the duty to eliminate from the Competition any Horse that they judge is unfit, whether on account of lameness, lack of condition or for any other reason.

In the case that the fitness to compete is questionable the Ground Jury may refer the Horse to the Holding box for examination by the Holding Box Veterinarian.

Should the Athlete decide to present the Horse for Re-inspection, the Holding Box Veterinarian will report any findings to the Inspection Panel prior to the Horse being re-inspected.

Horses in the Holding Box will be under the supervision and control of a Steward and the Holding Box Veterinarian.

In the Event of equality of votes within the Inspection Panel, the President of the Ground Jury will have a second and casting vote, and the decision will be announced immediately.

524.2.2 Second Horse Inspection

This takes place before the Jumping Test. It is conducted by the same Inspection Panel and under the same conditions as the first Horse Inspection.

524.2.3 Option for Horse Inspection at Short Competitions (€€€ CCI-S)

At a short Competition the First Horse Inspection is optional, however if one is to be held the details must be published in the schedule of the Competition.

In the Event that there is no First Horse Inspection, an FEI Official Veterinarian must assess the Horse’s fitness to compete including a brief trot within the Examination on Arrival pursuant to 524.1 of these Eventing rules. Horses deemed by the FEI Official Veterinarian to be unfit to compete must be reported to the Ground Jury.

In a short format competition the Second Horse Inspection will be compulsory if the Jumping Test is the last test.

524.3 Horse Welfare During the Competition

At any time during the Competition, the Ground Jury, in consultation with the Veterinary Delegate, has the right and the duty to eliminate any Horse which, in his opinion, is lame or is unfit to continue.
524.3.1 **Cross Country - Warm Up**
There will be a veterinarian, appointed by the Organising Committee in agreement with the Veterinary Delegate, near the start of the Cross Country to report any doubtful cases to the Ground Jury.

524.3.2 **Cross Country - Finishing Area**
A veterinary examination will take place after the Horse has finished the Cross Country. It is conducted by a qualified veterinarian appointed by the Organising Committee in agreement with the Veterinary Delegate.

In addition to carrying out any immediate treatment required by an injured or exhausted Horse, this veterinarian will decide if each Horse:

a) Is fit to return immediately on foot to its own stable.
b) Should remain for further treatment before returning to its stable.
c) Should be transported by vehicle either direct to its stable or to a veterinary hospital.

This veterinarian has no authority to eliminate any Horse from the Competition, but must report any doubtful case of abuse of horse to the Ground Jury and to the Veterinary Delegate.

An Athlete who has retired, has been eliminated or stopped during the Cross Country Test is responsible to make sure his Horse has been checked by the Veterinary Delegate or an appointed veterinarian before leaving the venue.

Any Athlete who leaves the venue without submitting to the veterinary check required under this Article will automatically be issued a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.

524.4 **Appeal**
At the two Horse Inspections and at any time during the Competition where a Horse may be eliminated for Horse welfare reasons, there can be no appeal against the decision of the Ground Jury.

However, if requested, the president must give a reason for the decision.

524.5 **Equine Anti-doping and Controlled Medication Testing**
Refer to Veterinary Regulations and EADCMRs.

525 **Dangerous Riding**

525.1 **Definition**
Any Athlete who, at any time during the Competition deliberately or unintentionally by incompetence is exposing himself, his Horse or any third party to a higher risk than what is strictly inherent to the nature of the Competition will be considered to have acted dangerously and will be penalised accordingly to the severity of the infringement.

Such acts may include without limitation any of the following:

a) Riding out of control (Horse clearly not responding to the Athletes restraining or driving aids).
b) Riding fences too fast or too slow.
c) Repeatedly standing off fences too far (pushing the Horse to the foot of the fence, firing the Horse to the fence).
d) Repeatedly being ahead or behind the Horse movement when jumping.
e) Series of dangerous jumps.
f) Severe lack of responsiveness from the Horse or the Athlete.
g) Continuing after three clear refusals, a fall, or any form of elimination will entail a Yellow Warning Card for incorrect behaviour, which will be delivered to his or her National Federation.
Warning Card.
h) Endangering the public in any way (e.g. jumping out of the roped track).
i) Jumping obstacles not part of the course.
j) Wilful obstruction of an overtaking Athlete and/or not following the instructions of the Officials causing danger to another Athlete.

Any individual member of the Ground Jury and the Technical Delegate have the right and the duty to monitor possible cases of dangerous riding and, if appropriate and practical, to stop and eliminate an Athlete on the cross country course for dangerous riding.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury who will decide if and how to penalise the Athlete.

The President of the Ground Jury can in addition designate one or more assistants (e.g. experienced Eventing Officials who are not in an Official function at the Competition, experienced Athletes or and trainers not directly involved in the Competition) to help to monitor possible cases of dangerous riding in the cross country.

The President of the Ground Jury will decide their specific role, authority and reporting procedure. It is recommended that these additional Officials be grouped in pairs on the Cross Country course.

525.2 Warnings and Penalties

Different cases of dangerous riding will be dealt with one of the following provisions:

a) Recorded Verbal Warning
b) Yellow Warning Card.
c) 25 penalties.
d) 25 penalties + Yellow Warning Card.
e) Elimination.
f) Elimination + Yellow Warning Card.

25 penalties will count as Cross Country obstacles penalties in the results.

Any of the above sanctions applied must always be reported by the Technical Delegate to the FEI and be added on the Athlete sanction list.

525.3 Elimination Before Cross Country

As a preventive risk management measure, the Ground Jury, at any time throughout the Competition, has the right and the duty to eliminate an Athlete to prevent him from starting the Cross Country Test, if there is a serious concern regarding his ability to control the Horse in that test.

Any such elimination must be associated with a recorded Verbal Warning or Yellow Warning Card.

526 Abuse of Horse

526.1 Definition

Abuse of Horse means an action or omission which causes or is likely to cause pain or unnecessary discomfort to a Horse included but not limited to:

a) Rapping.
b) Riding an exhausted Horse.
c) Excessive pressing of a tired Horse.
d) Riding an obviously lame Horse.
CHAPTER 6  ATHLETES AND HORSES WELFARE

e) Excessive use of whip, bit and/or spurs.
f) Horses bleeding on the flank(s) or back indicating excessive use of the whip and/or spurs.

If not directly witnessed by the Ground Jury, the incident must be reported as soon as possible to the Ground Jury through the Secretary of the Organising Committee or Cross Country Control Centre as appropriate. Where possible the report should be supported by a statement from one or more witnesses.

The Ground Jury must decide if there is a case to be answered.

526.2 Warnings and Penalties

Any act or series of actions that in the opinion of the Ground Jury can be defined as abuse of Horse will be dealt with one or more of the following provisions:

a) Recorded Verbal Warning
b) Yellow Warning Card.
c) Elimination.
d) Fine.
e) Disqualification.

526.3 Use of the Whip

Excessive and/or misuse of the whip maybe considered abuse of Horse and will be reviewed case by case by the Ground Jury according to but not limited to the following principles:

a) The whip is not to be used to vent an Athlete temper.
b) The whip is not to be used after elimination.
c) The whip is not to be used after a Horse has jumped the last fence on a course.
d) The whip is not to be used overhand, (i.e. a whip in the right hand being used on the left flank).
e) The whip is not to be used on a Horse head.
f) The whip is not to be used more than three two times for any one incident.
g) Multiple excessive uses of a whip between fences.
h) If a Horse’s skin is broken or has visible marks the use of whip will always be deemed to be excessive.

526.4 Blood on Horses

Blood on Horses must be reviewed case by case by the Ground Jury. Not all cases of blood will lead to elimination.

**Dressage Test:** If the Ground Jury suspects bleeding on the Horse during the test, he will stop the Horse to check. If the Horse shows fresh blood, it will be eliminated. The elimination is final. If the Judge through examination clarifies that the Horse has no fresh blood, the Horse may resume and finish its test (refer to article 430 of the FEI Dressage Rules).

**Cross Country Test:** For the Cross Country Test, all blood on the horse, if induced by athlete (spurs, bit, and whip), must be reviewed case by case by the Ground Jury. Non-minor cases of blood will result in Elimination. In minor cases of blood in the mouth, such as where a Horse appears to have bitten its tongue or lip, or minor fresh bleeding, after investigation in consultation with the Veterinarian, the Ground Jury may authorise the Athlete to continue.

**Jumping Test:** Horses with blood on the flank(s) and/or bleeding in the mouth will be eliminated. In minor cases of blood, such as where a Horse appears to have bitten its tongue or lip, Officials may authorize the rinsing or wiping of the mouth and allow the Athlete to continue; any further evidence of blood in the mouth will result in Elimination (refer article 241). For all minor cases (*) of blood induced by the Athlete in the mouth or related to spurs a Recorded Warning will be issued by the Ground Jury after providing the Athlete the opportunity to have a hearing.

(*)The cases indicating Abuse of Horse will be dealt with according to the provision of Art. 526.2
(Abuse of Horse – Warnings and Penalties).

527 Yellow Warning Cards and Recorded Warning

The following actions will automatically result in the following sanction for the Athlete:

- All cases of minor Blood on Horse caused by the Athlete either in the mouth or on flanks from spurs shall be sanctioned by a Recorded Warning as a minimum or by stronger sanction(s) (as provided for under Art. 525.2).
- All cases of excessive use of whip, as defined above, shall automatically be sanctioned with a Yellow Warning Card or by stronger sanction(s) (as provided for under Art. 525.2).
- A Yellow Warning Card will be systematically awarded if the Athlete continues after clear 3 refusals, a fall, or any form of elimination.
- Should the same Athlete receive more than one Recorded Warning for a case of Athlete induced Blood on a Horse within three years, he will automatically be issued a Yellow Warning Card.
- Two Recorded Warnings, within a 12 months period, for the same offence, will result in a Yellow Warning Card.

Before issuing a Yellow Warning card or a “Recorded Warning”, the Ground Jury has the duty to hear the Athlete, if available. At any time, the Athlete has the right to seek out the Ground Jury for any explanation related to the Yellow Warning Card.

If after reasonable efforts the Athlete cannot be notified during the Period of the Event that s/he has received a Yellow Warning Card, the Athlete must be notified in writing within fourteen (14) days of the Event.

In the case of a Yellow Warning Card being issued, after the decision of the Ground Jury, a notice stating the name of the Athlete and the reason of the warning must be posted on the Official notice board.

Notwithstanding anything to the contrary in the General Regulations, should the same Person Responsible receive one more Yellow Warning Card at the same or any other international Event within one year of the delivery of the first Yellow Warning Card for the same offence, the Person Responsible shall automatically be suspended for a period of two four months after official notification from FEI Secretary General.

528.3.1 Positive Test(s) for Substances listed on the FEI Equine Prohibited Substance list of an Athlete or Horse (refer the FEI EADCMRs and ADRHA)

529 Declaration of Starters

The declaration of starters will take place at a time to be announced by the Organising Committee. It will be after Athletes have inspected the Cross Country and after the first Horse Inspection.

If there is only an individual classification, the Organising Committee may announce that presentation at the first Horse Inspection will be assumed to be a declaration to start.

If there is a team classification, the Chefs d’Equipe must declare, in writing, the composition of the team, the starting order of the Athletes within the team and, in the case of a team with three members, which starting position shall remain vacant.

If an Athlete has presented at the first Horse Inspection more Horses than he is allowed to ride, he, or his Chef d’Equipe where applicable, must declare in writing the names of the Horse or Horses definitely starting.

If for the same level there are two or more sections the Athletes with more than one Horse have the right to have their Horses split between sections. The procedure by which Athletes are divided between sections must be specified in the Schedule.

530 Substitutions

530.1 CIs

After the closing date for entries only properly qualified Athlete/Horses, subject to the agreement of the Organising Committee, can be substituted up to one hour before the first Horse Inspection (if not applicable two hours before the start of the Dressage Test).

The method of draw must be approved by the Technical Delegate having consulted, if possible, with the Ground Jury. He may also approve rearrangement of the order or number of blocks of teams or individual Athletes where the number of Athletes makes it necessary.

531.2 CIs

If there is only an Individual Competition, the draw will be conducted by the Organising Committee and will decide the starting order published in the programme.

531.3 CIOs and Championships

If there is a Team and an Individual Classification the draw will take place to determine the order of countries for the first and second Horse Inspection. This order is also the team running order for the Dressage and Cross Country Tests.

This draw will take place prior to the first Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d’Equipe. All countries participating in the Competition, whether by teams or individuals, will be included in this draw.

532 Allocation of Starting Positions (CIOs and Championships)

If there is a Team and an Individual Classification the allocation of the starting positions for all Athletes in the Competition will be made after the first Horse Inspection, in the presence of the Ground Jury, Technical Delegate and Chefs d’Equipe, according to the following method.

The team members positions will be filled first according to the draw of countries (art. 531.3) and the starting order within each team previously declared, after the Horse Inspection, by its Chef d’Equipe. The Chef d’Equipe of a team with only three members must declare which starting position shall remain vacant.

532.2 Individuals Positions

The individuals positions will then be determined as follows:
a) Athletes with one Horse in the Team Competition, second Horses will be placed by the Chefs d’Equipe in any of the remaining unallocated starting places of Block G, free choice in sequence according to the draw of countries (art. 531.3).

b) Athletes with two Horses in the Individual Competition will be placed by Chefs d’Equipe in any of the remaining unallocated starting places of Block B and G, free choice in sequence according to the draw of countries (art. 531.3). Only one such Athlete’s Horses may be placed by a Chef d’Equipe until his turn in the sequence recurs.

b) May be run in reverse order of classification for the best 25 percent of competitors. The same draw starting order of the Dressage and Jumping Tests will be followed for the remaining competitors.

If two Horses ridden by the same Athlete are classified too close to each other, the starting order of the lower placed one must be adjusted.

533.2.3 Athletes with multiple rides

An athlete with multiple rides cannot change the relative order of his horses. However, if required by the timetable and agreed by the Ground Jury and the Technical Delegate, he may start one or more horses at other than the normally scheduled starting time for both Jumping and Cross Country tests.

535 Exercising and Warming Up

535.1 Identification Number
Upon arrival, each Horse is issued with an identification number, which must be worn at all times. It may be replaced by the draw number, which must then be worn until the end of the Competition.

Failure to display either number incurs first a warning and, in the case of a repeated offence, a fine imposed on the Athlete by the Ground Jury.

535.2 Restrictions on Schooling Horses

535.2.1 Period of Restriction
During the three days before the start of the first Horse Inspection or the Dressage Test, as applicable, and for the entire duration of the Competition it is forbidden, under penalty of elimination, for anyone to school a Horse other than the Athlete who will ride the Horse in the Competition.

The lever arm of the curb bit is limited to ten centimetres (10 cm) (length below the mouth piece). The upper cheek must not be longer than the lower cheek. If the curb has a sliding mouthpiece, the lever arm of the curb bit below the mouth piece should not measure more than ten centimetres (10 cm) when the mouth piece is at the uppermost position. Curb “chain” can be made of metal or leather or a combination. Cover for curb “chain” can be made of leather, rubber or sheep skin. The diameter of the mouthpiece of the bridoon and/or curb must be such so as not to hurt the Horse. Minimum diameter of mouthpiece to be twelve millimetres (12 mm) for curb bit and ten millimetres (10 mm) for bridoon bit.

d) A breast plate may be used.
e) Ear hoods are permitted for all Events and may also provide noise reduction. However, ear hoods must allow for ears to move freely and must not cover the Horse’s eyes and ear plugs are not permitted (with the exception of Dressage Rules Art. 428.2.2 – prize giving ceremonies). The ear hoods should be discreet in colour and design. Ear hoods may not be attached to the noseband.

Note: For sponsor logo and national identification on Ear hoods - see General Regulations art. 135.

For drawings of permitted bits and nosebands, see Dressage Rules Annex A – Saddlery, table Bits and table Nosebands. Certain tests may specify that only a snaffle bridle is allowed.
539.2.3 Forbidden
Martingales, bit guards, any kind of gadgets (such as bearing, side, running or balancing reins, etc.), any form of blinkers, earplugs, nose covers and saddle covers, are under penalty of elimination, strictly forbidden, see Dressage Rules and Art. 538.2.1 above.
False tails are permitted provided they are not weighted or otherwise enhanced in any way whatsoever.

Neck straps, if used on Cross Country, must be attached either to the breastplate or to the saddle.
For Cross Country, hackamores without bits are not allowed and the lower cheek (lever arm) may not exceed 10 cm on any bit.

539.3.3 Jumping Test - Boots
For the Jumping Test, the total maximum weight of equipment allowed to be added to a Horse’s leg, front or hind (single or multiple boots, fetlock rings etc), is five hundred (500) grams (shoe excluded).
For Young Horses Competition with regard to boots on hind legs the Jumping Rules (Art.257.2.4) will apply.
Failure to comply with this paragraph will incur elimination.

539.4 Inspection of Saddlery
A Steward can be appointed to check the saddlery of each Horse before it enters the arena or starts a test.
In the Dressage Test the checking of the bridle must be done with the greatest caution.
If the Athlete so requests, the bridle and bit may be checked immediately after the test has been completed. However, should the bridle or bit in such a case be found not to be permitted, the Athlete will be eliminated.

540 Unauthorised Assistance
Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the Athlete or of helping his Horse, is considered unauthorised assistance and the Athlete is liable to be eliminated at the discretion of the Ground Jury.

b) An Athlete, after having knocked a flag at an obstacle as a consequence of a run out, may ask the fence Judge for the flag to be repositioned, but no time will be deducted.

540.2 Receiving Apparatus / Cameras

The use of any receiving apparatus by Athletes is strictly forbidden while mounted during the test.

Automatic recording of data during the test (e.g. heart beat monitoring, temperature, etc.) to be used for research purposes after the completion of the test is allowed.

For use of cameras on athletes or equipment – see General Regulations. For FEI Named-Events request for use of cameras must be approved by FEI HQ, request for approval for other events must be reviewed by the Technical Delegate in consultation with the Organiser.

### 541.9 Definition of Competition Area

Unless otherwise agreed in writing by the FEI, for the purpose of this Article, the Competition area shall include all areas where the Athlete is being judged or his/her Horse is undergoing a Horse inspection. It shall not include collecting rings and start and finish box.

The Chief Steward is responsible for ensuring that the above provisions are respected by Athletes before entering the arena. Athletes not complying with the above will not be permitted to enter the arena during competition. An official clothing approved by a NF not complying with the requirements of this Article will not be authorised by the FEI.
Chapter 8  DRESSAGE TEST

542  FEI Dressage Rules

The FEI Dressage Rules apply for the Eventing Dressage Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Dressage Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

543  Administration

543.1  Type and level of Test

The type and level of the test will be determined by the type and level of the Competition and will, therefore, be related to the quality and the standard of preparation of the Athletes and Horses.

543.1.1  CIs and CIOs

Organising Committees are free to select the specific test to be used within the one shown in Dressage Annex table Dressage Tests according to the level of the Competitions.

543.1.2  Championships and Games

For all Championships and Games the "B" test will be used unless specified differently by the FEI.

543.2  Number of Tests to be judged by day

The Organising Committee may include a maximum of fifty (50) Horses per day to be judged by one Ground Jury, with an additional flexibility of maximum ten (10) percent, if agreed by the Technical Delegate and the President of the Ground Jury.

543.3  Judges Positions

Two of the three Judges must be placed along the short side, on the outside of and five metres from the arena. The president (C) shall be on the prolongation of the centre line, the other (M or H) two point fifty metres from and on the inside of the prolongation of the long sides.

The third Judge will be at either E or B, outside and five to ten metres from the arena. The three positions shall be either C, H, B or C, M, E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

In the case of only two Judges they will be positioned at C and either B or E, as determined by the Technical Delegate, taking into account the test and the position of the sun.

A separate hut must be provided for each Judge. They must be raised not less than fifty (50) centimetres above the ground, in order to give the Judges a good view of the arena.

544  Scoring

544.1  Marking

544.1.1  Good Marks

Judges will award good marks from zero to ten (10) including half marks for each numbered movement and for each of the collective marks.

544.1.2  For 4* Championships and higher level Events, if the score only of the flying changes varies by 3 points or more from the average of the scores of the other judges for the same movement,
the Ground Jury must review the official video after the Dressage test on the same day. Corrections must only be made to the flying change, based on the average of the other two scores.

544.2 Calculation of Scores

544.2.1 Good Marks & Errors

The good marks from zero to ten (10) awarded by each Judge to an Athlete for each numbered movement of the Dressage Test together with the collective marks are added together deducting any error of course or test.

544.2.2 Judges Percentages

For each Judge the percentage of maximum possible good marks obtainable is then calculated. Percentage is obtained dividing total good marks and errors of the Judge by maximum possible good marks obtainable and then multiplying by 100 and rounding the result to two decimal digits. This value is shown as the individual mark for that Judge.

Rounding the result to two decimals includes any score of “x.xx5” and above is round up and any score less than “x.xx5” in rounded down.

544.2.3 Athletes Percentage

Athlete’s percentage is calculated on the average good marks and errors obtained by adding together the total good marks for each Judge and dividing by the number of Judges. The Athletes percentage will always be rounded to two decimal digits.

544.2.4 Penalty Points

In order to convert Athletes percentage into penalty points, this must be subtracted from 100 with the resulting figure being rounded to one decimal digit. The result is the score in penalty points for the test.

Rounding the result to one decimal includes any score of “x.x5” and above is round up and any score less than “x.x5” is rounded down

Note: The Eventing Rules will not line up with the Dressage modifications, and maintains the 2015 ruling on error penalties for the Eventing Dressage Test.

544.2.5 Overall Impression of Athlete and Horse Mark

In all Eventing Dressage Tests, one overall mark will be awarded for the Overall Impression of Athlete and Horse with a double coefficient.
545 Rules Governing the Cross Country Test

545.1 Starting

545.1.1 Starting Procedure

Athletes at the start of the Cross Country must be under the control of the starter and may not deliberately start until instructed to do so, under penalty of elimination at the discretion of the Ground Jury.

The Horse does not have to stand absolutely immobile, but the Athlete must not get any advantage from a flying start.

Each Athlete should be given reasonable warning before the time he is due to start, but it is the Athlete's responsibility to ensure that he is ready to start at the correct time.

545.1.2 Starting Box

In order to simplify the task of the starter, an enclosure approximately five meters per five meters will be built at the start of the Cross Country, with an open front through which Horses will start and a gap in one or both sides from which the Horses will enter.

Each Athlete must start from within the enclosure and is at liberty to move around and through the enclosure as he pleases.

An attendant may lead the Horse into the enclosure and may hold the Horse until the signal to start is given. From that instant, the Athlete is considered to be on the course and no further assistance may be given.

545.2 Optimum Time and Timing

545.2.1 Optimum Time / Time Limit

The distance chosen, carried out at the chosen speed, gives the optimum time. Completing in less than the optimum time is not rewarded. An Athlete exceeding the optimum time will be penalised in accordance with art. 548.2 up to the time limit.

The time limit is twice the optimum time.

545.2.2 Timing

Each Athlete will be timed on the Cross Country Test from the moment the signal to start is given or from the moment he crosses the starting line which ever happens first to the moment he crosses the finishing line.

If an Athlete is stopped by an Official, e.g. for a broken fence, accident, being overtaken, for medical or veterinary examination, etc., the time during which he is prevented from continuing until he is cleared to start will be recorded and deducted from the total time taken to complete the Cross Country Test.

545.3 Error of Course

All compulsory passages on Cross Country and all obstacles, including all elements and/or options, must be passed or jumped in order under penalty of elimination.

All red or white flags must be respected wherever they occur on course under penalty of elimination except as provided in art. 549.2 & 549.4.

Retaking an obstacle already jumped is forbidden, under penalty of elimination, except as provided for in art. 549.2 & 549.4.
545.4  **Pace and Dismounting**

Between the start and finish of the Cross Country Test, Athletes are free to choose their own pace. Athletes may voluntarily dismount without incurring elimination according to art. 549.5.1 to check on Horse, adjust saddlery or equipment, or when held on course.

545.5  **Overtaking**

Any Athlete who is about to be overtaken by a following Athlete must quickly clear the way. Any Athlete overtaking another Athlete must do so only at a safe and suitable place. When the leading Athlete is before an obstacle and about to be overtaken, he must follow the directions of the Officials. When the leading Athlete is committed to jump an obstacle, the following Athlete may jump that obstacle only in such a way that will cause no inconvenience or danger for either.

545.6  **Athlete in Difficulty**

If, in attempting to negotiate an obstacle, a Horse should be trapped in such a way that it is unable to proceed without assistance or is liable to injure itself, the Athlete will be instructed by the fence Judge to dismount and will be eliminated. The fence Judge will decide if parts of the obstacle need to be dismantled or if any other assistance needs to be given to extricate the Horse.

545.7  **Stopping Athletes**

If any part of an obstacle is obstructed by an Athlete in difficulty, or if any obstacle has been dismantled to release a fallen Horse, or if an obstacle has been broken and is not yet rebuilt, or in any other similar circumstances, subsequent Athletes must be halted. In such a case, an Official should be posted in the path of the oncoming Athlete. He shall wave a red flag, which indicates that the Athlete must stop. Failure to stop is penalised by elimination at the discretion of the Ground Jury. The Official will stop Athletes only upon the instruction of the Control Centre or during an emergency at his own obstacle. Athletes may be stopped on the course at obstacles or at designated timing/stopping points.

545.7.1  **Timing**

The time during which the Athlete was stopped, from the moment he passed the timing point until he passes that same point after being given the order to restart, will be recorded and it will be deducted from the total time taken by the Athlete to complete the course. It is clearly intended that the time shall be taken as the Athlete gallops past the timing point, not after he halts nor after a start from the halt.

545.8  **Leaving the Course After Elimination**

An Athlete eliminated for any reason must leave the course at once and has no right to continue. The Athlete must walk his Horse off the course, either mounted or dismounted. Athletes who fail to comply will be disciplined at the discretion of the Ground Jury in accordance with Art.525 (Dangerous Riding).
CHAPTER 9 CROSS COUNTRY TEST

546 Courses

546.1 Marking

546.1.1 Red or White Boundary Flags
Red or white boundary flags shall be used to mark the starting and finishing lines, to mark compulsory passages, and to define obstacles. They are placed in such a way that an Athlete must leave a red flag on his right and a white flag on his left.

546.1.2 Numbers and Letters
Each obstacle on Cross Country shall be numbered. Obstacles with elements or options (art. 547.5.1) shall, in addition, be lettered (A, B, C, etc.). Each compulsory passage shall be marked and numbered consecutively.

546.1.3 Start and Finish Signs
In addition to the red or white boundary flags, the starting and finishing line shall also be marked by distinct signs.

546.2 Distances and Speeds
The distances and speeds demanded for the different levels are determined by the intended difficulty of the whole test.

Course Designers, within the limits shown in Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances, will choose the most suitable distance for the specific Competition.

Any exceptional modification to the distances and speeds specified in Annex B table Distances must be approved by the Eventing Committee, except as provided for in Art. 537.2.

546.3 Finishing Lines
The last obstacle of Cross Country shall be not less than 20 metres no more than 50 metres from the finishing line.

546.4 Course Plans
Each Athlete will be given in advance a plan showing the track of the course.

The course plan must include the following:

a) The position of the start and finish
b) The numbered obstacles and compulsory passages
c) The distance
d) The optimum time and time limit

547 Obstacles

547.1 Definition
An obstacle is considered as such if and only if its extremities are marked with a red and white flag or flags and it is numbered and/or lettered accordingly. All significant jumping efforts that the average Horse may be expected to attempt to negotiate must be defined as an obstacle or element and flagged, numbered and/or lettered accordingly.

547.2 Type of Obstacles
547.2.1 General
The obstacles must be fixed and imposing in shape and appearance. When natural obstacles are
CHAPTER 9  CROSS COUNTRY TEST

used, they should, if necessary, be reinforced so that they remain in the same state throughout the test. All reasonable precautions must be taken to prevent the possibility of an Athlete being able to pass mounted under an obstacle. Portable fences must be secured to the ground in a way that they have no possibility to move if hit by a Horse.

547.2.2 Construction
The obstacles at which a Horse, in falling, is likely to be trapped or to injure itself, must be built in such a way that part of the obstacle can be quickly dismantled and can be quickly rebuilt exactly as before. Such a construction must not in any way detract from the solidity of the obstacle.

547.2.3 Brush
Brush on top of fences must be made of flexible and deformable material. The fence must be constructed so that a Horse clearing the fixed and solid part is unlikely to be injured by the brush or hedge. Bullfinches, i.e. thin brushes or hedges through which a Horse can be expected to jump are permitted, provided they can be maintained in consistent condition throughout the test.

547.2.4 Frangible/Deformable Obstacles
Obstacles can be provided with frangible/deformable technology only if such technology has been approved by the FEI according to the FEI Standard for the minimum strength of frangible/deformable cross country fences. A list of approved technologies is published on the FEI website.

547.2.5 Water Crossings
In all water crossings the bottom should be firm and consistent.

547.3 Dimensions
The dimensions of obstacles must be within the limits shown in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

Obstacles must comply with the permitted fence dimensions as per Annex B at the time of the approval by the Ground Jury (in case of change of ground conditions).

547.3.1 Fixed Part
The fixed and solid part of an obstacle may not exceed the specified height or spread at any of the points at which an Athlete might reasonably attempt to negotiate the obstacle.

547.3.2 Brush
The overall height and the height of the solid part of a hedge or brush fence must never exceed the relative dimension set in the Table of Obstacle Heights and Spreads for the relevant level of Competition see Annex B table Dimensions.

547.3.3 Water
At obstacles involving water crossings (ford, lake or wide river), the depth of water, from the entrance to the exit must not exceed 35 centimetres. The length of any water crossing must be at least six meters between entry and exit, except where an exit step(s) or fence is jumped directly out of the water, in which case the minimum length must be nine meters.

547.3.4 Obstacles with Spread Only
At an obstacle with spread only (dry or water filled ditch), a guard rail or hedge in front that facilitates jumping is permitted. It may not exceed 50 centimetres in height and must be included in the measurement of the spread.

547.3.5 Drops
At 1 2 star level, no drops over 160 centimetres are permitted. At 3 & 4 & 5 star level drops with a flat landing exceeding 160 centimetres are limited to two.
547.4 Measurement

547.4.1 Height
The height of an obstacle is measured from the point where the average Horse would take off.

547.4.2 Spread
The spread of an open obstacle (e.g. oxer or ditch) is measured from the outside of the rails or other material making up the obstacle on the line where the average Horse is expected to jump. The spread of a closed obstacle with a solid top (e.g. Tables) is measured from the highest point to the highest point on the line where the average Horse is expected to jump.

547.4.3 Drop
The drop on the landing side of an obstacle is measured from the highest part of the obstacle, including from the top of a brush fence, to the point where the average Horse would land.

547.4.4 Natural Obstacles
When the height of an obstacle cannot be clearly defined (e.g. natural hedge, bullfinch), the height is measured to the solid part of the obstacle through which a Horse cannot pass with impunity.

547.5 Obstacles with Elements and/or Options

547.5.1 Obstacles Composed of Several Elements
If two or more jumping efforts, sited closely together, are designed as one integral test, they will be designated as "elements" of a single numbered obstacle. Each element will be marked with a different letter (A, B, C, etc.) and must be negotiated in the correct order.

Where two or more jumping efforts are sited so closely together that after a refusal or run out it would be unreasonably difficult to attempt to negotiate the second or subsequent effort without retaking one or more earlier efforts, these jumping efforts must be designated as one numbered obstacle and lettered accordingly.

547.5.2 Obstacles with Alternatives
Where an obstacle may be jumped in one effort but has alternatives involving two or more efforts, each of these alternatives must be lettered or numbered as an element.

547.5.3 Black Flagged Alternatives
Alternative obstacles or elements may be flagged separately and must be identified by the same number/letter as on the direct route. In this case, both sets of flags must be marked with a black line.

547.6 Number of Jumping Efforts
The total number of jumping efforts shall be within the limits (minimum and maximum) shown in the Table of Distances, Speeds, Times and Jumping Efforts for the relevant level of Competition see Annex B table Distances.

The efforts to be counted are the efforts on the route expected to be taken by the average Horse.

*Each Athlete activating a frangible device will be awarded 11 penalties whenever the activation occurs as expected (i.e. activation by significant pressure exerted by the Horse which modifies the dimension of the fence).

In the case of unexpected activation (i.e. activation by an insignificant contact), the Ground Jury will be called to evaluate the possible removal of the penalty.

In evaluating the possible removal of the penalty the Ground Juries are not called to investigate if the Horse would have fallen or not or if the contact was with the front or hind legs, but only if an unexpected activation occurred through a light tap. This is the only case where penalties can be removed.

In line with the GRs (Art 159), there will be no Appeal against a decision of the Ground Jury arising from the field of play, where the Decision is based on factual observation of the performance during a competition.

In this case a detailed report explaining the reasons for removing the penalty must be produced by the Course Designer/Technical Delegate and signed by the President of the Ground Jury must be returned to the FEI.

**Evidence:** Only official video recording can be used as evidence. Officials will clarify before start of Cross Country and inform Chefs d'Equipe/riders at meeting/briefing which video recording will represent the official view, to avoid any misunderstanding.

548.3 Additional Reasons for Elimination

548.3.1 Compulsory Elimination

Elimination must be applied in the following cases:

a) Competing with improper saddlery (art. 539).

b) Error of course not rectified (art. 545.3).
c) Omission of obstacle or compulsory passage (art. 545.3).
d) Jumping or incurring a fault at an obstacle in the wrong order or passing through a compulsory passage in the wrong order (art. 545.3).
e) Jumping an obstacle in the wrong direction (art. 545.3).
f) Retaking an obstacle already jumped (art. 545.3).
g) Athlete in difficulty (art. 545.6).

548.3.2 Ground Jury Discretion
Elimination is left to the discretion of the Ground Jury in the following cases:
a) Dangerous riding (art. 525).
b) Abuse of Horse (art. 526).
c) Deliberately starting before being given the signal to start (art. 545.1.1).
d) Jumping or attempting to jump any obstacle without headgear, or with an unfastened retention harness (art. 538.1.1).
e) Wilful obstruction of an overtaking Athlete, or failure to follow the instructions of the Officials while being overtaken (art. 525).
f) Causing danger to another Athlete while overtaking that Athlete (art. 525).
g) Failure to stop when signalled (art. 545.7).
h) Unauthorised assistance (art. 540).

549 Definition of Faults
The following faults at obstacles (refusal, run-out and circle) will be penalised unless, in the opinion of the relevant Official, they are clearly not connected with the negotiation or attempted negotiation of a numbered obstacle or element.

In the case of black flag alternatives only one obstacle/element has to be jumped and an Athlete is permitted to change without penalty from one black flagged line to another (e.g. jumping 6a left hand route then 6b right hand route) provided he has not presented his Horse at the next element of the original line.

In the case of black flags alternatives the faults at obstacles (refusal, run-out and circle) will only be penalised if related to the obstacle/elements attempted or negotiated (elements not attempted or negotiated will be irrelevant for the judging of such alternatives).

549.1 Refusal

549.1.1 Obstacles With Height
At obstacles or elements with height (i.e. exceeding 30 centimetres), a Horse is considered to have refused if it stops in front of the obstacle to be jumped.

549.1.2 Obstacles Without Height
At all other obstacles (i.e. 30 centimetres or less in height) a stop followed immediately by a standing jump is not however penalised, but if the halt is sustained or in any way prolonged, this constitutes a refusal. The Horse may step sideways but if it steps back, this is a refusal.

549.1.3 Multiple Refusals
After a refusal, if an Athlete redoubles or changes his efforts without success, or if the Horse is represented at the obstacle after stepping back and stops or steps back again, this is a second refusal; and so on.

549.2 Run out - missing a flag
a) Run-Out: A Horse is considered to have run out (20 penalties) if, having been presented at
an element or obstacle on the course, it avoids it in such a way that either the head, neck or
either shoulder of the body of the Horse (head, neck, shoulders and pelvis – legs are not included) fail to pass between the extremities of the element or obstacle as originally flagged. Continuing on course without representing will incur elimination.

b) Missing a flag: A Horse is considered to have missed a flag (15 penalties) if the Horse jumps the dimension of the obstacle and the majority of the Horse’s body (as defined above) passes through the flags. This means that some part of the body is not inside the flags (e.g. one shoulder, or one shoulder and part of one hip).

c) The Horse will have successfully negotiated the fence, if the body of the Horse (as defined above) has passed the fence as originally flagged (i.e. the body but not all the legs are inside the flag is considered clear).

In case the Horse has clearly attempted to jump the element or obstacle and may have missed a flag, the athlete can choose:

a) To represent (accepting automatically 20 penalties), or
b) To continue on course incurring 50 penalties (no elimination) in case the element or obstacle was not correctly cleared.

Note: If the Athlete represents and was clear in his first attempt, the Athlete will not be penalised with 20 penalties but no time will be removed.

A Horse will be considered to have cleared the fence when head, neck and both shoulders of the Horse pass between the extremities of the element or obstacles as flagged.

549.2.1 Change of Intention
An Athlete is permitted to change his mind as to where he jumps an obstacle or element at any time, without penalty, including as a result of a mistake at a previous obstacle or element. If, however, the Horse avoids part of the obstacle at which it has been presented, he will be considered to have run out.

549.2.2 Judging of Bounce Obstacles
At any obstacle where the distance between elements is 5 meters or less (i.e. a “bounce”), when a Horse has negotiated the first element without penalty, he will be deemed to have been presented at the second element and similarly if the “bounce” is for example the second and third elements of a combination. Thus if an Athlete “changes his mind” while negotiating the first element of a “bounce” and, for example, then goes a longer route, he will still be penalised 20 penalties for a run-out.

549.3 Circle
549.3.1 Separately Numbered Obstacles
At separately numbered obstacles, an Athlete may circle or cross his tracks between or around them without penalty provided he has not presented his Horse at the second or subsequent obstacles.

549.3.2 Obstacles Composed of Several Elements
At an obstacle composed of several elements (A, B, C, etc.) a Horse will be penalised if it passes around the back of the subsequent element circles or cross his tracks between subsequent elements once it has jumped the first element and before it has jumped the last element if:

a) It passes around the back of any element of the lettered combination that it subsequently jumps.

b) It crosses its tracks between the elements.

549.4 Representing After a Disobedience
After being penalised for refusal, run-out or circle, an Athlete, in order to make another
attempt, is permitted to circle one or more times without penalty, until he again presents his Horse at the obstacle.

At an obstacle composed of several elements if the Athlete refuses, runs out or circles at any element, he is permitted to retake any elements already jumped, although he is liable to be penalised for any fault even if he has previously jumped an element successfully.

If after a refusal, run-out or circle, he wishes to pass through flags in the wrong direction in order to retake an element, he may do so without penalty.

549.5  Fall

549.5.1  Athlete

An Athlete is considered to have fallen when he is separated from his Horse in such a way as to necessitate remounting.

549.5.2  Horse

A Horse is considered to have fallen when, at the same time, both its shoulder and quarters have touched either the ground or the obstacle and the ground or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself.
Chapter 10  JUMPING TEST

550  FEI Jumping Rules

The FEI Jumping Rules apply for the Eventing Jumping Test except where otherwise provided in these Eventing Rules. Any modification introduced to the FEI Jumping Rules during the year will be evaluated for inclusion in these Eventing Rules from 1st January the following year.

551  Object

This test is similar to an ordinary Jumping Competition, but without any attempt to find a winner of this test on its own. Its main objective is to prove that, the Horse and Athlete are well trained in the specialist discipline of Jumping.

The nature of the course, its length, the speed demanded and the dimensions of the obstacles will be in accordance to the level of the Competition.

552  Course and Obstacles

Within the limits shown in Jumping Annex C, the Course Designer is free to plan a track suitable to the level of the Competition.

The dimensions of the obstacles shall not exceed the limits shown in Jumping Annex C. At least two thirds shall be of maximum height for the level offered.

A tolerance of five centimetres in height is acceptable, if dictated by the terrain or by the spacing of the cups as authorised by the FEI Jumping Rules.

552.1  Type of Obstacles

The obstacles will be standard Jumping obstacles.

The obstacles should have a balance of vertical and spread obstacles and shall include two or three doubles or a double and a treble.

Closed combinations are not permitted. A water jump is not permitted, but a water ditch with rails over is allowed.

FEI approved safety cups must be used as support for back poles of spread obstacles, and in the case of a triple bar, to support the centre and back pole of the obstacle.

Alternative obstacles are permitted. These jumps are to be marked on the course plan with the same number and with the word "Alternative".

553.2 Time Faults

The length of the course and the speed demanded determine the time allowed. Completing the course in less than the time allowed is not rewarded, but exceeding the time allowed is penalized by one penalty for each commenced second in excess of the time allowed, up to the time limit, which is twice the time allowed. Athletes are penalized with 0.4 penalty per commenced second.

Exceeding the time limit involves elimination.
Annexes
Annex A

Dressage – Annexes

Note: For Eventing, the bits permitted for the Dressage test have been reformulated to take into account the wide use of snaffles in Eventing (different to the Dressage Rules) as well as defining the action.

Any approved mouthpiece may be combined with any approved cheek piece.

1 Permitted Bits for the Dressage Test

The Eventing Rules are lined up with the Dressage Rules exclusively and only exceptions are referred as follows:

- a) Young Horses bitting requirements of Dressage do not apply to Eventing
- b) Allowance is made for sheepskin disc for the Mexican noseband and use of breastplate

Please note the following:

- c) Bits covered in leather are not allowed
- d) Wavy plastic bits are not allowed
- e) Lunging reins only approved if on triangle rein (Dressage Rules: lungy-bungee is not allowed)

Note: A review of the Cross Country bits will be made during 2016 for implementation in 2017

1.1 Action of Bits

- a) Snaffle bits work on the corners, tongue and bars of the mouth depending on their shape and the rein effect produced by the Athlete
- b) Single jointed bits may also work on the roof of the mouth if not fitted and used correctly.
- c) Straight bar snaffles cause more tongue pressure
- d) Double jointed snaffles conform to the shape of the mouth and tongue creating more even pressure
- e) Rounded or moving centrepieces encourage movement of the tongue and salivation
- f) Curved mouthpieces with joints and Mullen mouth bits conform to the shape of the tongue and mouth.
- g) Cheek Pieces
- h) Full cheek, egg butt and D ring snaffles are more stable and also work on the sides of the mouth
- i) Loose ring snaffles have a more moveable mouthpiece to encourage mouthing of the bit and salivation
- j) Hanging cheek snaffles have a slight leverage action and work more on the corners of the mouth and poll

1.2 Material:

- a) Durable enough to be safe
- b) Must keep smooth and solid surface, not to be altered by the chewing of the horse in order to prevent horse from injuries
- c) Not health-damaging
- d) Snaffles: can be made of metal, flexible rubber or synthetic, or plastic or leather material, and may be covered with rubber/latex.
- e) Bridoon and curb: must be made of metal and/or rigid plastic and may be covered with rubber/latex.
### 1.3 Permitted Snaffles *(see diagrams)*

- **a)** May have one or two joints
- **b)** May be double-jointed with rounded or rotating mouthpiece allowing for better fit and comfort.
- **c)** May have a slightly curved port, allowing more room for the tongue. The maximum height is 30mm from the lower part of the side of the tongue to the highest point of the deviation.
- **d)** A coupling is permitted as the centre link and must be solid with no moveable parts other than a roller.
- **e)** The centre link must be smooth and rounded
- **f)** The diameter of the mouthpiece must be a minimum of 10mm at the rings or cheeks.

### 1.4 Illegal Bits

- **a)** Snaffles with a control plate (i.e. Dr Bristol: if put incorrectly the edge of the plate causes excess pressure on tongue).
- **b)** Any single or double jointed cable bits (may cause pinching of the tongue or cheeks)
- **c)** Bits which place mechanical restraint on tongue (large immovable centre link causes excessive pressure on tongue)

### 1.5 Permitted Mouthpieces

1. single-jointed
2. double-jointed
3. shaped single-jointed
4. single-jointed with rubber coating
5. double-jointed with rotating middle-piece

4) Flash noseband
5) Micklem Bridle

If the arena is less than 5000 square meters, the maximum speed for Three and Four & Five star level Competitions shall be 350 meters/min.

In arenas less than 2300 square meters the maximum speed for any level shall be 325/min.
Annex D  Medical Services

Recommendations for Medical Services at FEI Competitions

1  Medical Attendance at Event

The on-site provision of medical care must be available during the hours of the Competition and must include the training areas, stables and on-site accommodation.

First aid must also be provided for spectators during the hours of Competition.

A qualified physician with Advanced Trauma Life Support certification ("ATLS"), a paramedic with Pre-Hospital Trauma Life Support ("PHTLS") or International Trauma Life Support ("ITLS") certification, or a nurse with Trauma Nurse Core Curriculum ("TNCC") or the equivalent of any of the above in the country in which the Event takes place (hereinafter a "Pre-Hospital Trauma Care Specialist") must have credentials allowing access to the entire facility at all times including the stable area and finish area during Competition.

2  Chief Medical Officer

A Chief Medical Officer, suitably experienced and with local knowledge must be appointed well in advance, to act in liaison with the Organising Committee and the emergency services for the adequate provision of medical resources.

A meeting of medical officers or delegates should be held at the Cross Country venue to familiarise them with the Event plan and services available by the host physicians or the Pre-Hospital Trauma Care Specialist in case of emergency.

A list of phone numbers of medical officers for each team should be obtained at every Competition.

For teams with no physician, the physiotherapist, or trainer, or lay person designated as a contact in the Event of a medical emergency should give a contact phone number to the host physicians or the Pre-Hospital Trauma Care Specialist.

3  Cross Country and Jumping Test

During the Cross Country and Jumping Test, a fully equipped Pre-Hospital Trauma Care Specialist with trauma and resuscitation skills must be available on site and must have the capability of rapid deployment to any part of the arena or course in adverse conditions.

Radio communication must be made available to alert the emergency services and a telephone line or cell phone must be reserved for immediate communication with the designated accident and emergency hospital.

The Cross Country Test will require Pre-Hospital Trauma Care Specialist. The required number will depend on the layout of the courses and the accessibility of the site. However, there must be at least one Pre-Hospital Trauma Care Specialist present throughout all the tests.

A Medical Centre or ambulance should be established on site during Competition hours for the treatment of minor ailments and for the observation and initial treatment of serious injuries or illness.

Rapid routes for access and departure must be prepared and safeguarded for the expeditious transfer of the seriously injured to the hospital.

Depending on the access to the site and the distance to hospital, helicopter evacuation may be required. A suitable landing area should be provided for the helicopter ambulance.
If an Athlete falls at a Competition, he will not be allowed to continue without a medical assessment, even if the Athlete has no obvious injury. Frustrated Athletes who fall and then refuse medical attention create an issue for the host medical service providers.

Athletes have the right to refuse treatment, but not the right to compete with injuries that may be undetected.
Annex E Organising Requirements for Eventing 4 5 star Level Events

Four Five star level Events are believed to be the pinnacle of the sport representing Eventing on the world stage and as such it is felt that there should be some guidelines for potential OCs to ensure that the image of the sport and the presentation of the Event are of the highest possible quality.

The FEI will only recognise a few Events at this level and this recognition will be subject to some strict criteria.

Application process:

a) Before being awarded an Event of four five star level status the Organising Committee must have run, at the venue, a lower level international Eventing Competition of at least three Four star level, and demonstrated the ability to stage an Event of the highest level.

b) Application from the host National Federation to the FEI to stage a four five star level Event must to be accompanied by a proposal including detailed information about the venue (access, facilities, etc) and the suitability of the footing, the Organising Committee, the financial viability (including proposed levels of sponsorship income), budget and cash-flow, local accommodation availability, and proposed level of prize money.

c) The Organising Committee must have a proven track record of success. A business plan must be presented as well as a motivation letter on the reasons to transfer to the CCI5* category.

d) Details in regard to the Organising Committees Broadcast strategy must be provided as well as expressions of interest in regard to Broadcast coverage and live streaming.

e) The venue needs to be approved by an FEI appointed Delegate, who will visit the proposed Event at the OC’s/National Federation’s expense

f) The National Federation will be responsible for supporting the application and overseeing the success of the Event, and a representative of the National Federation must be included in the Board of the Organising Committee.

g) The proposal must include the proposed Course Designer who must be an Eventing Level 3 Course Designer. The Course Designer in question must support the proposal and endorse that the venue is suitable for the Five star level.

h) The Event has to be approved by the FEI Eventing Committee who reserve the right to ask for as much information as is considered necessary. The FEI Eventing Committee also reserves all rights to not accept the five star denomination request of any Organiser.

i) Dates must fit into the overall Eventing calendar, not clash with any major Event/Championship and be consistent from year to year in order to allow the other Events to position themselves in consequence.

j) Applications shall be sent to the FEI at the latest by July the year preceding the Event applied for.

Requirements:

k) Minimum level of prize money: €100'000 €125'000 for 2020 and 2021, € 150'000 by 2022.

l) Mandatory CCTV for public, Athletes, owners and the Ground Jury and for safety reasons.

m) An all-weather dressage arena is strongly recommended.

n) It is strongly encouraged that the OC appoints a Course Advisor, in consultation with the FEI and the Course Designer in charge.

Technical Standards:

o) 5* Dressage and Show Jumping
   - 11-12 minutes Cross Country / 6270-6840 m / 40-45 efforts
   - 5* Fence heights and fence technical standards

p) Risk Management: the fall rate at 5*Events to be included in the evaluation (100%) to

t) Risk Management: Yearly review (fall rate) of all 5* Events to be conducted.

u) All Events will be reviewed on yearly basis.

Note: Ranking points: same as 4* Championships in 2019.
Annex F Consultation with Athletes

1 Appointment of Athlete Representative

Prior to the Athletes’ first opportunity to inspect the Cross Country course every Organising Committee of an international Event must appoint an Athlete Representative from among the Athletes taking part in the Competition having first obtained that Athlete’s consent.

This Athlete Representative has the task of acting as a channel of communication between the Athletes and the Officials on any matter directly connected with the Event without in any way removing the right of any Athlete to speak to the Organising Committee, Technical Delegate, Ground Jury, or Course Designer. The name of this Athlete must be notified to the Athletes at the briefing if one is held or posted prominently on the Event notice board if no briefing takes place.

2 Chairman of Arbitration and Investigation Panel

The Organising Committee will appoint prior to the start of the Competition the Chairman of an Arbitration and Investigation Panel (see point 9 below).

3 First meeting of Athletes called by the Athlete Representative - 1st Horse Inspection

At the end of the day on which the First Horse Inspection is held there will be a meeting of all Athletes should they so wish to be called by the Athlete Representative. The Technical Delegate and representative of the Organising Committee should attend although not the Ground Jury unless specifically requested by the Technical Delegate, Organising Committee or the Athlete Representative.

4 Second meeting of Athletes called by the Athlete Representative - after 1st day of Dressage Test

If the Event is a Long Format Competition (CCI CCI-L) with two days of Dressage the Athlete Representative has the right, if there are any concerns amongst the Athletes, to ask for an Athletes’ meeting to take place at the end of the first day of Dressage to discuss major issues concerning the obstacles on the course and/or the distances of the course.

This meeting must be attended by the Ground Jury, Technical Delegate, Course Designer, and a senior representative from the Organising Committee (If there are no issues the Athlete Representative may advise the Technical Delegate who will contact the Organising Committee and the Ground Jury and cancel the meeting).

5 Meeting Minutes

At this meeting any such issues must be recorded in writing (the Technical Delegate & Athlete Representative have this responsibility) and the response of the Ground Jury also recorded in writing and signed by the President of the Ground Jury and the Athlete Representative.

6 Additional Athlete Representative

At this stage the Athletes may appoint two additional people (to join the already appointed Athlete Representative) as Athlete Representative’s to continue the discussions with the Officials and the Organising Committee. These additional two people can be anyone that the Athletes choose and do not necessarily have to be competing at the Competition.
7 Final Athletes Meeting of the Athletes before the Cross Country

A further and final Athletes’ meeting, attended, as before, by all the Officials and a representative from the Organising Committee, is now required.

Ahead of this meeting the written response by the Ground Jury to any written concerns of the Athletes raised the previous evening shall be given to the Athlete Representative’s. At this meeting any final briefing of the Athletes will take place.

If the Athletes are still dissatisfied with the decisions of the Ground Jury a vote will be taken. This should be a secret vote and the Organising Committee should assist the Athletes in conduct of the meeting. The issue to be voted on is “Do you accept the responses of the Event Officials, or should they be referred to the Arbitration and Investigation Panel for final decision?”

If a majority of the Athletes actually taking part in the Competition (50 percent plus one) so agree the outstanding issue(s) will be referred immediately to the Arbitration and Investigation Panel for a final decision against which there will be no appeal.

At this meeting any such issues must be recorded in writing (Technical Delegate & Athlete Representative responsibility) and the response of the Arbitration and Investigation Panel also recorded in writing and signed by the Chairman of the Arbitration and Investigation Panel and the Athlete Representative.

8 Athletes Briefing

The usual Athletes briefing on routine matters to do with last minute changes due to meteorological conditions, ground, etc must still take place on the evening before the Cross Country Test. In case of dispute on such issues, the procedure with the Arbitration and Investigation Panel is available for use.

9 Arbitration and Investigation Panel

The Arbitration and Investigation Panel will consist of three people appointed on the first day of the Event by the Organising Committee in conjunction with the Athlete Representative.

The Arbitration and Investigation Panel shall include: (a) a non-competing current or recent Athlete experienced at the level of the Event, (b) an FEI qualified Official, and an independent person experienced in the sport who is not involved in any way with the Event, e.g. an Organiser.

If such people are not available at the Event, after reasonable efforts to engage them, the Organising Committee, in consultation with the Technical Delegate and the President of the Ground Jury, must appoint an Arbitration and Investigation Panel of similarly experienced people likely to have the confidence of both the Athletes and Officials alike.

Any one of these three people can be appointed as President of the Arbitration and Investigation Panel. The President or a member of the Appeal Committee may be appointed to this Arbitration and Investigation Panel if suitably qualified.

10 Events with only 1 day of Dressage

At a Competition with only one day of Dressage it will be necessary to modify the above procedure. In these circumstances the above timetable may be compressed and/or certain steps omitted but the most important principles must be retained, i.e.:

a) Concerns and responses recorded in writing.

b) The opportunity for Athletes to vote if dissatisfied.

c) Final decision by the Arbitration and Investigation Panel, provided a majority of starters so request.
The above procedure for consultation with Athletes will not apply for Championships, Team Events, Young Riders or Juniors Events (Athlete Representative replaced by Chef d’Equipe)

NFs/OCs have two (2) options for the organisation of Indoor/Arena Eventing competitions:

Or

2. Organise the competition under National rules under the responsibility of the National Federation to enforce the below compulsory minimum requirements.

The following minimum requirements are mandatory:

   - Optimum time if competition runs over fixed obstacles
   - Against the clock: ONLY with knockable fences or hedges (min. 1/3 of the height of the obstacle)

4. **FEI Officials**: One experienced FEI Eventing Course Designer or FEI Eventing Technical Delegate

2 Prizemoney & expenses

At the discretion of the Organising Committee, however the principle of this Competition is a demonstration class and should not be considered a high level Competition

3 The FEI Eventing Rules for Horse Welfare / Risk management

FEI Rules in regards to Dangerous Riding, sanctions etc, apply.

4 Promotion of Eventing as Discipline

Commentators: it is recommended that commentators with experience in Eventing are involved during the competition to explain Eventing, video clips are available for big screen to show the “real sport” (outdoor, 3 disciplines etc).
