RECOMMENDATIONS FOR EQUINE AND HUMANS ATHLETES GOING TO PARIS

Humans

For all athletes and athlete support personnel going to the Paris 2024 Olympic Games, now is a good time to:

1. Take the dedicated e-learning "**ADEL for Paris 2024 Olympics**" available on **WADA's ADEL online educational platform** to understand what anti-doping will be like in Paris.
2. Review the "Pre-Arrival to-do list" in the **FEI Doping & Medication Control Guide for Paris 2024** and make sure all relevant action is taken.
3. Watch on replay the **International Testing Agency (ITA)'s 30 May 2024 webinar: "Olympic Games Paris 2024 Anti-Doping Program"** on the ITA's YouTube channel.

Remember:

Athletes are strictly liable for any prohibited substance found in their bodily sample collected during testing, regardless as to how it got there or whether they had any intention to cheat ("strict liability").
