# Coaching on FEI Campus

## Para Dressage

The Introduction to Para Dressage Coaching course project has been finalized and is now on FEI Campus. The course is open to anyone interested in finding out more about the discipline and coaching in general.

This course is a first trial for us to see how we might be able to implement theoretical modules of our coach education system online, as pre-course requirements.

We are in discussion with the FEI Education Department as well as our IT Team to see if FEI Campus is the best option based on our needs or if another IT solution should be considered.
