THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the Horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. General Welfare:

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and Competitions; additionally rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete; veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitutes a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares.

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

FEI Code of Conduct for the Welfare of the Horse

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and Competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injuries.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

4. Humane treatment of Horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, the Horse should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanised by a veterinarian as soon as possible on humane grounds, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

CHAPTER I GENERAL

Article 600 – INTRODUCTION

This document summarises and highlights key provisions of the FEI Qualification Systems for Jumping, Dressage and Eventing, as approved by the IOC. In case of incompatibility, conflict or divergence between the summarised key provisions of the FEI Qualification Systems in this document and a provision of the relevant FEI Qualification System, the relevant FEI Qualification System as approved by the IOC shall prevail. In case of incompatibility, conflict or divergence between the summarised key provisions of the FEI Olympic Competition Format in this document and a provision of the ORIS document, the ORIS document as approved by the IOC shall prevail, unless otherwise specifically agreed by the IOC.

This booklet sets out the rules and qualification procedures for the Equestrian Events at the Olympic Games. It must be read in conjunction with the Olympic Charter applicable at the time of the Olympic Games, FEI Statutes, FEI General Regulations (GRs), FEI Jumping Rules, Dressage Rules and Eventing Rules, and FEI Veterinary Regulations (VRs), FEI Anti-Doping Rules for Human Athletes, the World Anti-Doping Code and the International Olympic Committee Anti-Doping Rules applicable to the Games of the XXXIII Olympiad, Paris 2024 (collectively the "Human Anti-Doping Rules") and the FEI Equine Anti-Doping and Controlled Medication Regulations (EADCMR), all of which remain in force except where otherwise specified.

A separate document setting out the FEI Olympic Venue and Operational requirements is also applicable as a reference for the organisation of the Equestrian Competitions at the Olympic Games.

Not every eventuality can be provided for in these Olympic Regulations; therefore the FEI, acting through the FEI Secretary General (or a person designated in writing by the FEI Secretary General), shall be entitled to take any appropriate emergency decision or measure in order to ensure the running and completion of any of the Competitions. For the avoidance of any doubt, any such decision or measure can include, but is not limited to, appointing reserve Official(s), replacing Official(s), changing the composition of Ground Juries and/or Veterinary Panels (including reducing the minimum number of Ground Jury members or any other requirements), approving any appropriate and necessary deviation(s) to the FEI Statutes, FEI General Regulations, Internal Regulations of the FEI and Sport Rules.

The NOC(s) of the Composite Team(s) shall have a period of two (2) weeks to confirm to the FEI that they accept the quota place. If the NOC does not confirm the quota place, Article 625.6.1.2 below applies.

- 6.1.4 If the full quota of 16 teams has not been reached following the reallocation of team quota places as detailed above, the unused Athlete quota places (three (3) per team) will be reallocated as individual quota places. CHAPTER III – DRESSAGE

Article 627 – RULES FOR THE DRESSAGE COMPETITIONS

1. General

The Team Dressage Competition and the Individual Dressage Competition are conducted in accordance with the FEI Dressage Rules with the addition to specific regulations listed below. The tests are those of the FEI Grand Prix, the FEI Grand Prix Special and the FEI Grand Prix level Freestyle test respectively in force at the time of the Olympic Games.

Music

NOCs must provide the completed Music Submission Form in the form/format specified by the Paris 2024 Organising Committee/IOC for each of their Athlete's FEI Grand Prix Freestyle test when entering their Athletes via the Paris 2024 Sports Entries system.

2. Participation in Dressage Competitions

2.1. Teams

An NF/NOC having obtained eligibility and qualification according to Olympic Games eligibility and qualification procedure may enter a team composed of three (3) Athlete/Horse combinations with all three (3) results from the Grand Prix Special to count for the team classification.

2.2. Individuals instead of Teams

NFs/NOCs having obtained eligibility and qualification according to Olympic Games eligibility and qualification procedure to enter one (1) individual may enter such individual with one Horse each.

2.3. Reserve Athletes/Horses

One (1) Ap Alternate Athlete/ Reserve Horse will be permitted per directly qualified NF/NOC Team. See Article 609 above.

3. Competitions

3.1. FEI Grand Prix - Team and Individual Qualifier

The FEI Grand Prix test, in which all Athletes must participate, is the qualifying competition for the individual competition (FEI Grand Prix Freestyle) and the team competition (FEI Grand Prix Special).

Athletes compete in six (6) groups, with three (3) groups competing on the first day and the remaining three (3) groups on the second day. The composition of the groups are based on the [FEI World Ranking List position of the Horse in the FEI Dressage World Ranking List - Horses position of the Athlete/Horse combination](#) on the date of definite entries (see Dressage Rules Article ~~456417.3.1~~³)

Two from each group, plus the next best six (6) ranked Athletes (overall best results) qualify for the FEI Grand Prix Freestyle. If a qualified Athlete/Horse drops out, the vacant spot is filled by the next best ranked Athlete.

In case of a tie, the highest and lowest total scores for each Athlete will be added and divided by two, with the highest score deciding on the tie. If the tie cannot be broken, the second highest and second lowest total scores for each Athlete will be added and divided by two with the highest score deciding on the tie. If the tie is still not broken, the third highest and third lowest total scores for each Athlete will be added and divided by two, with the highest score deciding on the tie. If the tie cannot be broken, it will be decided by a draw.

³ FEI HQ Note: 25 January 2023: At the FEI General Assembly 2023, Articles 627.4.1.4 and 627.4.1.5 were updated to refer to the FEI Dressage World Ranking List – Horses as the reference point for determining the starting order of the FEI Grand Prix. The corresponding change was inadvertently not made to Article 627.3.1. This has now been corrected.

Chapter III - Dressage

All Teams receive a qualification ranking after the FEI Grand Prix by adding up the three (3) results per team. The top ten (10) ranked Teams (including those tied for the 10th place), qualify for the Team competition, FEI Grand Prix Special.

3.2. FEI Grand Prix Special (Team Final)

The FEI Grand Prix Special is the Team competition. The FEI Grand Prix Special is limited to and compulsory for the best ten (10) placed teams of the FEI Grand Prix, including those tied for 10th place. No individual Athletes are allowed.

If one Team drops out before the start of the competition, it is replaced by the next ranked Team up to two (2) hours before the start of the FEI Grand Prix Special. In the case where more than ten (10) teams qualify for the FEI Grand Prix Special due to a tie, if a team should drop out before the start of the competition, and ten (10) teams remain qualified, no additional teams will move up and participate.

A rest day to be scheduled, preferably between Competitions two (2) and three (3).

Substitutions: During the period between the Team Qualifier (Grand Prix) and up to two hours before the start of the Team Final (Grand Prix Special), the Chef d'Equipe may substitute an Athlete/Horse combination with the Ap Alternate Athlete/Reserve Horse. The provisions of Article 609.2 apply to all substitutions.

3.3. FEI Grand Prix Freestyle test - Individual Final Competition

The FEI Grand Prix Freestyle test is the Individual Final Competition which is open to 18 combinations qualified from the FEI Grand Prix, composed of the top two (2) combinations from each of the 6 groups and the combinations with the six (6) next highest scores (overall best of the rest).

In case a qualified Athlete/Horse combination drops out of the FEI Grand Prix Freestyle, the vacant spot is filled by the next highest placed Athlete/Horse combination (i.e. number 7) of the FEI Grand Prix to fill the number of combinations allowed up to two hour before the start of the FEI Grand Prix Freestyle.

- 4.1.6 During the above process of positioning the Athletes, if either or both of the criteria referenced in art. 4.1.3 (i) and (ii) cannot be fulfilled, the Athlete's position shall be moved to the next available position that fulfils those criteria. The next Athlete in the list will be

For any other placing, the teams are placed according to the combined Penalties and times of their three (3) Athletes who completed the initial round of the Team Final, respectively the combined times of their two (2) Athletes if the tie is among teams with only two Athletes who completed the round.

If there are no more than two (2) teams tied on Penalties for first place and there are teams tied on Penalties and time for third place, there will also be a jump-off against the clock for third place; this jump-off will take place before the jump-off for first place. Athlete/Horse combinations may fulfil the Minimum Eligibility Requirements according to any one of the provisions listed under paragraphs 1 – 4 below.

1. Team and Individual Competitions at Continental Jumping Championships and Games

1.1 Athlete/Horse combinations that have completed the first or second round of the team Jumping Competition at the FEI Jumping European Championship 2023 or Pan-American Games 2023 or other FEI Jumping Continental Championships for Seniors 2023 (provided the Continental Championship has the status of a qualifying Event for achieving the MER for the Olympic Games) with a Score of not more than eight (8) penalties.

1.2 Athlete/Horse combinations that have completed the Individual Jumping Final Competition at the FEI Jumping European Championship 2023 or Pan-American Games 2023 or other FEI Jumping Continental Championships for Seniors 2023 (provided the Continental Championship has the status of a qualifying Event for achieving the MER for the Olympic Games).

2. FEI World Cup™ Jumping Competitions

2.1 Athlete/Horse combinations that have completed the first round of three FEI Jumping World Cup™ Competitions conducted at a height of 1.55 m at:

- 4.2 Athlete/Horse combinations that have completed the first or second round of three Nations Cup Competitions conducted at a height of 1.60 m at CSIO5*(-W) outdoor Events with a Score of eight (8) penalties or less.

For the avoidance of doubt, Athlete/Horse combinations that need to achieve a minimum score in the first round of a Grand Prix Competition, FEI Jumping World Cup™ Competition or in the first or second round of a Nations Cup Competition in order to earn a Certificate of Capability may count the results obtained in the respective Grand Prix/World Cup/Nations Cup Competition towards the overall total of minimum results required.

For example, Athlete/Horse combinations with a score of four (4) penalties in the first round of one FEI Jumping World Cup™ Competition at 1.55 m, a score of four (4) penalties in the first round of one Grand Prix Competition at 1.55 m and a score of eight (8) penalties in the first or second round of one Nations Cup Competition at 1.60 m are considered to have fulfilled the minimum requirements for earning a Certificate of Capability.

5. Technical Specifications

- 5.1 Selected Nations Cup, Grand Prix and FEI Jumping World Cup™ Competitions must meet the following specifications:

The Composition of the course includes:

- Minimum 12 and maximum 14 obstacles;

- Approximately 50% of the efforts must be vertical obstacles and 50% must be spread obstacles (e.g. oxer, triple bar, Swedish oxer, narrow oxer etc.). Nevertheless, no more than 55% of the efforts may be vertical and no more than 60% of the efforts may be spread obstacles, including the water jump if there is one (NB: a water jump is compulsory in Nations Cup Competitions, refer to JRs Art. 264.3);
- Depth of cups for the top pole: minimum 50% of cups must have a depth of 18 mm, for special obstacle material cups may be shallower (refer to JRs Art. 208.6); depth of cups maximum 20 mm;
- A minimum course length of 400 meters with a minimum speed of 375m/min.

At least three of the following five obstacles must be included in the course:

- One triple bar;
- One wall;
- One narrow vertical or spread obstacle with frontal width between 2.50 to 3.00 m;
- One gate.

At least three of the following recommended criteria must be included in the course:

- Bend or straight line of up to six strides between two single obstacles;

- Double combination in a bend or straight line with an obstacle before or after at maximum seven strides;
- A related distance bend or straight line of up to eight strides leading to the triple combination or up to seven strides following the triple combination;
- One of the combinations must have a related distance (maximum seven strides) with an obstacle (before or after the combination) in a straight line.

Dimensions of the obstacles:

	Comp. at 1.55 m	Comp. at 1.60 m

Triple bar with minimum height/spread of:	1.50/1.90 m	1.55/1.90 m

For Nations Cup Competitions at CSIO4* Events, the above requirements relating to the compulsory four verticals of 1.55 m and three spread obstacles (excl. triple bar) with a minimum height/spread of 1.50/1.60 m take precedence over the requirement established in JRs. Art. 264.3.1 to have two verticals of 1.55 m and two spread obstacles (excl. triple bar) with a minimum height/spread of 1.50/1.60 m.

For Nations Cup Competitions at CSIO5* Events, the above requirements relating to the compulsory three verticals of 1.60 m take precedence over the requirement established in JRs. Art. 264.3.1 to have two verticals of 1.60 m.
