EQUESTRIAN CENTER IN TEMECULA PROPOSED AS NEW VENUE FOR LA28 EQUESTRIAN EVENTS

The Organising Committee for the Olympic and Paralympic Games in Los Angeles 2028 (LA28) has announced plans to move equestrian and para equestrian competitions to an existing purpose-built facility in Temecula, Southern California, emphasising sustainability, legacy, and fiscal responsibility in their decision.

The relocation of equestrian and para equestrian events, which were previously assigned to the Sepulveda Dam Recreation Area, will achieve significant cost savings by eliminating the need to construct an expensive, entirely temporary venue.

FEI SAFEGUARDING INITIATIVE AT THE FEI VAULTING CHAMPIONSHIPS, BERN (SUI)

The FEI will be running a Safeguarding initiative on **Tuesday 16 July 2024**, at the FEI World Vaulting Championships in Bern to raise awareness among the equestrian community on the importance of safeguarding. The aim of this initiative is to raise awareness and provide guidance as to what each one of us can do to ensure a safe environment for everyone involved in equestrian sport.

The initiative will be comprised of two activities:

1. An interactive presentation/workshop for Chefs d'Equipe, Coaches, Trainers, Lungers, Support Personnel and all FEI Officials from **10h30-11h30 in the Media Room**.
2. A Safeguarding booth for athletes, grooms and support personnel from **12h – 15h by the canteen**.

We strongly encourage everyone attending the FEI World Vaulting Championships to participate in this important initiative.

ASOIF GOVERNANCE REVIEW - FEI RECEIVES TOP TIER RANKING ONCE AGAIN

The FEI secured a top-tier placing in the fifth review of International Federation Governance conducted by the Association of Summer Olympic International Federations (ASOIF). This is the third time the FEI has earned a leading position after welcoming top classification in the previous two editions.

The evaluation was conducted by the ASOIF Governance Task Force. As is customary in this process, it took the form of a self-assessment questionnaire with independent moderation of the responses. The questionnaire consisted of the 60 measurable indicators equally divided among five sections: Transparency, Integrity, Democracy, Development, and Control Mechanisms. Some 32 International Federations took part in the review.

The FEI is one of the seven IFs – the others being the BFW (Badminton), FIFA (Football), ITF (Tennis), UCI (Cycling), World Athletics, and World Rugby – which, according to the review, “stood out from the rest” having secured at least 210 out of a maximum of 240 points.
