To Whom It May Concern:

As WEG 2018 draws nearer and we are all focused on the preparations necessary to ensure the horses who will be competing have the best chance of success, I wanted to share some updates and tips with you regarding the nutrition products and services that Kentucky Equine Research is providing as the Official Equine Nutritionist of the FEI World Equestrian Games® Tryon 2018.

- **International All-Inclusive Nutrition Package.** As you may recall, a selection of feeds from European manufacturers were made available as part of this package. While the deadline for pre-orders of feeds was July 2, due to some shuffling of horses among the teams, we have had some products become available. We now have varying amounts of feed and chaff products available from Dengie (Alfa-A Oil, Alfa-A Original, Hi-Fi Lite, Hi-Fi Molasses Free), Pavo (Daily Plus, Performance, Slobber Mash, Speedibeet, TopSport, and small amounts of other products), Lambey, Saracen, and Havens. In addition, we can accept orders for most Cavalor and Red Mills products as well as products from the U.S. brands (Hallway, KER Sport Horse Nutrition, Legends, and OBS) until August 15. Please contact me at Tryon2018@ker.com with any questions you may have regarding specific feed availability should you want to adjust your team’s feed order or selected nutrition plan.

- **HAYGAIN Hay Steamers Available for Use.** HAYGAIN North America has generously agreed to provide hay steamers to teams that wish to use one. To reserve a steamer for your team, go to https://tryon.ker.com/pages/haygain-hay-steamers and complete the form.

- **Feed for Travel and Quarantine.** Please plan to pack enough grain meals for your horses within their Peden flight bags to last them through the post-arrival quarantine period (see pg 13 of the Freight Manual). Hay will be available from Kentucky Equine Research during the quarantine. Haylage will be available from Kentucky Equine Research for use by those who pre-ordered haylage as part of the all-inclusive package. We will likely only be allowed one delivery prior to the barns being shut for the quarantine period. Therefore, we strongly suggest that a member of your
federation visit the feed office to order hay or haylage for your horses for delivery to the PAQ barns prior to the horses’ arrival. Alternatively, you may contact me at Tryon2018@ker.com to advise what type of hay or haylage and approximate quantities you will need for the PAQ period.

- **Updated Price List.** The A la Carte price list has been updated. The current list of products and prices may be viewed at https://tryon.ker.com/pages/a-la-carte.

- **Bedding.** The event organizers (TWEG) are supplying wood shavings for bedding, please visit http://federations.tryon2018.com (see National Federation Race Card) or contact Caitlin Lane (clane@tryonweg.com) with any questions or requests for wood shavings. Kentucky Equine Research is supplying alternate bedding types, including wheat straw and shredded cardboard by pre-order only. Pre-order specialty bedding at https://tryon.ker.com/pages/bedding.

- **Feed Importation Assistance Service.** Kentucky Equine Research is coordinating with Peden who will share the details submitted on each horse’s Annex E Packing List – Horse Feed with Kentucky Equine Research so that we may provide the necessary documentation for the importation of feeds transported on the horse flights. Peden has advised that nutritional supplements should be packed within your equipment trunks and listed by name on the Equipment Packing List. If you know that you will transport feed or haylage with your horses, please contact me at Tryon2018@ker.com to confirm this and provide the number of horses who will travel with feed for your federation. The importation assistance service is included for teams on the International All-Inclusive Package and will be invoiced at $150.00 per horse for those with A la Carte accounts.

We look forward to serving your team’s horses at the FEI World Equestrian Games Tryon 2018 and hope that you find the information provided above helpful. Should you have additional questions, please contact me at Tryon2018@ker.com or by phone at +1 859 873 1988 (office) or +1 813 312 4664 (mobile, WhatsApp).

Sincerely,

Eileen Phethean
IMPORTANT DATES

JULY 2
- Orders for All-Inclusive package taken. Requires selection of feeds, forages, and supplements.

AUGUST 1
- Payment for All-Inclusive package due ($500/horse)
- Deposit for À la carte accounts due ($250/horse)
- Orders and payment for specialty bedding (straw or cardboard) due
- Importation agency fee due

SEPTEMBER 1
- Feed & Bedding Office open for orders on venue
