FÉDÉRATION ÉQUESTRE INTERNATIONALE

Optimising Performance in a Challenging Climate
Advice for National Federations

The FEI Veterinary Department would like to remind you on how to best prepare and take care of your horses in hot and humid climates. This will be especially important in preparing horses for the FEI World Equestrian Games™ 2018 in Tryon. At the FEI Sports Forum 2018 leading international experts presented on the topic. You can view the full presentation **here**.

Moreover, the Guideline document Optimising Performance in a Challenging Climate can be found **here**.
