Education System for FEI Driving Officials

General Principles

The Education System for FEI Driving Officials provides a series of learning experiences that are based on the FEI Rules and Regulations and their application at international equestrian events. It aims at ensuring that all accredited Officials apply a consistent approach to Driving matters at all FEI events, keeping the welfare of the horse at the heart of their practice at all times.

The career pathway offered to FEI Driving Officials is gradual. It starts with a common core and follows with a progressive specialisation towards the various official functions and their associated levels. FEI Driving Officials are first listed as Level 1 Officials, (Judge, Steward, Course Designer and Technical Delegate) and may then complete the requisite training and seek promotion to higher-level functions.

National Federations are responsible for the number of Driving Officials needed in the country to develop the discipline of Driving. National Federations should designate a Judge, Steward, Course Designer and Technical Delegate to oversee the respective National Education Systems.

The National Federation has to submit a written application for a National Official to enter the FEI Education Pathway, this is also valid for National Federations with an Equivalency. The written application has to confirm that the applicant has fulfilled the requirements as set forth in this document. In the Transfer-Up process a National Federation has the right to object an applicant, with valid reason.

The FEI Driving Department normally accepts the applicants put forward by the National Federations provided that the requisite criteria are met, and/or unless exceptional circumstances warrant otherwise. Should such a situation arise, the FEI Driving Department will communicate its concerns directly to the relevant National Federation(s), and consult with them to reach a consensus.

FEI Driving Officials must maintain up-to-date knowledge of relevant FEI Rules, Regulations and horse welfare matters.

FEI Driving Officials' competence and performance are regularly evaluated, and their status is reviewed annually by the FEI Driving Department.

Minimum Requirements for Eligibility to become an FEI Official
