7. POINT SYSTEM

7.1 Points

Points may only be obtained by eligible teams in their own Region. In order to determine the list of NFs that qualify for the FEI Jumping Nations Cup™ Youth Final, the following point system will be used for all qualifying Competitions:

Placing	Points
1 st	100
2 nd	90
3 rd	80
4 th	70
5 th	60
6 th	55
7 th	50
8 th	45
9 th	40
10 th	35
11 th and beyond:	30

Points obtained by NFs in the FEI Jumping Nations Cup™ Youth qualifier(s) in their own Region are added together in order to establish standings for each Region.

Points are distributed according to the team's classification in the Competition. In case teams are placed equal with any other team during any of the FEI Jumping Nations Cup™ Youth Competitions, the points set forth above for the places in question are added and divided equally among the teams concerned, team(s) thereby obtaining its/their portion of the points. The second decimal place is rounded up from .005 and rounded down from .004.

Teams may earn points at all FEI Jumping Nations Cup™ Youth Events in their own Region but the maximum number of results to count per team is four.

Teams may participate in Youth CSIOs outside their Region, and in Youth CSIOs that are not included in the FEI Jumping Nations Cup™ Youth series, but may not earn points at any of these Events.

7.2 Overall Classification Tie Breaker

In case of a tie for any place on the overall Regional classification, teams are separated by:

- giving preference to the team with the greater number of first place classifications;
- in case there is still a tie the number of second place classifications will count and if necessary the number of third place classifications and so on until the tie is broken.

If after applying this method there is still a tie for any place at the conclusion of the last Event of the season, preference will be given to:

- the team with the greater number of clear rounds among the scores counting (i.e. maximum three scores per round per team) from each Competition throughout the season;
- if there is still a tie the scores counting (i.e. maximum three scores per round per team) for each team from each Competition will be added together and preference will be given to the team with the lowest overall score.

In case of a tie for a qualification place from Regions with only one qualifying Event, the following method will be used to break the tie:

- the team with the greater number of clear rounds among the scores counting in the Competition (i.e. maximum three scores per round per team);
- if there is still a tie the combined times of each team's best three athletes in the first round if the teams concerned have taken part only in the first round or both rounds if the teams concerned have taken part in the second round (i.e. the times of the three Athletes whose result counted in each round) will be used to break the tie, preference being given to the team with the lowest combined time.
