Education System for FEI Para Dressage Officials

General principles

The Education System for FEI Para Dressage Officials provides a series of learning experiences that are based on the FEI Rules and Regulations and their application at international equestrian events. It aims at ensuring that all accredited Officials apply a consistent approach to Para Dressage matters at all FEI Events, keeping the welfare of the horse at the heart of their practice at all times.

The career pathway offered to FEI Para Dressage Officials is gradual. It starts with a common core and follows with a progressive specialisation towards the various official functions and their associated levels. FEI Para Dressage Officials are first listed as Level 1 Officials, (Judge and Steward) and may then complete the requisite training and seek promotion to higher-level functions.

National Federations are responsible for the number of Para Dressage Officials needed in the country to develop the discipline of Para Dressage, endorse the application of National Officials, and follow up on their work during the year. National Federations should designate a Judge and a Steward to oversee the respective National Education Systems.

The National Federation has to submit a written application for a National Official to enter the FEI Education Pathway; this is also valid for National Federations with an Equivalency. The written application has to confirm that the applicant has fulfilled the requirements as set forth in this document. In the Transfer-Up process a National Federation has the right to object an applicant, with valid reason.

The FEI Para Dressage Department normally accepts the applicants put forward by the National Federations provided that the requisite criteria are met, and/or unless exceptional circumstances warrant otherwise. Should such a situation arise, the FEI Para Dressage Department will communicate its concerns directly to the relevant National Federation(s), and consult with them to reach a consensus.

FEI Para Dressage Officials must maintain up-to-date knowledge of relevant FEI Rules, Regulations and horse welfare matters.

FEI Para Dressage Officials' competence and performance are regularly evaluated, and their status is reviewed annually by the FEI Para Dressage Department.
