17 June 2011- Number 2

GENERAL ASSEMBLY

Definite Dates and Timetable

The dates for next FEI General Assembly in Rio de Janeiro (BRA) have been confirmed and are as follows: **11-14 November 2011**. The GA programme can be consulted [here](#).

The official invitation with the hotel information and hotel registration forms will be available on FEI Family the week of 18 July 2011.

---

EVENTING

2013 Eventing Rules Revision

The consultation process for the 2013 Eventing Rules revision is available [here](#).

---

DRIVING

FEI World Driving Championships and FEI World Equestrian Games

The first conclusions of the FEI Driving Committee regarding the format of FEI World Driving Championships and FEI World Equestrian Games™ can be found in the letter [from Richard Nicoll](#), Chair of the FEI Driving Committee.
2012 FEI Prohibited Substance List

Preparations for the 2012 FEI Prohibited Substances have begun with a first call for suggestions. The complete timeline for the process has been agreed by the FEI Bureau in order to allow the 2012 Prohibited List to come into effect on 1 January 2012.

All National Federations have until 7 July 2011 to submit suggestions/comments re the 2012 List. Shortly after that date a first draft of the 2012 List will be published for review. For any related queries, contact graeme.cooke@fei.org.

New agreed format for Medication Form 3

The Medication Form 3 provides written proof during an event of the use of Medication(s) not listed as prohibited under FEI Regulations.

Following suggestions made by FEI Veterinary Officials, the Medication Form 3 has been updated and is effective immediately. It is designed to be more practical to use, with the ability to record up to three substances on one form. The new Medication Form 3 format also includes a description of the responsibilities of the treating veterinarian and the FEI Delegate/Commission members who sign the form.

For any related queries, contact graeme.cooke@fei.org or dominique.rochat@fei.org

FEI Passports and Recognition Cards

The European Commission introduced Regulation (EC) No 504/2008 concerning the identification of equines which lays down criteria for national passport issuing bodies to issue national identification documents (passports) which meet the intent of the EU. Such national passports are termed “EU compliant.”

Outside the EU, the approach to FEI passports and Recognition Cards remains the same, but it is important that all National Federations are aware of the situation that now exists within the EU, and the guidance to EU National Federations for the issuing and use of FEI Passports and Recognition Cards post this Regulation.

Please read the following documents:

- Letter to EU National Federations
- Guidelines for National Federations
- Summary Q&A Table

Further updates may be issued over time during the transition period.

OLYMPIC SOLIDARITY
2012 FEI World Jumping Challenge Final - Call for Bids

NFs interested in organising the FEI World Jumping Challenge Final are kindly requested to contact jacqueline.braissant@fei.org
