EVENTING

National Qualification Requirements for Athletes and Horses in the FEI Database

Accordingly to the FEI Eventing Rules Art. 520, it is now possible for National Federations to specify on the rider/horse profile in the FEI Database that rider/horse meet the national qualification requirements (see image below). For further details, please do not hesitate to contact the Eventing department directly.

Technical Delegate Reports

The Eventing Department invites all Technical Delegates whose FEI reports exceed the maximum email size of 5MB to use the online transfer protocol (ftp://ftp.fei.org). The procedure can be found on the following page on FEI.org. Login details will be provided to the Officials concerned before the event.

Risk Management Seminar, Rome (ITA) 26-27 January 2013

The report of the 2013 Eventing Risk Management Seminar has been published on the FEI website.
**VETERINARY**

**List Group - Reminder for suggestions by 11 March**

Every year, the Equine Prohibited Substances List undergoes a review process by the List Group in response to scientific advances and information available. The revisions are published at least 90 days before the date on which they become effective.

The timeline of this review process has been agreed by the FEI Bureau and is available here. It is in line with the approach taken by the World Anti-Doping Agency (WADA) for human athletes.

We invite all National Federations, stakeholders, veterinarians, persons responsible or any member of the general public to present their suggestions for consideration during the review procedure in preparation of the 2014 Equine Prohibited Substances List. For any substances to be considered by the List Group, suggestions submitted must contain information regarding the person/Federation presenting the request, the substance, its usage/s or application, and specific reasoning.

The FEI Equine Prohibited List Suggestions Submissions Form for 2013 can be downloaded here and must be forwarded to Victoria Unt by 11 March 2013.
