EDUCATION & STANDARDS

FEI Clean Sport Toolkit

The FEI has created a Clean Sport “toolkit” aimed at helping National Federations and equestrian stakeholders to familiarise athletes and their support teams with equine and human anti-doping regulations and procedures. The toolkit, which serves as a preconfigured seminar, is available on an FEI Clean Sport-branded USB stick and contains:

- An FEI Clean Sport PowerPoint presentation
- An interactive “How Testing Works” document and video
- A glossary
- An interactive Clean Sport Quiz
- An “overview” video entitled “Anti-doping programme for all equestrian athletes”
- A human and equine athlete resource centre

The video “Anti-doping programme for all equestrian athletes” provides an overview of the main concepts of the FEI’s Clean Sport campaign in less than three minutes and is
available at the links below. This video is free of rights and can be posted on websites and used for education purposes.
