NEW FEI ONLINE BIDDING PLATFORM

We are pleased to announce that the FEI has launched a new FEI Online Bidding Platform for all FEI Named-Events.

The new improved bidding platform will provide Organisers and National Federations (NF) with a more user-friendly approach to the entire bid process. Through innovative features such as an easy to use filtered list of events, downloadable Bid Guides and Bid Application Forms, applicants can create profiles, save bid applications for future use, share draft bid applications with their relevant stakeholders and consult the status of their bid during each step of the bidding process.

NFs will also be able to receive automatic notifications once a bid application has been submitted, thus allowing them to review bids and confirm their support of the bid. This will allow National Federations to monitor and be more involved in bid applications from their Organisers.

For any questions regarding the new bidding process, please do not hesitate to contact the FEI via bidding@fei.org.

To access the New FEI Online Bidding Platform, follow the instructions on  :
